Dear M_____

You have been receiving a 500 per vehicle assessment for your *Description*:_____ based on having a unregistered motor vehicle on the Grand List that is more than 20 years old.

Due to a change in Connecticut General Statutes under Public Act 22-118 and June Special Session Public Act 24-1, all motor vehicles, registered or unregistered, must be assessed based on a declining percentage of its original MSRP. The only exceptions are those vehicle owners who qualify for a reduced assessment under CGS 12-71(b).

If you wish to receive a 500 assessment on the _____, please complete the attached form and return it by Date:_____. Either include a photo with the application or email me a photo of the vehicle.

Thank you for your cooperation.

Sincerely,

Mary Hawley, CCMA II
Assessor

Assessment Reduction for Classic and Antique Motor Vehicles

Section 12-71(b) of the CT General Statutes provides for a reduced assessment for antique, rare or special interest motor vehicles, whether registered or unregistered.

C.G.S. §71(b): "Except as otherwise provided by the general statutes, property subject to this section shall be valued at the same percentage of its then actual valuation as the assessors have determined with respect to the listing of real estate for the same year, except **that any antique, rare or special interest motor vehicle, as defined in section 14-1, shall be assessed at a value of not more than five hundred dollars. The owner of such antique, rare or special interest motor vehicle may be required by the assessors to provide reasonable documentation that such motor vehicle is an antique, rare or special interest motor vehicle, provided any motor vehicle for which special number plates have been issued pursuant to section 14-20 shall not be required to provide any such documentation.** The provisions of this section shall not include money or property actually invested in merchandise or manufacturing carried on out of this state or machinery or equipment which would be eligible for exemption under subdivision (72) of section 12-81 of the 2008 supplement to the general statutes once installed and which cannot begin or which has not begun manufacturing, processing or fabricating; or which is being used for research and development, including experimental or laboratory research and development, design or engineering directly related to manufacturing or being used for the significant servicing, overhauling or rebuilding of machinery and equipment for industrial use or the significant overhauling or rebuilding of other products on a factory basis or being used for measuring or testing or metal finishing or in the production of motion pictures, video and sound recordings.
