BABY BONDS
Building a brighter future

YOUR CHILD COULD HAVE $3,200 INVESTED IN THEIR FUTURE.

If your child was born on or after July 1, 2023, and their birth was covered by HUSKY HEALTH, they are automatically eligible for CT Baby Bonds.

CT Baby Bonds gives children whose birth was covered by HUSKY HEALTH an opportunity to build wealth. Connecticut is the first state in the country to create a program like this. The Office of the Treasurer will invest $3,200 for each of these children. Eligible beneficiaries can access the funds anytime between age 18 and 30, at which time the investment is estimated to be worth between $11,000 and $24,000.

That money can be used for any of the following:

- Buy a home in Connecticut
- Start or invest in a Connecticut business
- Pay for education or training
- Save for retirement

Parents of eligible children DO NOT need to enroll or apply. Eligibility is automatic for those who meet the criteria.
