Fall 2025

From the First Selectman

As we approach the final days of this summer season, we look forward to the fall season here in Goshen. In May and June, we had multiple referendum votes on the Region 20 School Budget. The new Region 20 Superintendent Dr. Jeffrey Villar to produce an acceptable budget, which was passed by split decision, Litchfield and Warren voted to pass and Goshen and Morris voted reject the budget, but the majority had the votes. Passing a \$42,744,083.00. The break down is shared below to keep you updated on Goshen's cost of the overages.

Last issue, I reported that our new tipping fee cost starting July 1st, 2025 will be \$136.00 per ton. I currently sit on the Northwest Hills Council of Governments Solid Waste Committee. Our hard work to take control of the Torrington Transfer Station from the MDA (MIRA Dissolution Authority) is to be seen, MIRA transferred all contracts to DAS (Department of Administrative Services). DAS will have until September 30th before the sale of the Transfer Station or hand it over to the NWCOG. So please, recycle and don't throw metal by-products in your garbage container. It's heavy and it makes our cost go up. The first Friday of the month is for bulk waste to be picked up from refrigerators, freezers, tires to scrap metals.

I continue to apply for grants; we just received a \$1.5 million dollar grant for the West Hyerdale Bridge project. It's an 80/20 split. We pay only 20%.

Number one complaint is speeding; the State Police will be conducting speed enforcement throughout the town. Please drive safe.

Number two complaint is Black Bears: Please watch your kids as they play.

With gratitude,

Todd M. Carusillo
First Selectman

PUBLIC WORKS DEPARTMENT

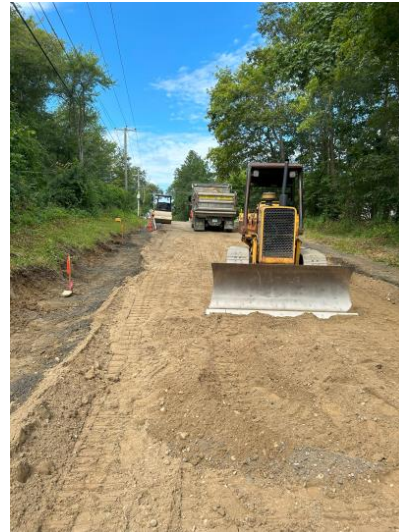

The Public Works Department strives to help improve the appearance and maintenance of Town roads and property. This could not be done without the hard work of the of public works staff.

NEW STONE WALL ORDINANCE*

Town Ordinance Title 73, Ordinance Concerning Highway Boundary Stone Walls has been enacted. The ordinance is posted on the Town website ordinance page for review. A permit must be applied for at the Public Works Department (permit is also available for download on the Public Works page of the Town website) prior to performing any work on, the relocation of, or the removal of, a highway boundary wall lining Town or State roadways within the limits of Goshen. If you have any questions, or would like to apply for a permit please contact the Public Works Department at 860-491-6029 or by e-mail at publicworks@goshenct.gov.

CAPITAL AND ROAD IMPROVEMENT PROJECTS

This summer season Public Works has continued working on road improvements with drainage repairs to Bently Cr., East St. North and Hagman Shean Rd. Town Hill Rd., Ives Rd., and Brush Hill Rd. along with installing drainage and rebuilding Bare Hill Road. High materials prices continue to make this a particular challenge. We will continue drainage projects on select roads into the fall, including Gray Lane. We have contracted with an engineering firm to prepare a bridge condition assessment for all Town owned Bridges and culverts 6 feet or greater. From this assessment we will then create a repair, replacement, and funding source plan.

DPW staff working on drainage and road base upgrades.

DRIVEWAY ORDINANCE AND PIPE MAINTENANCE

Title 18, the Town of Goshen Driveway Ordinance Concerning the Construction of Driveways, including temporary access driveways on Town roadways. The ordinance also covers the maintenance of driveways. A permit must be applied for at the office of Public Works prior to the start of construction of a new driveway, or the repaving, re-grading or drainage improvements being performed to an existing driveway, if any of the proposed work is to take place in the Town right-of-way. A cash bond will need to be posted by the property owner or contractor performing the work. The bond amount will be calculated at the time of application based upon the probable cost of the work to be performed in the right-of-way. There is no permit fee for a driveway application. Please see Ordinance Title 18 for more information or contact Public Works at

860-491-6029 or by email at publicworks@goshenct.gov with questions or to apply for a permit.

