Re: Petition 1686 – Greenskies Clean Energy LLC petition for a declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for the construction, maintenance and operation of a 4.99-megawatt AC solar photovoltaic electric generating facility and associated equipment located at 54 South Street, Morris, Connecticut, and associated electrical interconnection.

Dear Ms. Bachman:

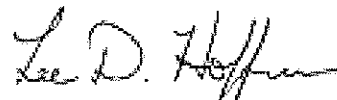

I am writing on behalf of my client, Greenskies Clean Energy LLC (“Greenskies” or the “Petitioner”), regarding the above-referenced Connecticut Siting Council (“Council”) proceeding. On August 11, 2025, Greenskies filed the subject petition. On February 2, 2026, The Council issued a Decision and Staff Report on the same.

On March 16, 2026, the Petitioner became aware that two project abutters were inadvertently omitted from the pre-filing notices contained in Petition Appendix N.2. The Petitioner had sent informal pre-filing notices to all project abutters in March 2025, as demonstrated in Petition Appendix N.1. Thus, all abutters were sent notice of the project prior to its filing. The attached Affidavit attests to project abutters having received notice of the subject project well in advance of the filing date.

Nonetheless, in an abundance of caution, the Petitioner has reached out and solicited comments from the abutters at 133 West Street and 86 South Street to be provided on or before April 27, 2026 and will summarize any concerns raised in a subsequent filing with the Council. Letters to those two abutters were transmitted today via overnight mail.

Should you have any questions regarding this filing please contact me or Kate Boucher of this office.

Sincerely,

Lee D. Hoffman

EXHIBIT A

AFFIDAVIT OF GABRIEL RUSK

I, Gabriel Rusk, being duly sworn, depose and state that:

1. I am over the age of eighteen years and understand the obligations of making statements under oath.
2. I am a Senior Project Developer of Greenskies Clean Energy, LLC (“Greenskies”), 127 Washington Avenue, West Building, Lower Level, North Haven, CT 06473.
3. Under my direction and supervision, Greenskies was responsible for the mailing of the March 2025 letters to project abutters. Consistent with Greenskies’ standard process, these letters were drafted in the format provided in Appendix N.1 in the above-referenced Petition, which is attached hereto as Exhibit B.
4. These letters were mailed to the project abutters listed in Exhibit C, provided herewith.

5 IN WITNESS WHEREOF, the undersigned has executed and delivered this Affidavit as of the date set forth above.

XXXXXX

My name is Gabriel Rusk, and I am with Greenskies Clean Energy in North Haven, CT. Founded in 2009, Greenskies has constructed and operates over 320 Megawatts of solar projects throughout the country. However, most of our work takes place right here in Connecticut.

I am reaching out to you because we are developing a 4.9 MW-Megawatt ground-mounted solar array at 54 South Street. We are in our early-stage development process which includes neighbor outreach. As a property located near the project site, we would like to offer an opportunity to address any questions or concerns you may have about the project.

For reference, I have included a concept plan of the project. Please feel free to contact me at any time if you would like to discuss the project in greater detail. Thank you for your time.

Kind Regards,

Gabriel Rusk
