Town of Canaan

Proposal to connect remaining homes to fiber optic internet.

April 3rd, 2023. 7pm.

Survey Information

- The results of this survey are based on the responses of 97 residents from Falls Village.
- If there will be instances where the total percentages total more than 100% to account for the questions which had the ability to choose more than one answer. The percentages for those questions reflect the number of people who checked each response.
- The purpose of the survey is to provide the BOF, BOS and Frontier some guidance on what needs to be explained in more detail, and to answer questions from community members.
- Questions and responses were based on replies to the questions posed via Facebook and FV Community emails.
- THANK YOU for participating

Frontier Options

- Provides high speed fiber optic internet
- Phone through Frontier is an additional cost.
- Does not provide TV services cable or streaming required per personal preference at additional costs.
- Does not provide cell service
- Because Frontier has connected all of our unserved areas, every home in town will have the ability for Wi-Fi calling at home, which provides phone service through the internet even where cell service is unavailable.

Is the reason you would sign up for Frontier fiber service because the monthly cost would be less, or do you need fiber to run your business or home?

/ , -	36.08%	Yes, if cheaper, I would sign-up
/-	1/4.43%	I would sign-up for Frontier because I need the higher speed to efficiently run my profession/household.

•	2.06%	"Not sure if I would, depends on several factors/ Undecided"
•	1%	"This is not a relevant question to a community equity issue"

Were you aware the town is eligible to apply for State grants for fiber installation to help fund this project?

No date has been set for the grant cycle but expected payouts are 2024, 2025 and remainder in 2026.

- 47.7% YES
- 36.9% NO
- 10.8% MAYBE
- 1.5% "100% grant"
- 1.5% "Of course, the better question is when and at what % likelihood would FV actually benefit from such grants".
- 1.5% "This is a leading question. Is the town prepared to provide a financial guarantee on funding availability and eligibility".

Do you feel we should wait a year before discussing this? To both see how Frontier performs and outcome of State grant funding?

<i>i</i> / /	
· /60.4%	Yes - wait a year then regroup
1 2.08%	No - we should do it now.
21.97%	No - we should not do it at all at taxpayer expense
• 4.12%	"Not enough information to decide or don't know"
• 1%	"We should be more organized, proposal constantly changing, should have been negotiated better"
• 1%	"This should be fully investigated regardless of how long it takes"
• 1%	"This does not seem to be urgent, from what I have followed in public discussion. Would like to see what funding is available and what Frontier provides."
• 1%	"I am happy with my Comcast".
• 1%	"I am torn between answer 1 and 3 above"

• 1%

"Would like to know more about grant opportunity - How specific is it, what strings attached.

it. I wouldn't delay the project but would look to grant money for reimbursement".

There was fed grant specific to Broadband, but it ran out practically before anybody knew about

"Do not support just because of the reputation of Frontier in general"

"Undecided where I stand"

Questions for the Board of Finance, Board of Selectmen and Frontier – page 1 – Additional Bids...

- Was a bid requested from other companies?
- If not, why not?
- Can we get quotes/bids from other companies?
- Why didn't we shop around like Sharon and are just having Frontier shoved down our throats?
- Why aren't we waiting (1-2 years is fine) to get at least three competing bids from other providers?
- Why is Frontier the only company providing a bid?

Questions for the Board of Finance, Board of Selectmen and Frontier – page 2 – Why pay Frontier?

- •/Why should a small town pay for the costs of installing the lines for a fiber network. Frontier grossed 5.8billion during 2022, they can surely front the cost to run THEIR lines for something that will increase their profits.
- Why is Frontier asking the town to pay when many citizens do not need the service?
- Why are we still discussing this? It is Frontier's product, they should foot the bill entirely. Why should we as taxpayers, subsidize a large corporation?
- In one meeting Frontier said they wanted us to be the first small town that they help, then they should be installing the whole town for free/themselves.
- Why should taxpayers pay to support Frontier?
- Why are we even considering funding a for-profit company?
- How can you possibly justify giving tax money to a for-profit corporation when we don't even need a faster internet service in town?
- Why are we paying for this? If they want to install the service and profit via fees, let them install at their expense.
- Why do we need to fund a for-profit business and why are they trying to use scare tactics of not stringing lines to get \$\$. If Frontier wants to make more money, they will try to get every household in time, without any cost to the town.

