

Lake Weed Management Committee

Tuesday October 14, 2025

Join Zoom Meeting <https://us02web.zoom.us/j/84584897637> Meeting

ID: 845 8489 7637

Call to order at 7:00 by Chairman Mark Harris

1. Approval of Minutes for August 12, Simon Ellis, 2nd by Chris Kennavane and approved.
2. Woodridge Lake: Weeds are bad, still breaking the surface. Fishing is bad. 58 degrees water temp. Broad Leaf, both invasive and native. How to fight one without affecting the other. Treatment for fall is Tribute to be done by Pond & Weed.
3. Dog Pond Lots of weed growth. A treatment is to be done this fall by Pond & Weed. Hydro raking to be done this spring. Water clarity is good. Westside Pond 4th treatment this fall for Variable Milfoil using Sonar. Pond Weed is a problem, and they have had limited results. They used Clipper to thin out Large Leaf and will wait to spring for results They have a two-year permit but must replace endangered species before further treatment.
Tyler Lake Three treatments this year with Sonar. Found liquid is much more effective than granular. Limited results, with no effect on Pond weed. They did 5 days of Hydro raking on Lilly Pads with great results. Plan more next year with them and hope the removal will help with our bog problem.

4. Meeting Calendar for 2026: April 14, 2026 / May 12, 2026 / June 9, 2026 / July 14, 2026 / August 11, 2026 / September 8, 2026 / October 8, 2026

Meeting is to be held in the Town Hall Conference Room and by Zoom
Meeting Adjourned at 7:22. Motion bt Simon, 2nd by Chris and approved

Respectfully Submitted

Mark S Harris

In Attendance: Michele Fitzpatrick, Simon Ellis, Pat Flynn, Joe Welsh and Chris Kennavane.
