TOWN OF WINCHESTER – CITY OF WINSTED

Town Hall – 338 Main Street

WINSTED, CONNECTICUT 06098

January 27, 2023

Honorable Mayor Todd Arcelaschi

Members of The Board of Selectmen

Town Manager Joshua Kelly

Citizens of the Town of Winchester

The Finance Department is pleased to transmit the Annual Comprehensive Financial Report (ACFR) of the Town of Winchester for the fiscal year ended June 30, 2022. The report includes the independent auditors' report as required by the Town Charter and the Connecticut Statutes. The report is prepared in conformity with Generally Accepted Accounting Principles (GAAP) and standards set forth by the Governmental Accounting Standards Board (GASB).

State law requires that every general-purpose local government publish, within 6 months of the close of each fiscal year, a complete set of audited financial statements. This report is published to fulfill that requirement for the fiscal year ended June 30, 2022.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based on a comprehensive framework of internal control that has been established for this purpose. The internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met, including producing financial statements that are free of any material misstatements. The concept of reasonable assurance recognizes that the cost of internal control should not exceed the anticipated benefits.

King, King & Associates, CPAs have issued an unqualified opinion on the Town of Winchester's financial statements for the fiscal year ended June 30, 2022. The independent auditor's report is located at the front of the financial section of this report.

State and federal "single audits" were also performed as required by state and federal law, respectively. The purpose of these audits is to determine whether the Town of Winchester complied with the laws and regulations and applicable compliance requirements of the major state and federal assistance programs, and whether the Town maintained controls to assure compliance.

GAAP require that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). The MD&A is designed to complement this transmittal letter and should be read in conjunction with it. The Town's MD&A can be found immediately following the report of the independent auditors.

The Town of Winchester is an equal opportunity provider, employer and lender.

Profile of the Town of Winchester

The Town of Winchester, located in Litchfield County, is a political subdivision located approximately thirty miles northwest of Hartford in the watersheds of the Farmington and Naugatuck Rivers. It is bordered on the north by the Town of Colebrook, on the south by the City of Torrington, on the east by the Town of Barkhamsted, and on the west by the Towns of Norfolk and Goshen. It covers a land area of approximately thirty-four square miles. What is commonly referred to as the City of Winsted is located within the Town of Winchester, but there exists no separate government or other political distinction (the terms “Winchester” and “Winsted” are used interchangeably by area residents). Winchester was first settled in 1732 and incorporated as a Town in 1771.

The Town sits at the crossroads of U.S. Route 44 and State Route 8. State Routes 20, 183 and 263 also traverse the Town. The Town has approximately eighty miles of Town roads, of which approximately seventy-six miles are paved. State-controlled and maintained roads account for an additional twenty-three miles.

The Town of Winchester is governed under a home-rule charter, as amended in 2019, that provides a Manager/Selectmen/Town Meeting form of government with a seven-member Board of Selectmen that also serves as the Board of Finance. Elections for the Board of Selectmen are held in November in every odd-numbered year. The residents also have the powers and privileges conferred and granted to Towns and Cities under the Constitution and the General Statutes of the State of Connecticut.

The Town Manager is the full-time Chief Executive and Administrative Officer of the Town and oversees the execution of all laws and ordinances governing the Town. The First Selectman, or officially titled “Mayor,” presides over the Board of Selectmen and has full voting privileges on the Board. The Board of Selectmen appoints members to various commissions and boards.

The Town’s annual Budget Meeting is held on the second Monday in May. Prior to adjournment to Budget Referendum, the electors at the Budget Meeting review the budget as presented by the Board of Selectmen and have the power to decrease, but not increase, any line-item of the budget. The Budget Meeting is then adjourned to a referendum for approval. The approved budget serves as the foundation for the Town’s financial planning and control.

The Town provides a full range of services, including general government operations; police and fire protection; the construction and maintenance of highways, streets and other infrastructure; health and welfare services; cultural and recreational activities; economic development support; and education. Water and wastewater treatment and distribution are under the control of an independent Water and Sewer Commission (appointed by the Board of Selectmen).

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the Town of Winchester operates.

