Regional School District #13
Board of Education
Attn: Mrs. E. Heyl; Chairman
Durham, CT 06422

Dear Etzie:

This is the formal request from the Town of Durham to amend our representation on the Regional School District #13 Board of Education.

We, the Board of Selectmen of Durham, request that the Board of Education invoke Connecticut State Statute 10-47c and initiate the necessary proceedings.

The Town of Durham now has a population of 5,200⁺. This meets the prime criteria for increasing Durham's Board of Education representation. As you know, the Census of 1990 will eventually trigger the necessary authority for additional Durham Board membership. We feel this is not fair to Durham--to wait almost half a decade is not reasonable.

The Board of Selectmen offers its aid to the Regional District Board of Education in hopes of an expeditious conclusion to this request.

Respectfully,

Charles R. Mauro
