Dear Dave and Chris,

Plans are underway to hold the 14th Falls Village Car & Motorcycle Show on July 14th this year. On behalf of the Falls Village Car and Motorcycle Show committee members, I would like to request that the Town allows us to once again close the roads downtown to designate that area to parking of show vehicles and to use town property for parking and other activities. We will continue to be sensitive to the residents in the Village center to make this as unobtrusive as possible for them. We are very fortunate that the residents have been so supportive of this event.

The past three years the proceeds have gone to the Housatonic Valley FFA, each year raising over $14,000 for that organization. They have applied the funds to their various programs, including their electric car project. They have also donated some of the proceeds to the Falls Village Volunteer Fire Department for all the help the Fire Department does at the Car Show. Other organizations in our town have organized activities during the show and it has become an important fundraising opportunity for them as well. Overall, it has become a great source of fundraising while showcasing our little town in such a positive way.

We hope that the Board of Selectmen will once again support the Car Show and enable us to continue with this popular community event.

Thank you for your consideration.

Sincerely,

Judy Jacobs

Re: 21st Annual Tour of the Litchfield Hills
Sunday, August 4, 2024

Dear Mr. Barger:

On Sunday, August 4th, The Cancer Care Fund of the Litchfield Hills, Inc. will sponsor the 21st Annual Tour of the Litchfield Hills, a charity bicycle ride and walk to benefit the Cancer Care Fund of the Litchfield Hills, Inc.

The event will originate at Coe Park in Torrington. The routes pass through the Towns of Litchfield, Goshen, Norfolk, Canaan, North Canaan, Salisbury, Sharon, Washington, Warren, Morris, and Cornwall. In your town, the Tour will use Route 7, Under Mountain Road and Route 63.

This event is a charity ride - not a race. The bicycle riders will be reminded that they must observe the rules of the road. No roads are to be closed. There will be several rest stops along the way as well as support vehicles to assist riders who experience mechanical difficulties. We expect to draw roughly 1,200 riders for this event. The web site for the event is www.tourofthelitchfieldhills.com.

The Connecticut Department of Transportation requires that the Tour obtain from your legal Traffic Authority written authorization for this event. Attached please find a draft letter authorizing the Tour to pass through your Town. Please scan (mnpde@outlook.com) or mail (Dr. Matt Pagano, 179 North Main St, Winsted CT 06098) or fax (860-379-3373) this form to us by Thursday, April 11, 2024.

If you have any questions, please contact me at (cell) 860-307-7523 or (office) 860-379-3372. Thank you for your assistance in this matter.

Sincerely,

Matthew Pagano

Good morning David,

We pray that you are getting off to a good start today, knowing that every day is an adventure in town government. Anyway, I am getting started on plans for the National Day of Prayer event in Falls Village on Thursday, May 2 this year, and want to be sure that we will be able to use the Town Green at noon on that day? Last year we were driven inside by the rain, but hopefully, the weather will cooperate this year. But even if the weather had been good last year, the Green had not been mowed yet, and was not in good condition for gathering. If possible, could you let Tim Downs know that it would be appreciated if the Town Crew could get it mowed beforehand this year? I don't think that it was in Henry's mindset to do that during his tenure. Let me know, too, if you and Carmela will be able to participate, and I'll get back to you with options for readings or prayers. I look forward to having a 1st Selectman there for whom prayer is important to our Town! God bless - Chuck
Good afternoon Dave,

I am reaching out to let you know that Eversource has submitted a request to the Connecticut Siting Council requesting approval to work four (four) 24-hour days as well as three consecutive Sundays on the transformer assembly and testing at Falls Village Substation, Canaan CT.

Eversource Energy is requesting Siting Council staff review and approval for extended work hours over four consecutive days, each of 24 hours at the Falls Village Substation. This portion of work, during the week of April 8 to April 12, is necessary to allow the contractor (TLS) to conduct the transformer vacuum and oil processing procedures which consists of 24-hour monitoring and record keeping of oil temperatures and vacuum pressure. This will consist of a 2-man crew staying onsite overnight to take readings. There will be no additional changes or impacts during the 24-hour workdays.

