Call to order

Meeting called to order at 12:35 by Henry Todd.

Discussion – Solar Project and location:

Site walk and discussion ensued concerning where solar array was depicted on overlay map provided by Greenleaf Solar, as well as alternative locations on the property that may be better suited to minimize the impact on the future use of the property by the Recreation Commission.

Three alternative locations were identified by this group: the capped landfill, the wood chip pile, and the hillside behind the former location of the house that was originally on the property. It was discussed that the locations would be presented to the representative from Greenleaf for their input on the appropriateness and feasibility of the locations.

Meeting adjourned at 2:28 on motion by Marlowe, seconded by Barger; unanimous.

Respectfully submitted by Greg Marlowe, Selectman
