SELECTMAN'S OFFICE

DURHAM, CONNECTICUT

October 14, 1971

The Selectmen met at the Town Hall and paid the bills. The new lights have been installed. One of the old lights is to be installed in the stairway and batteries are to be placed in the auxiliary light in the entrance.

They discussed oiling the Cemetery Road and agreed to do it. Then they authorized Mr. Wimler to continue getting the town trucks ready for winter. Prices were received for equipment for the trucks to plow snow. They voted to reject the snow plowing bid that was received from the Vynalek Bros. as it was two high.

The Clerk is to write a letter to the Republican Women's Club to thank them for painting the Town Hall. She is also to start a separate checking account for the Social Security Fund. The Library Board is also depositing their Social Security money in the fund so that one check may be sent from the town.

They agreed that the present Jury Committee of Mrs. Richard Parmelee, Mr. Robert Coe Sr. and Miss Hazel Burr be reappointed if they are agreeable.

Mr. Wimler reported that the Chairman of the Planning & Zoning Board, Mr. Wm. Churchill, had been threatened with bodily harm by Mr. Menga because of the denial of Mr. Menga's gravel permit. Mr. Wimler notified the Westbrook Barracks at the request of Mr. Churchill.

They adjourned at 9:30.

Gladys C. Wimler
Clerk