The three consecutive Sunday workdays, with hours, from 8:00 am to 7:00 pm, on April 14, April 21 and April 28 will allow the transformer to be continually monitored, condensing the transformer assembly and testing timeline in an effort to release the temporary transformer from Falls Village for use at a contiguous project.

Please let me know if you have any questions regarding this request. My colleague Tracey Alston will be able to update you on this work at our upcoming meeting as well.

Best,

Tim

DATE: March 18, 2024

As we enter this year's elections cycle, it is critical that we are ready to support the election process and the people who are vital to that process. Therefore, this year's Governor's Emergency Planning and Preparedness Initiative (EPPI) Statewide Exercise will focus on convening the municipal Unified Command, to include local Information Technology, Town Clerk, and Registrars. The municipal Unified Command should review the local emergency operations plan, the municipal elections contingency plan and consider several potential scenarios that could affect the security of an election, including physical security, natural disaster, and cyber incidents. This exercise is a collaborative effort with the Secretary of the State, and other federal, state, and local partners.

As in previous years, the same exercise will be offered in two sessions, to accommodate both career and volunteer municipal officials: The exercise will be held in the morning and evening of June 12th. This early date will allow municipalities and state agencies to enhance their planning and preparedness activities based on the gaps and best practices identified during the exercise.

More information will follow as we get closer to the exercise date. If you have any questions or if you require any additional information regarding the Governor's EPPI, please contact DEMHS via e-mail at demhs.eppi.questions@ct.gov.

DATE: March 21, 2024

SUBJECT: Final Undesignated Fund Balances for Fiscal Year 2022-2023

The final audit of Region One has been officially completed. Financial results for the fiscal year ended June 30, 2023 reflect year-end undesignated fund balances of $97,994 for HVRHS, $412,467 for Pupil Services, and ($411) for the Regional School Service Center (RSSC). These totals, which include the Board of Education retaining 2% of the high school budget to be placed in the Capital Maintenance Reserve account according to Connecticut General Statute, will be utilized to reduce the current year’s net expenses in accordance with Section 10-51C of the Connecticut General Statutes. EQUAL OPPORTUNITY EMPLOYER
Policy Clarification Regarding the Transfer of Funds within Departmental Budgets

**Recommendation:** If an amount is requested to be transferred within sub-lines of a department (e.g. 1001 Selectmen Expenses, #1002 Town Hall Expenses etc.) that does not exceed 15% of the department’s budget total and will not over spend the department’s total budget amount, then the transfer can be authorized by the Board of Selectmen with subsequent notice to the Board of Finance at their regularly scheduled monthly meeting. Such adjustments will be reviewed in summary by the Board of Finance at the end of the fiscal year for discussion or reconciliation as needed. Transfer requests within a department’s sublines exceeding 15% of the department’s budget total require Board of Finance approval, with the exception of the Road Maintenance department #3001 and Fire Commission department #2001 which can transfer up to 60% of funds within sublines of those departments due to seasonal flexibility and emergency needs.

For an emergency/critical circumstance requiring immediate budget action, spending exceeding this 15% limit may be authorized by unanimous Board of Selectmen vote, with subsequent timely notice to the Board of Finance for review and approval.

Public Comment by Stephen Koshland at Selectman Meeting April 8th, 2024.

With the success of the Town Hall sign being accomplished at last month’s meeting, I would like to continue and move to the replanting of the trees cut on the Falls Village Inn property. If we are looking for a way to cover the cost of the trees, there is the option to attach it to the 35 Railroad Street sale.

Since we are on the topic of trees and budget season, we should look at the towns line item for tree removal. The loss of the ash trees locally will become a larger burden to the town. I took down 18 along the road on Music Mountain last year and it was $14,000. So I just want to make sure we are looking at increasing that budget line item.

Can there be more than one tree warden in the town?

If we are also looking at taking down trees and that line item in our budget, why isn’t there a line item for planting trees? I think that our POCD states that the community would be in support of such a town action.

There was a forestry committee established in 2021. Could they be part of these discussions and tree related issues in the community?

Lastly, I also feel that it is important for us to look at increasing hours of the town hall. Half days on Thursday and closed on Friday is not helpful to our community and town operations. I think we should also consider maybe one day a week being open after 5 or even open for a few hours over the weekend to meet the needs of working families and our weekend community.
