General Items		Reference Code
A.	None.	
I.		
Clarifications		Reference Code
B.	Bidder Questions	
1.	Question: Are we required to wire the carts, or is delivery/assembly only required? Response: Responsibility includes, procure, deliver, assemble, and deliver into the rooms as indicated on the drawings..	SI
2.	Question: For Eaton line item 2, the description appears to contain an error. Can you please confirm the correct description/specifications? Response: The part number is correct – the description is “Eaton 9PX Gen 2 120V Stepdown Transformer, Input: L6-30P, Outputs: (18) 5-20R, 3U Rack/tower, 3ft. cord.	SI
3.	Question: For line item 5, can you please provide a full summary of what the installation and coordination requirements consist of? Specifically, will all equipment be installed on one rack, or will there be multiple racks? Response: The full summary of work is detailed in specification 28 0507.23 - UNINTERRUPTIBLE POWER SUPPLIES. The locations of the UPSs are depicted in drawing IT-200.	SI

4.	Question: For the rack equipment, is rack-and-stack the only service required? If not, please clarify what additional installation, configuration, or coordination is required. Response: The full summary of work is detailed in specification 28 0507.23 - UNINTERRUPTIBLE POWER SUPPLIES. The locations of the UPSs are depicted in drawing IT-200.	SI
5.	Question: For the Apple and Dell equipment, will you accept alternative products that meet or exceed the listed specifications? Response: No.	SI
6.	Question: For the printer, is inside delivery required? Response: Yes, including unpacking, deliver to room indicated by BOE IT department, and trash removal.	SI
7.	Question: For the monitors, are we responsible for installation? Additionally, is installation required for the 3D printer? Response: Yes, including unpacking, deliver to room indicated by BOE IT department, and trash removal.	SI
8.	Question: For the Bambu 3D printer, what specifically is required for installation? Is it limited to unboxing and initial setup, or are there additional installation/configuration requirements? Response: Include procurement, delivery, unpacking, deliver to room indicated by BOE IT department, initial setup only, and trash removal.	SI
9.	Question: Please confirm whether installation is required for the Dell monitors and, if so, what the installation is expected to include. Response: Include procurement, delivery, unpacking, deliver to room indicated by BOE IT department, initial setup only, and trash removal.	SI
10.	Question: Can you please verify what dollar amount or percentage is required for the bid bond? Response: Reference response B., I. Provided under Bidder Questions included with Addendum No. 2.	SI
