Minutes from January 17, 2024 meeting were approved by unanimous consent.

Maura Newell Juan of 72 Architects was present for this meeting. A discussion ensued by the committee regarding the upcoming town meeting scheduled for Wednesday February 21, 2024 at 6:00 PM and planning for who will attend from the committee and others. Maura will be in attendance to answer any questions, provide back ground on the current state of the building plans and prepare a simple visual for a presentation, if needed.

Don brought up the need for office space for Park & Rec. and possibly Social Services. The committee discussed the needs and where the best fit would be for either of these town services. Nothing was decided and the issue will be discussed during the planning and design program.

The entire committee agreed that the building should be named the Sherman Senior Community Center.

The meeting was adjourned at 7:40 PM

Respectfully submitted,

Karen Cardillo, Chairperson