The Town of Winchester is an equal opportunity provider, employer and lender.

Economic Condition and Outlook

Winchester is primarily a residential community with single-family homes. Most residents are employed in the manufacturing, education, health and social services categories. Recent data from the CT Data Collaborative indicates that Winchester's 2016-2020 median household income was \$63,882, as compared to the State of Connecticut's \$79,855. The Town's population as of July 2021 was 10,217 according to State of Connecticut Department of Health statistics.

In accordance with State of Connecticut statutes, the Town conducted a property revaluation in 2017. The next scheduled revaluation including a physical inspection of all properties, which was not part of the 2017 revaluation, is slated for the October 2022 grant list.

As of June 30, 2022 the Town's unassigned General Fund balance was \$7,890,117, which represents 23.0 percent of fiscal year 2022 General Fund expenditures. Moody's Investor Services assigned an Issuer Rating of A1 to the Town on September 6, 2019.

In fiscal year 2022, the Town spent \$278,299 on approved projects utilizing American Rescue Plan Act funds.

Major Initiatives

Land Use and Zoning Regulations

The Planning and Zoning Commission adopted in 2016 a complete revision of its zoning regulations, which are expected to encourage economic growth through increased clarity and modernization. In 2022, town staff and a working group of the Board of Selectmen reviewed those regulations and the Town's Inland Wetland regulations and ordinances, and converted them to a uniform, searchable format online; that new online ordinance and regulation portal is expected to go live in fiscal year 2023. Likewise, in fiscal year 2022 the Town began implementation of a new online permitting portal which will allow residents to submit land use permit applications online and track the progress of their approval process in real time. In August 2021, the Town also hired a full-time Enforcement Officer to ensure that the adopted regulations are enforced and applied evenly across town and to help the Town's land use regulatory agencies better review, comprehend, and act on applications that are submitted to them.

Economic Development

The Economic Development Commission is committed to expanding the Town's commercial and industrial base and constantly looks for opportunities to create readily marketable properties in the Town's industrial and commercial zoned areas, including the adaptive reuse of former mill sites. In fiscal year 2022, the Town hired a part-time Director of Economic Development to pursue these efforts more vigorously.

The Town is pursuing grants for property development, facilities improvements, and recreational funding. In 2016, the Town was awarded \$1.5 million to extend the Sue Grossman Trail, a bike and pedestrian greenway, into the downtown area, and the Town is expected to complete that work in FY 2023.

The Town of Winchester is an equal opportunity provider, employer and lender.

In FY 2022, the Town applied for and was awarded a \$1.8 million grant from the State of Connecticut for the reinvigoration of the Town's Main Street pedestrian areas, namely near the intersection of Main Street and Bridge Street. This grant will allow for the reconstruction of Bridge Street, the replacement of many damaged sidewalks, and more.

Regional Outreach

The Town is a member of the regional planning organization, the Northwest Hills Council of Governments (NHCOG). A popular and effective program among the twenty-one member towns is the Public Works Equipment Cooperative, which enables member towns to share pieces of heavy-duty equipment related to public works activities. The Town currently works hand-in-hand with neighboring towns in emergency situations through mutual aid agreements and the Town has also established shared service agreements for the Fire Marshal and Economic Development personnel to the Town of Barkhamsted.

Brownfields

In 2015 the Town was awarded \$600,000 in State of Connecticut grants for brownfield assessment and remediation of a long-vacant and deteriorating town-controlled site: \$100,000 was funded by the Department of Community and Economic Development's Municipal Brownfield Assessment and Inventory (MBAI) program, and the remaining \$500,000 was received from the Office of Policy and Management's Small Town Economic Assistance Program (STEAP). The remediation of this property, now known as Winsted Edgeworks, is complete. The site now hosts a local craft brewery and pub at 32 Lake Street, and the Town has approved Zoning and Inland Wetlands permits for that business to expand and for other businesses to be developed at the site. The State of Connecticut \$1.8 million award to the Town in fiscal year 2022 also provides a small amount of money for the remediation of brownfields at 35 Willow Street, a building that was recently purchased by a local businessman who hopes to turn it into a new center of business.

