

Town of Durham
Complete Streets Committee
Thursday, February 12, 2026 7:00 P.M.
Durham Community Center room 2

Received 2/13/2026
2:41 PM Jodi Moore, ATC

Minutes February 12, 2026

Present: R. Anderson, L. Bulion, N. Roberts

There was no quorum and no business was conducted. L. Bulion, chair, provided the following updates for informational purposes to be discussed at the next meeting of Complete Streets that has a quorum present.

- a. The Traffic Cam Public Hearing is on February 23 at 730.
- b. Trolley Trail multiuse path update: L. Bulion states that R. Newton, town planner, talked to the DEEP about the proposed placement of the trail and was told that the trail cannot be at that location in order to protect wetlands. Ms. Bulion stated that R. Newton will be discussing options with the town engineer, Brian Curtis. Since the connection to Durham affects Middlefield's plan, L. Bulion stated she is working on convening a meeting with Jen Huddleston from Durham and others actively working on the project.
- c. School Zone update: No update. B. Jubelirer continues to follow.
- d. Bike rack update (*Town Hall*, White's Farm, Post Office, Community Center (2), Pickle Ball courts): No update. L. Bulion will talk with B. Rea again about installation and get an inventory of the bike racks.

Respectfully Submitted,

Rebecca F. Anderson

Secretary
