

SELECTMAN'S OFFICE

Durham, Connecticut

June 13, 1967

The Selectmen met at the Town Hall and held their meeting while making voters. They paid the bills and discussed a future town meeting concerning resolutions about the Metropolitan Water Study Committee and the Town of Wallingford's purchase of land in Durham. Mr. Stender also suggested a Study Committee be appointed at the same meeting to study a Historical District in the Town of Durham. This was sent to Hartford as a bill, but never was voted on at the last session. Mr. Strickland and Mr. Konafal came and discussed Dump problems. The Selectmen also went out and looked over the road condition at the corner of Maple Ave. and the Town House Road.

Shady C. Winkley
Clerk