Development

During the fiscal year, the Town saw the opening of more than twenty businesses in and around Main Street. Through the American Rescue Plan Act funds and a previously obtained Building Healthier Communities Grant from Hartford Healthcare, the Town was able to offer \$250,000 in Façade Improvement Forgivable Loans and \$100,000 in Business Start-Up Forgivable Loans that have tremendously helped the Town's economic development in its downtown core.

Labor Contracts

During the fiscal year, the Town drafted agreements with both the UPSEU Supervisors Union and the UPSEU Clerical Union that are expected to be adopted in FY 2023.

Infrastructure

Since July 2016, the Town has reconstructed and/or resurfaced more than 13 miles of local roads. In May 2022, voters at referendum approved the borrowing of up to \$24.7 million for the reconstruction of approximately 20 different roads and bridges over the next five years and allocating funds for the replacement of the Town's ladder truck, \$600,000 in sidewalk repairs and replacement, and \$1 million for improvements to drainage around Highland Lake.

The Town of Winchester is an equal opportunity provider, employer and lender.

In September 2019 Town residents approved a \$17.4 million referendum to renovate the Mary P. Hinsdale School with \$7 million of that cost being funded by the State of Connecticut. During the fiscal year the Hinsdale School Renovation Committee awarded a construction contract for the renovation and authorized architectural planning for the project. Groundbreaking occurred in May 2021 and the project is targeted for completion in time to receive students for the 2022-2023 school year.

Budgetary Controls

Under the direction of the Director of Finance, the Town continues to review and revise its budgetary controls, and has implemented other changes, policies, and procedures recommended by the independent auditor and other State and Federal regulatory agencies. The objective of budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the electors at referendum. Budget administration is performed by the Town Manager and the Director of Finance. The budget is legally enacted at the department expenditure level, which serves as a management tool; budgetary control is maintained at the department level. This is achieved through the use of a full encumbrance system, which encumbers appropriations upon the issuance of purchase orders. Encumbrances outstanding at year-end are recorded as budgetary expenditures and reported as a reservation of the fund balance at June 30. Transfers within a department may be made during the fiscal year upon approval by the Board of Selectmen. Transfers between departments can only be made during the last three months of the fiscal year, once again, with approval by the Board of Selectmen. Management cannot amend the budget.

Fiduciary Fund Operation

Fiduciary Funds are used to account for funds that the Town holds in a trustee capacity or as an agent for individuals or organizations. The Town of Winchester Town Employees' Pension Trust Fund is used to account for contributions, pension benefits and other costs that are associated with the operations of the pension plan.

Acknowledgements

The preparation of this report would not have been possible without the hard work of the Department of Finance, including Treasurer Cynthia Rines, other Town staff and Nancy O'Dea-Wyrick, Director of Finance and Business Services for the Winchester Board of Education. I would also like to thank the Board of Selectmen for its continued support in planning and conducting the financial operations of the Town in a responsible and professional manner.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Ann Marie Rheault", with a stylized flourish at the end.

Ann Marie Rheault
Director of Finance

INDEPENDENT AUDITOR'S REPORT

To the Board of Selectmen
Town of Winchester, Connecticut

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Town of Winchester, Connecticut, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Town of Winchester, Connecticut's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Town of Winchester, Connecticut, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town of Winchester, Connecticut and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Winchester, Connecticut's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town of Winchester, Connecticut's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Winchester, Connecticut's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and pension and OPEB schedules on pages 11-19 and 68-79 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Winchester, Connecticut's basic financial statements. The accompanying combining and individual nonmajor fund financial statements, and other supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, and other supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

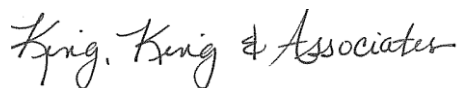

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 27, 2023, on our consideration of the Town of Winchester, Connecticut's internal control over financial reporting and on our test of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town of Winchester, Connecticut's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Winchester, Connecticut's internal control over financial reporting and compliance.

