Face Painting: After thinking in depth about the face painting, I can not come up with a safe way to do it with covid. I did a little research though and found we could do individual temporary tattoos and have bottles of water and cut sponges to keep everything individualized and safe/sanitary. If everyone is okay with that then we can do temp tattoos instead of face painting. I even found lots of cool variety tattoos! Let me know,

thanks,
Jessie MacDonald

The tattoos sound almost as good as face paintings to me Jessie and John.

Wagon rides: Have contacted Laura and Karl Riva, as long as Carl does not have his knee operated on and everyone wears a mask they will do wagon ride

Vendor market for children: Maribeth has reported that she has at least 3 children's clothing vendors. Maybe fire truck rides

Some kind of music and more kids activities : It's okay to have a story hour at the library and a book sale. I would also like to Have Zaney Janey and Looney Lisa.
