Resource List – There is an issue with the mapping system. Ginny is in contact with the GIS folks. The NRI document is complete except for some formatting. Ginny is meeting with them next week. Dawn and Judy should be able to help with the formatting.

The natural resource reporting form (survey) is ready but the navigation out of the last page needs to be checked since we submitted an edit to include an exit button.

Ginny will email the document to all of us for review as soon as she receives it.

5. New Business

- **Sustainable Connecticut: no update**
- **The Earth Day Nature Celebration** will be April 24, 2022.
 - Handing out wildflower seeds. Linda has purchased 1 lb of bee garden seeds and 1 lb of bird and butterfly garden seeds. Also small kraft coin envelopes and biodegradable labels. Judy designed two label with planting instructions. Linda has entered the labels to a test template. The next step is to bring the labels to the town hall for printing. 250 bee, 250 bird.

 - Ginny mentioned that FALPS will have a build your own box, woodworkers will be building hiking poles and the trackers will bring footprint display boxes.

- **BCC section of town website**

Judy created a robust sample BCC section for the town website. Don will review it with the town IT person to decide how to move forward. Future discussion will address compatibility with the town site, colors, logos etc. and who will maintain it in the future.