Additionally, the ordinance requires that property owners with a cross pipe under their driveway or other drainage system, to maintain it in a functional condition. Please perform the inspection and cleaning out and of your drainage pipes to allow for the free flow of water part of your fall property cleanup. Thank you for your cooperation in this important matter.

UPCOMING MAINTENANCE AND PROJECTS

The Public Works Department will be regrading the dirt roads in the coming months to ready them for winter. Additionally, leaves will be blown from the roadside ditches to keep them clear to allow for the flow of water after the ground freezes. Please **do not deposit leaves or any other materials in the roadside ditches as the Town does not pick up leaves.** The ditches need to remain clear to effectively drain water away from roads and properties. Brush and vegetation clearing from Town owned right-of-ways is an ongoing project. This work is performed to keep clear sightlines along roads and to keep vegetation with accumulated snow loads from hanging into roadways, creating a hazard to motorists. Additionally, the department has started the tasks associated with mechanically readying our fleet of trucks and heavy equipment for the upcoming winter season.

FALL/WINTER SEASON SAFETY

Although the Public Works Department is careful about their surroundings while plowing and treating the roads, please be aware when you are in proximity of these working vehicles, especially due to their limited rear-view vision. Rear view blind spots can extend back 100' on

a truck. Please give us sufficient room to work and assume the driver does not see you! We all thank you for your cooperation on this important matter of safety. **Additionally, please make every effort to keep your trash and recycling totes off of the edge of the roadways for the safety of roadway users.**

WINTER SAND FOR RESIDENTS

Starting in November, winter sand is available to Goshen residents only, and in small quantities. It will be located at the Public Works garage next to the red barn at 38 Torrington Road. Be noticed the sand pile is monitored.

MAILBOX DAMAGE

The Public Works Department is not responsible for damage to mailboxes unless one of our vehicles directly inflicts damage to the mailbox. **Should snow or debris damage the mailbox as a result of plowing, the Public Works Department is not responsible for replacement or repair.**

Re: Sequence of Events for Construction of Dwelling, Addition, Pool or Accessory Building in the Town of Goshen

Spring is on its way and many residents are planning summer projects. Please be advised that dwellings, additions, barns, garages, decks and **EVEN “COVER-IT TYPE SHEDS” ALL REQUIRE ZONING PERMITS.** The Zoning Regulations, Town Ordinances and Land Use applications are all available online at www.goshenct.gov. For your convenience, the Town of Goshen has adopted online permitting for the submittal of land use permit applications. Paper applications will no longer be accepted. To use the PermitLink online permitting program, you must first create a login account. Once your login account is created, you can use it for all land use and building permit-related applications you may wish to submit.

Here is a summary of the various steps involved for obtaining the required approvals:

1. For a new house have a soil scientist flag any wetlands on the lot and have an engineer/surveyor develop a site plan that shows the proposed house, driveway, sewer line or septic system, well location and any wetlands or watercourses located by the soil scientist. Contact Torrington Area Health District at (860) 489-0436 for a list of soil scientists.
2. For a new house obtain approval from the Torrington Area Health District for the proposed septic system and well location. Lots inside the Woodridge Lake Sewer District and RA-1 Zone, require approval from the Torrington Area Health District for the proposed well and a Sewer Connection Permit from the Woodridge Lake Sewer District Administrator, (860) 491-3474. If there is a septic system on your lot, the Health District must approve all additions, decks, and accessory buildings. The Health District has a separate pool application permit that must be obtained for all new swimming pools. Contact Jessica Cranney, Sanitarian, at Torrington Area Health District at (860) 489-0436.
3. Obtain an Inland Wetlands Permit from the Goshen Inland Wetlands Commission for any

work proposed within 100' of a wetlands or watercourse (the regulated inland wetlands areas.) The Commission regulates construction, filling, and removal of materials within the regulated wetlands and watercourse area. Contact Spencer Musselman, Zoning and Wetlands Enforcement Officer on Tuesday or Thursday mornings between 7:30 a.m. and 9:45 a.m. at 491-2308 ext. 232. The Inland Wetlands Commission meets the first Thursday each month at 7:15 pm, Goshen Town Hall. Applications should be submitted one week prior to a meeting.

