SELECTMAN'S OFFICE

Durham, Connecticut

November 24, 1969

The Selectmen met while making voters and paid a few late bills. Mr. Stender made a motion that we have an agenda at future meetings and that anyone who has any business to be attended to, call the Clerk so that she can list it to be discussed.

The Selectmen met with the Durham Development Commission November 17, to discuss bringing industry to the town. It was agreed that until the Comprehensive Plan is completed, not much can be done.

Concerning the new member of the Development Commission, the Chairman of the Commission agreed to discuss it at their next meeting and then send the name to the Selectmen.

Gladys C Wright
Clerk