TOWN OF WINCHESTER, CONNECTICUT
Management's Discussion and Analysis
June 30, 2022

As management of the Town of Winchester, we offer readers of the Town of Winchester's financial statements this narrative overview and analysis of the financial activities of the Town of Winchester for the fiscal year ended June 30, 2022.

Financial Highlights

- The assets of the Town of Winchester exceeded its liabilities at the close of the most recent fiscal year by \$87,454,755 (*net position*). Governmental activities reflect an unrestricted net position in the amount of \$1,410,013 available to be used to meet ongoing obligations to citizens and creditors. Business-type activities have an unrestricted net position of \$3,599,631.
- The government's total net position including business-type activities increased by \$8,417,088.
- As of the close of the current fiscal year, the Town of Winchester's governmental funds reported combined ending fund balances of \$15,202,683, a decrease of \$2,844,178 in comparison with the prior year.
- At the end of the current fiscal year, unassigned and total fund balances for the General Fund were \$7,890,117 and \$9,549,942, respectively.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Town of Winchester's basic financial statements. The Town of Winchester's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements: The *government-wide financial statements* are designed to provide readers with a broad overview of the Town of Winchester's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the Town of Winchester's assets and deferred outflows of resources, and liabilities and deferred inflows of resources, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator whether the financial position of the Town of Winchester is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position is changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in future cash inflows (revenues) and outflows (expenditures).

Both of the government-wide financial statements distinguish functions of the Town of Winchester that are principally supported by grants and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the Town of Winchester include education, public safety, general government and public works.

TOWN OF WINCHESTER, CONNECTICUT
Management's Discussion and Analysis
June 30, 2022

The government-wide financial statements can be found on pages 20-21 of this report.

Fund Financial Statements: A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Winchester, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town of Winchester can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds: *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The Town of Winchester maintains twenty-eight (28) individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Sewer Assessment Fund, Federal and State Education Grants Fund, ARPA Fund, Water & Sewer Capital Improvements Fund, and Hinsdale Renovation Project. Data from the other governmental funds are combined into a single, aggregate presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The Town of Winchester adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 22-25 of this report.

Proprietary Funds: The Town maintains two proprietary funds. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water Pollution Control Authority.

The basic proprietary fund financial statements can be found on pages 26-28 of this report.

Fiduciary Funds: Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Town of Winchester's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 29-30 of this report.

TOWN OF WINCHESTER, CONNECTICUT
Management's Discussion and Analysis
June 30, 2022

Notes to the financial statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 31-67 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Town of Winchester, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$87,454,755 at the close of the most recent fiscal year.

\$79,845,445 of the Town's net position reflects its investment in capital assets, less any related debt used to acquire those assets that is still outstanding. The Town uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

\$1,310,924 of the restricted portion of the Town of Winchester's net position represents net position restricted for Community Development, \$156,458 is restricted for Brownfields Pilot Program, \$272,884 is restricted for Grants & Donations, \$314,436 is restricted for Anti Blight, and \$240,160 is restricted for other purposes. The remaining restricted portion, \$304,804, represents net position restricted for purposes of trust. Unrestricted net position in the amount of \$1,410,013 may be used to meet ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the Town of Winchester's Governmental Activities are able to report positive balances in all categories of net position, for the government as a whole.

Governmental Activities

Governmental activities increased the Town of Winchester's net position by \$7,854,821. Fifty-one percent (51%) of the revenues of the Town were derived from property taxes, followed by forty-six percent (46%) from grants and contributions, three percent (3%) from fees for services, and less than one percent (1%) from other.

TOWN OF WINCHESTER, CONNECTICUT
Management's Discussion and Analysis
June 30, 2022

Major revenue factors include:

- \$605,000 increase in Property Taxes primarily due to increase in the grand list.
- \$5,932,000 increase in Capital Grants and Contributions due to federal and state grant funding for Hinsdale School Renovation Project, Drinking Water Project, and other capital improvement projects.
- \$1,925,000 decrease in Operating Grants and Contributions primarily due to changes in the revenue recognized for the Teachers' Retirement System.

For Governmental Activities, 63% of the Town's expenses relate to education, 14% relate to public safety and health, 9% relate to public works, and the remaining 14% relates to government and community services, administration, and other areas.

