June 11, 1968

Mr. Stender came early and signed the checks as he had a Regional School Building Committee meeting. Mr. Vance came for the meeting. Mr. Henry Robinson came on other business and stayed, discussing various planning commission problems. It was decided to join with the adjoining towns in the Community Action Agency. The meeting was adjourned until June 27, 1968 at 6:00. At this time all the bills will have to be paid for the year and another meeting night will be set as Mr. Stender will have to be attending the Regional School meetings and they are both on the same night.
