

SELECTMAN'S OFFICE

Durham, Connecticut

September 13, 1966

The Selectmen met at the office of the First Selectman. They paid all the bills. Then Mr. Pearce came and there was a discussion about the Firemen spending money that they weren't appropriated. They will receive a refund from the government but the Selectmen felt that to spend this refund, they would have to have authorization from the Town of Durham. Mr. Pearce was going to report back to the Fire Dept.