Major expense factors include:

- \$1,094,000 increase in General Government expense primarily due to recognized pension expense.
- \$819,000 increase in public works expense from general road repair, and other repair and maintenance work.
- \$825,000 decrease in Public Safety expense primarily due to changes in expenditures recognized for the Municipal Employee Retirement System.
- \$1,100,000 decrease in Education expense primarily due to the changes in expenditures recognized for the Teachers' Retirement System.

Chart 1 presents the costs of each of the five largest programs, as well as each program's net cost (total cost less revenues generated by the activities). The Net Cost shows the financial burden that was placed on the Town's taxpayers by each of these functions.

Management's Discussion and Analysis

June 30, 2022

Chart 2 presents the various sources of revenue that fund Town operations. The percentages indicate what part of the whole each segment represents.

Business-Type activities

Business-type activities increased the Town of Winchester's net position by \$562,267. Ninety-nine percent (99%) of the revenues of the business-type activities were derived from charges for services and less than one percent (1%) was from investment income. Key elements of enterprise fund performance are as follows:

- Capital Contributions from the Water & Sewer Capital Improvements Fund funded by grants from the Drinking Water State Revolving Fund and Department of Transportation.

Charts 3 and 4 reflect the water/sewer utility operations for fiscal year 2022 regarding sources of revenue and classes of expenses.

Management's Discussion and Analysis

June 30, 2022

Financial Analysis of the Government's Funds

As noted earlier, the Town of Winchester uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds: The focus of the Town of Winchester's governmental funds is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the Town of Winchester's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Town of Winchester's governmental funds reported combined ending fund balances of \$15,202,683, a decrease of \$2,844,178 in comparison with the prior year.

General Fund. The General Fund is the chief operating fund of the Town of Winchester. At June 30, 2022, the General Fund's fund balance was \$9,549,942 of which \$483,092 was committed to education (BOE nonlapsing) and \$893,346 was committed to capital improvements. There was also \$83,387 assigned to general government encumbrances, and \$200,000 assigned fund balance subject to Board of Selectman's approval. The remaining \$7,890,117 is classified as unassigned General Fund balance. As a measure of the General Fund's liquidity, it may be useful to compare the unassigned and total fund balances to total fund expenditures. At June 30, 2022, unassigned and total General Fund balances represented 23.0% and 27.8% of total budget basis General Fund expenditures, respectively. See page 72 for budgetary basis data.

The fund balance of the Town of Winchester's General Fund decreased by \$973,828 during the current fiscal year.

Federal and State Education Grants Fund. The Federal and State Education Grants Fund revenues and expenses were \$2,919,340. Grant revenues in the fund are recognized when they are expended. Major grant revenue recognized in the current fiscal year were from the following grants ESSER, Title I – Improving Basic Programs, Alliance District, Excess Cost, and the Commissioner Network.

ARPA Fund. The ARPA Fund is a new created fund to track the expenditures related to the American Rescue Plan Act grant. The Fund balance increased by \$3,418 due to interest earned on unearned revenue.

TOWN OF WINCHESTER, CONNECTICUT

Management's Discussion and Analysis

June 30, 2022

Sewer Assessment Fund. The fund balance of the Sewer Assessment Fund decreased by \$26,820 during the current fiscal year due to collections of \$53,621, less the transfer out of \$80,441.

Water & Sewer Capital Improvements Fund. The fund balance of the W&S Capital Improvements Fund decreased by \$531,707 during the current fiscal year due to significant work on the Water Main Project. There is a deficit fund balance of (\$490,740) at the end of the current fiscal year due mainly to \$432,302 in debt funded construction costs incurred through June 30, 2022 not yet received from the Drinking Water State Revolving Fund.

Hinsdale Renovation Project. The fund balance of the Hinsdale Renovation decreased by \$3,004,538 during the current fiscal year due to significant work on the project. There is a fund balance of \$1,179,123 at the end of the current fiscal year.