4. Obtain a driveway permit from the Highway Supervisor, Garret Harlow at (860) 491-6029 for all new driveways and repairs to driveways. The Town's driveway regulations are contained in the Town's driveway ordinance that was recently revised. Mr. Harlow also assigns addresses on new houses.
5. Obtain a Zoning Permit from Spencer Musselman, Zoning and Wetlands Enforcement Officer, for proposed houses, additions, decks and accessory buildings including “cover-it” garages. The required zoning setbacks for the WL - Woodridge Lake Zone are 20' front and rear and 20' on the sides (75' from the lake.) Lots in the RA-2 and RA 5 Zones are 50' front and rear, 30' setback on the sides (75' from Tyler Lake, Dog Pond and Westside Pond.) The RA-1 Zone requires a 50' front and rear yard setback and 20' on the sides. Pools, decks and accessory buildings all require Zoning and Building permits and must meet the minimum zoning setback requirements. Maintenance sheds under 150 square feet can be built in all zones no closer than 10' from side and rear property lines (Woodridge Lake Deed Restrictions require a minimum of 20'.)
6. Obtain a Building Permit from Chris Zibell, Building Official. (860) 491-2308 ext. 231. Please use the Town's new on-line building permit application system. Mr. Zibell is available on Tuesday and Thursday mornings, 7:30 a.m. to 10:00 a.m.

Save the Date for the first ever GCC Community Family Dinner!
More details to come.

Honoring Barbara O'Leary

Barbara O'Leary was a founding member of Goshen Community Care and a highly dedicated volunteer for nearly 40 years. Hospice service and care was a cause near and dear to Barbara's heart.

Goshen Community Care has a close working relationship with **Visiting Nurse and Hospice of Litchfield County**. In honor of Barbara, we are gifting a **\$1,000 donation** to this organization. This gift will provide countless residents with at home nursing and hospice services during their time of need, which is exactly what Barbara would prioritize during her time with us at GCC.

We are grateful to Barbara and her family for their many years of support. Goshen Community Care remains dedicated to continuing to honor her legacy through our ongoing work with the community.

SPECIAL THANKS to all of the volunteers who helped make our GCC Water Sale Fundraiser at the Goshen Fair a success this year! We are so grateful for your help and support of GCC!

The Goshen Good Neighbor Fund, Inc. P.O. Box 492 Goshen, CT 06756

History and Mission

The Goshen Good Neighbor Fund, Inc. was formally established as a nonprofit 501c (3) corporation in 1977 by a group of Goshen Connecticut residents who came together to raise funds for a Goshen family that was experiencing a financial emergency. Through this small group's efforts, fundraising initiatives, and desire to have funds on hand to assist other residents of Goshen who might find themselves in similar financial emergency circumstances, **The Goshen Good Neighbor Fund, Inc. (GGNF)** has been perpetuated since that time.

We are humbled by your generosity to help ensure perpetuation of our mission and support of our neighbors. We are thankful for the donations small and large made by residents and individuals, local businesses, our church communities, grant monies received from local agencies, matching corporate gift programs, regional and state charitable organizations, and special event fundraising events sponsored by local proprietors and civic councils.

The Goshen Good Neighbor Fund, Inc. board is comprised of Goshen residents, all volunteers, who operate within the established statement of purpose and the by-laws of the organization. Funds are distributed on a per case basis as needs become known and are handled expeditiously with the utmost respect for confidentiality and dignity. Repayment is never requested or sought from the recipient.
