

SELECTMAN'S OFFICE

Durham, Connecticut

July 29, 1965

The Selectmen were making voters so I went up to the Town Hall at 7:00 to have them sign checks on the correspondence and pay the bills. They agreed to send a letter telling Mr. Thorpe that, in answer to his letter concerning his bees at Whites, they would have to talk it over with the Conservation Commission and also it would depend on who leased the land. The new road that is to be built by the State, going to Wallingford, was also discussed.

Stacy C. Wink
Clerk
