SELECTMAN'S OFFICE

Durham, Connecticut

December 12, 1967

The Selectmen met and paid the bills. Mr. Grier came and talked about the street lights again. They were agreeable with his plan and now he will return with a complete detailed plan to present to the Board of Finance.

Mr. Vance mentioned that the Stop Sign at the intersection of Oak Terrace and Haddam Quarter Road is missing. He also mentioned that the bank at the corner of Tuttle Road and Wallingford Road needs to be cut down for a better sight line.

Mr. Stender reported everything is all set for the State Highway to give their approval to changing the road at the corner of Haddam Quarter and Main Street. The Clerk was instructed to call Mrs. DeNunzio to place a reminder in the paper concerning the removal of cars left in the Town Road during a storm and also concerning the shoveling of sidewalks after a storm.

Gladys C. Wink
Clerk
