SELECTMAN'S OFFICE

Durham, Connecticut

September 11, 1968

The Selectmen met and paid the bills. They discussed the Committee to Study the Historical District in Durham and will bring in names to the next meeting. They voted to allow the Durham Fair Assoc. to close the Town Road for the fair.

They reappointed Mr. Russell Eick to the Building Code of Appeals and Mr. Robert White to the Conservation Commission.

Mr. Roger Newton came and discussed the new lighting system that the Selectmen are going to have installed and the first year the additional lights will be placed at dangerous intersections. All the lights on Main Streets are going to be upgraded at no extra charge to the Town.

They discussed again placing the Sabbath House on the green and really aren't in favor of this but are going to place the subject on the call of the next Town Meeting and let the Townspeople decide. Mr. Stender had to leave to attend a Fair Meeting. The subject of Building Fees and a new Building Officer will be brought up again at another meeting.
