

SELECTMAN'S OFFICE

Durham, Connecticut

August 10, 1965

The Selectmen met and paid the bills. They discussed an article that was in the Shoreline Times regarding Subdividers building old town roads and we will send a copy to Mr. Adorno. Mr. Stender suggested that we send a letter to the Recreation Committee asking them how they had made out this summer and what they are going to do this winter and need for next summer.
