

The Town of Morris is happy to announce we will be participating in the CSA Shares of fresh food through Hungry Reaper Farm located in Morris. This program is for Morris residents only. Full shares are a weekly selection of in season produce for 18 weeks from June through October. A half share is simply a share received every other week rather than each week. Each half share will receive 9 pickups throughout the growing season. Shares will be determined by size of household. If you are interested in participating in the program or know someone who is in need of assistance, please contact Laurel Gillotti, Social Services Coordinator in the First Selectman's office at 860-567-7430 or selectmen@townofmorisct.com.
