

Office of the Registrars of Voters
Patricia Keilty
Rosemary Keilty

To: The Office of the Selectmen, North Canaan

In an effort to bring the office up to date and comply with all state laws and regulations, we write to inform you that we are amending current practices.

Pursuant to State of Connecticut statute, Registrars of Voters are required to maintain regular, posted hours of service to voters.

After a poll of surrounding towns in the Northwest Corner, we have determined that most offices maintain Wednesday hours. The ability to confer with other towns regarding registration, practices, and procedures is important. Therefore, effective immediately the office will be open every Wednesday from 10:00 A.M. until 12:00 P.M.

Should the hours change in any way or for any reason, registrars are required by law to post the change 10 days in advance.

At least one registrar will be present during these hours. This will have a budget impact of eight hours per month.

The hours will be posted on the office door, the town's website, and any other social media that the town deems appropriate.

Thank you for the support that you have shown for our efforts to serve the community.