Questions for the Board of Finance, Board of Selectmen and Frontier — page 3— Why not wait, etc.

- * Why would we pay for something we already have or can already get high speed internet? It will eventually be standard and installed for free.
- Why aren't we waiting to apply for funding to help defray the cost?
- What is the rush? Wait a year and let their reputation prove itself.
- Is there a specific reason that urgency has been placed on funding the project now as opposed to waiting for grant possibilities?
- Is there a significant savings offered by acting now or a significant penalty imposed by not doing so and pursuing grants?

Questions for the Board of Finance, Board of Selectmen and Frontier – page 4– For the Selectmen

- Why weren't all the facts presented? Why has the actual cost not been presented properly?
- Can a clear list of facts, not opinions, be generated and provided to all residents so that a fact based decision can be made by each resident?
- Why would the First Selectman sign a non-disclosure agreement with the company? He is supposed to represent Falls Village. Isn't that a red flag given Frontier's reputation?
- Why does this process profoundly lack transparency?
- I would like honest answers to questions from the Selectmen.
- Why are we even considering Frontier at this stage of the game? It has been botched since day one and contrary to what the First Selectman and EDD want to tell you, it is not a fantastic deal.
- Why are we even considering a company with a lousy reputation that has not provided a straight forward proposal?
- Why have our Town Leaders not made it clear and shared publicly that our EDD made \$134,000 as a consultant for Northwest Connect? Does the EDD stand to make money off of this deal?
- Why do this when high speed internet is already available? What is the need?
- What are other towns in our Region doing?
- Would the town be willing to spend the money on anything else?
- Specific ways we will benefit from this? Any downside to this?

Questions for the Selectmen, Board of Finance and Frontier – page 5 – For the Selectmen...and BOF

- /How many homes on the excluded list already have high speed internet that they are satisfied with?
- How many houses on the excluded list that Frontier is requiring us to pay for, are committed to signing up for Frontier?
- Why raise taxes? What is the effect on the Mil rate?
- None of this is a necessity Why do we have to pay for wants?
- Will the citizens of Falls Village have the final say on this proposal? What are our rights in this decision?
- Will absentee ballots be available for residents who are out of town?
- Will this issue be brought to a town vote, if yes, when?
- How will this cost be financed?

- What is the added tax burden per \$1.00 we pay?
- Approximate cost for an average household? Projected real cost to residents?
- The latest exact coverage proposed and the cost.
- What will be the anticipated tax implication per household in dollars relative to each \$1000 paid in property taxes?

Questions for Frontier – page 6

- Why do the number of homes keep changing?
- A complete (detailed) explanation of exactly why homes are excluded and how \$350,000 cost to include them is calculated.
- /Why/is the cost for 11 +/- miles the same as the cost for 5+/- miles?
- Why are certain parts of town excluded when equally remote/populated areas are being provided?
- \checkmark If we don't authorize the funds for the excluded homes, will Frontier still be available for those with access to it and want it?
- If so, when? Keep calling and its not available yet.
- Is Frontier free to residents?
- Will Fiber improve my service? Why would I switch from Comcast? Just how fast is the proposed speed?
- What are the costs to residents from lowest speed to best speed offered/per month?
- After the \$39.99 teaser price expires, now much will internet cost per month?
- Is the \$39.99 offer still available?
- How long do we have to wait for Frontier service?
- Will homes currently served by Comcast continue to have phone/TV/Internet?
- Is Frontier upgrading Canaan Mountain regardless of town vote because they received a grant?
- What is the cost per foot to hook up a house more than 500 feet from the road?
- Please provide greater clarity on the cost/process to hook up residences.