General Fund Budgetary Highlights

The General Fund Budgetary Highlights are as follows:

- \$209,000 of other local revenues in excess of budget.
- \$669,000 of property taxes, interest and lien fees collected in excess of budget.
- \$284,000 of expenditure savings in the General Government function.
- \$168,000 of expenditure savings in the Public Works function.
- Transfer of \$1,075,000 to the Capital Improvements Fund.

Capital Asset and Debt Administration

Capital Assets: The Town of Winchester's reported value in capital assets for its governmental and business-type activities as of June 30, 2022, amounts to \$85,850,414 (net of accumulated depreciation). The reported value in capital assets includes land and buildings, vehicles, machinery and equipment. Major capital asset events during the current fiscal year included the following:

- Hinsdale School Renovation project commencement.
- Vehicle and equipment replacements (Public Works and Public Safety.)
- Drinking Water project commencement.

	Total			<u>\$ 6,004,969</u>	

The Town of Winchester's total borrowings decreased by \$454,854 during the current fiscal year, primarily due to regular principal payments. Additional information on the Town of Winchester's long-term debt can be found in Note 3 on pages 44-46 of this report.

Economic Factors and Next Year's Budgets and Rates

- Recent price inflation and supply chain disruptions.
- COVID-19 pandemic impact on the state economy.
- Recent economic development impact on Grand List growth.
- Continued capital investment to address aging infrastructure and equipment.
- Uncertainty of State municipal aid grants continuing at historical funding levels.

Request for Information

This financial report is designed to provide a general overview of the Town of Winchester's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Director of Finance, Town of Winchester, 338 Main Street, Winsted, CT 06098.

TOWN OF WINCHESTER, CONNECTICUT

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended June 30, 2022

Net change in fund balances - total governmental funds \$ (2,854,757)

**Amounts reported for governmental activities in the Statement of Activities
are different because:**

Governmental funds report capital outlays as expenditures. However,
in the Statement of Activities, the cost of those assets is allocated over
their estimated useful lives as depreciation expense.

<i>Capital expenditures</i>	11,775,805
<i>Depreciation expense</i>	(1,504,839)

Revenues in the Statement of Activities that do not provide current
financial resources are not reported as revenue in the funds

<i>Property taxes and interest collected accrual basis change</i>	209,825
<i>Sewer assessment and interest revenue accrual basis change</i>	(48,575)

Repayment of debt principal is an expenditure in the governmental funds, but
the repayment reduces long-term liabilities in the Statement of Net Position.

<i>General obligation bond principal payments</i>	420,000
---	---------

<i>Amortization of deferred outflows related to pension and OPEB benefits</i>	498,358
---	---------

<i>Amortization of deferred inflows related to pension and OPEB benefits</i>	(1,507,337)
--	-------------

Certain benefits are expended in the funds when resources are used, but
are expensed in the Statement of Activities when the liability is incurred.

<i>Net Pension Liability</i>	(1,214,295)
<i>Net Pension Liability - MERS</i>	1,375,295
<i>OPEB liability</i>	538,362
<i>Claims and judgments</i>	65,349
<i>Compensated Absences</i>	<u>101,630</u>

Change in net position of governmental activities \$ 7,854,821

TOWN OF WINCHESTER, CONNECTICUT
Notes to the Financial Statements

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Town of Winchester, Connecticut, was incorporated in 1771. The Town operates under a Selectmen-Town Manager form of government and provides the following services as authorized by its charter: public safety, public works, health, welfare, parks, recreation, and elementary and secondary education. The financial statements include all of the funds of the Town that meet the criteria for inclusion as set forth in Statement of Governmental Accounting Standards No. 14 issued by the Governmental Accounting Standards Board (GASB).

Accounting principles generally accepted in the United States of America require that the reporting entity include the primary government and its component units, entities for which the government is considered to be financially accountable, all organizations for which the primary government is financially accountable, and other organizations which by the nature and significance of their relationship with the primary government would cause the financial statements to be incomplete or misleading if excluded. Blended component units, although legally separate entities, are, in substance, part of the government's operations; therefore, data from these units are combined with data of the primary government. Based on these criteria, there are no component units requiring inclusion in these financial statements.

