

**MORRIS INLAND WETLANDS COMMISSION  
COMMUNITY HALL  
MORRIS, Ct. 06763**

Received April 12, 2021 Laura Halloran Town Clerk
--

April 2021

The regular April 8, 2021 meeting was called to order by the chair at 7:00 pm in the Community Hall. Present were Connie Trolle, Clif Wheeler and Mike Doyle; Giles Giovinazzi joined the meeting by zoom (864 9787 5052). Also present was Richard Polzello (in the room) and Dennis McMorrow and Margueritte Mains by zoom.

The minutes of the regular February 11, 2021 meeting were accepted as written. There was no March meeting.

### **Old Business**

There was no old business.

### **New Business**

Application 21-02 was received from Taylor Pottbecker and Matt Ross to construct a driveway at 238 East Shore Road. Also submitted was a site plan dated 4-6-21 by Berkshire Engineering *Septic System Design*. Dennis McMorrow explained that this plan is basically the same as previously approved in Application 18-01 for Viltrakis, and reviewed by Cynthia Rabinowitz. The septic design is different, and the house changed slightly. The addition of a detached garage behind and upslope of the house raised questions of additional runoff, and Mr. McMorrow explained that as before all runoff from above the driveway will be collected by the driveway swale and directed to the collection area above the wetland. Noting that the proposed design is essentially the same as that previously approved, on a motion by Connie Trolle, seconded by Clif Wheeler, it was **VOTED** unanimously to approve this application.

Application 21-03 was received from Richard Polzello to repair stone walls, landing and ramp at 19 Van Winkle Road. Mr. Polzello explained that the damage had occurred during the winter and may have been made worse by poor construction. The work had been done on Application 14-481 to a design by Dirk Sabin. It was suggested that walls at the lake edge should not be vertical but sloped. Mr. Polzello said that repairs would be made with more care. Since the maintenance of existing structure is covered in the regulations, on a motion by Connie Trolle, seconded by Clif Wheeler, it was **VOTED** unanimously to approve this application.

Application 21-04 was received from Kurt and Karyn Heneveld for a 16x32-foot inground pool at 4 Esthers Lane Extension. A sketch shows the pool between the house and the brook, with no other detail. The plan has not been reviewed by TAHD. There was brief discussion regarding receiving an incomplete application. The statute says that the application is to be received at the meeting, receiving the application starts the clock. The property owner will be asked for more information.

April 2021

**Other Business**

Connie Trolle reported that she received a complaint from Margueritte Mains regarding a swim float moored by her neighbor in front of her property. Mrs. Mains explained that her neighbor was unwilling to move the float. She was told that unfortunately the regulations do not address this.

The complaint of runoff from 160 Island Trail will remain on the agenda.

There was no other business and the meeting was adjourned at 7:35 pm.

Respectfully submitted,
