Good morning First Selectman Weik,

Thank you for the feedback regarding the proposed roundabout alternative at the intersection of Route 61 and Route 109 in the center of Morris. At this time, CTDOT is no longer pursuing the roundabout design based on the feedback we received. Moving forward CTDOT will further develop the design of the all way stop realignment alternative presented on May 6, 2025, at the Town Council Meeting. Once we have an updated design, we will coordinate with your office to discuss the scope of work.

In the meantime, should you have any additional questions or concerns feel free to reach out.

Thanks,

Joe Jazwicz