The Winchester Housing Authority (the Authority) has been determined to be a related organization of the Town of Winchester, Connecticut, as the governing body of the Authority is appointed by the Town. The Authority is not included in this report, as the Town is not obligated to finance any deficit that the authority may incur, nor does the Town significantly subsidize the Authority; the Town obtains no financial benefit, nor can it impose its will upon the Authority.

Basis of Presentation

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Town's accounting policies are described below.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Town. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

TOWN OF WINCHESTER, CONNECTICUT

Notes to the Financial Statements

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements, with the exception of the agency funds which have no measurement focus. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Property taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. In determining when to recognize intergovernmental revenues (grants and entitlements), the legal and contractual requirements of the individual programs are used as guidance. Revenues are recognized when the eligibility requirements have been met. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Town.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The Town reports the following major governmental funds:

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Federal and State Education Grants Fund* is to account for revenues and expenditures of various education grants.

The *ARPA Fund* is to account for revenue and expenditures related to the American Rescue Plan Act grant.

The *Water & Sewer Capital Improvement Fund* is to account for capital projects related to the Waterworks & Sewer Funds.

The *Sewer Assessment Fund* is used to account for the sewer assessment revenues and expenditures related to the Highland Lake sewer project.

The *Hinsdale Renovation Project* is used to account for the renovation of the Hinsdale School.

TOWN OF WINCHESTER, CONNECTICUT
Notes to the Financial Statements

The Town reports the following major proprietary funds:

The *Waterworks Fund* is used to account for the financial operations of the Winsted Waterworks. All necessary activities to provide such services are included in this fund, including, but not limited to, administration, operations, maintenance, financing and billing and collection. The Water and Sewer Commission, as empowered by the Town Charter, oversees the operation of the Winsted Waterworks.

The *Sewer Fund* is used to account for the financial operations of the Town's sewer utility. All activities necessary to provide such services are included in this fund, including, but not limited to, administration, operations, maintenance, financing and billing and collection. Authority over the operations of the Sewer Fund is with the Water and Sewer Commission.

Additionally, the Town reports the following fund types:

The *Pension Trust Fund* is used to account for the activities of the Town's defined benefit plan which accumulates resources for pension benefit payments to qualified employees.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the enterprise funds and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Accounting Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

TOWN OF WINCHESTER, CONNECTICUT
Notes to the Financial Statements

Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Equity

Cash Equivalents - The deposit of public funds is controlled by the Connecticut General Statutes. The Town maintains separate accounts with depositories where necessary. Cash applicable to a particular fund is readily identifiable. Cash in excess of current requirements is invested in various interest-bearing accounts, certificates of deposit, and pooled investment funds that may be deemed to be cash equivalents based on maturity date or availability of conversion to cash. Cash and cash equivalents are stated at cost, which approximates market value and have maturities of three months or less. This definition also applies to the proprietary statement of cash flows.

Investments - In general, State of Connecticut Statutes allow the Town to invest in obligations of the United States of America or United States government sponsored corporations, in shares or other interests in any custodial arrangement, pool, or no-load, open-end management type investment company or investment trust, in obligations of any state or political subdivision rated within the top two rating categories of any nationally recognized rating service, or in obligations of the State of Connecticut or political subdivision rated within the top three rating categories of any nationally recognized rating service. Other trust funds may also invest in stocks, bonds, or other securities selected by the Trustee.

The Short-Term Investment Fund ("STIF") is a money market investment pool managed by the Cash Management Division of the State Treasurer's Office created by Section 3-27 of the Connecticut General Statutes ("CGS"). Pursuant to CGS 3-27a through 3-27f, the State, municipal entities, and political subdivisions of the State are eligible to invest in the fund. The fund is considered a "2a7-like" pool and, as such, reports its investments at amortized cost (which approximates fair value). The pool is overseen by the Office of the State Treasurer. The pool is rated AAAm by S & P Global Ratings. This is the highest rating for money market funds and investment pools. The pooled investment funds' risk category cannot be determined since the Town does not own identifiable securities but invests as a shareholder of the investment pool. The fair value of the position in the pool is the same as the value of the pool shares.

