Application Review Process:

The Town reserves the right to use its judgement to select grantees that best meet and advance the goals of this program. Grants will not be awarded on a first-come, first-serve basis. The Town reserves the right to revisit applications and request additional information. All grant awards are subject to conformity with federal requirements

Funding Considerations:

If there is substantial interest in this program, available resources may not be sufficient to meet the needs of all applicants. In such a case, the town will need to make difficult choices among many worthy and needy businesses and non-profits and has designed a selection process to prioritize entities that most align with the town's goals for the program. The town will also assess how to best use subsequent 2022 ARP funds if there is significant interest in this program.

The Town reserves the right to discontinue or modify requirements and funding for the program. Please note that filling out an application for the program does not imply that funding for the applicant is available or that the applicant is automatically approved.

The Town of Litchfield has the right to reject the Small Business Relief Program application or terminate any agreement if an applicant is found to be in violation of any conditions set forth in these guidelines or intentionally provided misleading or incorrect information. The Town reserves the right to adjust the conditions and parameters outlined in these guidelines.
