ARTICLE 1 DEFINITIONS

§ 1.1 Quotation Documents include the Quotation Requirements and the Proposed Contract Documents. The Quotation Requirements consist of this Invitation and Instructions to Vendors for Quotations, any quotation forms and supplementary instructions identified therein, and Addenda. The Proposed Contract Documents consist of the unexecuted form of Agreement between the Owner and Vendor and that Agreement's Exhibits, Drawings, Specifications, all Addenda, and all other documents enumerated in Article 7 of these Instructions.

§ 1.2 Definitions set forth in A151-2019, Standard Form of Agreement between Owner and Vendor for Technology, or in other Proposed Contract Documents, apply to the Quotation Documents.

§ 1.3 The term "technology" is expressed as technology throughout this Invitation and Instructions to Vendors for Quotation.

§ 1.4 Addenda are written or graphic instruments issued by the Architect, which, by additions, deletions, clarifications, or corrections, modify or interpret the Quotation Documents.

§ 1.5 A Quotation is a complete and properly executed proposal to do the Work for the sums stipulated therein, submitted in accordance with the Quotation Documents. The Work means the all of the Vendor's performance obligations as set forth in the Proposed Contract Documents.

§ 1.6 The Base Quotation is the sum stated in the Quotation for which the Prospective Vendor offers to perform the Work described in the Quotation Documents, to which Work may be added or deleted by sums stated in Alternate Quotations.

§ 1.7 An Alternate Quotation (or Alternate) is an amount stated in the Quotation to be added to or deducted from, or that does not change, the Base Quotation if the corresponding change in the Work, as described in the Quotation Documents, is accepted.

§ 1.8 A Unit Price is an amount stated in the Quotation as a price per unit for FF&E, or a portion of the Work, as described in the Quotation Documents.

§ 1.9 The Prospective Vendor is the party who is invited to submit a quotation pursuant to this Invitation and Instructions to Vendors for Quotations.

§ 1.10 Bid Security: Vendors must provide a bid bond representing five percent (5%) of the Vendor's total bid amount. [Addendum No. 2].

ARTICLE 2 PROSPECTIVE VENDOR'S REPRESENTATIONS

§ 2.1 By submitting a Quotation, the Prospective Vendor represents that:

- .1 the Prospective Vendor has read and understands the Quotation Documents;
- .2 the Prospective Vendor understands how the Quotation Documents relate to other portions of the Project, if any, being quoted concurrently, or presently under contract;
- .3 the Quotation complies with the Quotation Documents;
- .4 the Prospective Vendor has visited the Project premises, if required in the Quotation Requirements, and correlated the Prospective Vendor's observations with requirements of the Quotation Documents;
- .5 the Quotation is based upon the FF&E required by the Quotation Documents without exception; and
- .6 the Prospective Vendor has read and understands the provisions for liquidated damages, if any, set forth in the Proposed Contract Documents.

§ 2.2 PreBidder Prequalification: School construction projects receiving state grant assistance are subject to Chapter 60, CGS § [4b-91](#)(a). Under this statute, any contract estimated to cost over \$1,000,000 must be awarded to a bidder prequalified pursuant to CGS § [4a-100](#). If a trade package is estimated under \$1,000,000, but the actual bid exceeds \$1,000,000, the trade contractor must be prequalified with DAS in order to perform work on the project. It is the actual contracted value, not the initial estimate, that determines whether the bidder prequalification is required under the law.

§ 5.3.2 Unless otherwise prohibited by law, the Owner shall have the right to accept Alternates in any order or combination, unless otherwise specifically provided in the Quotation Documents, and to determine the lowest responsive and responsible Prospective Vendor on the basis of the sum of the Base Quotation and Alternates accepted.
