

SELECTMAN'S OFFICE

Durham, Connecticut

August 13, 1970

The Selectmen met and paid all the bills except one and the clerk is to check on that particular one.

They voted to have the Recreation Committee contact the Regional Board of Education concerning making land available for two tennis courts near the present courts on town owned land, between the Korn School and the Main Street School.

A motion was made that the Selectmen meet with the Conservation Commission and the Recreation Committee as soon as possible to discuss the Miller Pond situation.

The Community Banking Co., Durham Office, The Conn. Bank and Trust Co. and The First Federal Savings and Loan Asso. of Madison, Durham Branch, were named as town depositories.

The Clerk was instructed to contact the State regarding the Gypsy Moth situation. Some sections of the town were badly infested this spring.

The bills for the weekend of the Rock Festival in Middlefield cost the Town of Durham \$ 3,165.45 and the Selectmen are to take them to the Board of Finance for approval before calling a Town Meeting. Also the sum of \$ 1,833.30 was over expended in Highway and must be approved by the Board of Finance to go to the same Town Meeting for approval. This was accepted from State Aid Funds in the 1968-1969 year but was not spent until the 1969-1970 year, therefore it must be approved again by the Town.

The Selectmen went over the different roads in Town that need Street lights. They decided on the following locations; Old Farms Rd. and Coe Rd., Tri-Mountain Rd. and Howd Rd., Pent Rd. and Parmelee Hill Rd., Indian Lane and Parmelee Hill Rd., Clementel Drive and Linmar Drive, Rt. 147 and Cherry Hill Rd., Guire Rd. and Maiden Lane, Johnson Lane and Maiden Lane, Haddam Quarter Rd. and Maiden Lane.

The Selectmen voted to abate the balance of taxes that remained on the three parcels of land purchased for Open Space. This is the only way to remove the amounts from the Tax Collector's books. This must be approved by our Town Counsel.

They adjourned at 9:30.