Fair Value of Financial Instruments

In accordance with GASB Statement No. 72, the Town is required to measure the fair value of its assets and liabilities under a three-level hierarchy, as follows:

Level 1: Quoted market prices for identical assets or liabilities to which an entity has access to at the measurement date.

Level 2: Inputs and information other than quoted market indices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include:

- a. Quoted prices for similar assets or liabilities in active markets.
- b. Quoted prices for identical or similar assets in markets that are not active;
- c. Observable inputs other than quoted prices for the assets or liability;
- d. Inputs derived principally from, or corroborated by, observable market data by correlation or by other means.

Level 3: Unobservable inputs for the asset or liability. Unobservable inputs should be used to measure the fair value to the extent that observable inputs are not available.

Observable inputs reflect the assumptions market participants would use in pricing the asset or liability developed from sources independent of the reporting entity; and *unobservable inputs* reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

TOWN OF WINCHESTER, CONNECTICUT
Notes to the Financial Statements

Investments are carried at fair value and are presented in Note 3.

Inventories - All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Receivables and Payables - Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

All trade and property tax receivables are shown net of an allowance for uncollectibles.

Capital Assets - Capital assets, which include property, plant and equipment and infrastructure, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial individual cost of more than \$5,000 and an estimated useful life of more than two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Property, plant and equipment and infrastructure of the Town are depreciated using the straight-line method over the following estimated useful lives.

<u>Assets</u>	<u>Years</u>
Buildings, Structures and Improvements	50
Equipment	7-15
Distribution reservoirs and standpipes	50
Infrastructure	7-100

Deferred Outflows/Inflows of Resources - In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The Town reports the deferred charge on refunding in this category. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The Town also reports increases of Deferred Pension Expense in this category. Deferred pension expense results from differences between expected and actual experience, changes in assumptions or other inputs. These amounts are deferred and included in pension expense over a period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension plan (active and inactive employees).

TOWN OF WINCHESTER, CONNECTICUT

Notes to the Financial Statements

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has two items that qualify for reporting in this category. The Town reports decreases of Deferred Pension Expense in this category. Deferred pension expense results from differences between expected and actual experience, changes in assumptions or other inputs. These amounts are deferred and included in pension expense over a period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension plan (active and inactive employees). For governmental funds, the Town reports unearned and unavailable revenue, which arises only under the modified accrual basis of accounting. The governmental funds report unearned revenue from prepaid property taxes and unavailable revenues from several sources: property taxes and sewer assessments. These amounts are deferred and recognized as an inflow of resources in the period during which the amounts become available.

Long-Term Obligations - In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuance are reported as other financing sources, and discounts are reported as other financing uses. Issuance costs, whether or not withheld from actual debt proceeds, are reported as debt service expenditures.

Compensated Absences - A limited amount of vacation earned may be accumulated by employees until termination of their employment, at which time they are paid for accumulated vacation. Sick leave may be accumulated by employees in accordance with union contracts until retirement, termination or death, at which time they are paid for a percentage of their accumulated sick leave.

All vacation and sick pay is accrued when incurred in the government-wide, proprietary and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Fund Equity and Net Position – Equity in the government-wide financial statements is defined as “net position” and is classified in the following categories:

Net Investment in Capital Assets – This category groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduces this category.

Restricted Net Position – This category presents external restrictions imposed by creditors, grantors, contributors, or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Position – This category represents the net position of the Town, which is not restricted for any project or other purpose.

TOWN OF WINCHESTER, CONNECTICUT

Notes to the Financial Statements

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

The equity of the fund financial statements is defined as "fund balance" and is classified in the following five separate categories:

Nonspendable Fund Balance - Indicates amounts that cannot be spent because they are either not in spendable form, or are legally or contractually required to be maintained intact. Examples are items that are not expected to be converted to cash including prepaid expenditures and permanent fund principal.

Restricted Fund Balance - Indicates amounts that are restricted to specific purposes. The spending constraints placed on the use of fund balance amounts are externally imposed by creditors, grantors, contributors, or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance - Indicates amounts that can be used only for specific purposes pursuant to constraints imposed by formal budgetary action of the Board of Selectman and Town Meeting in accordance with provisions of the Connecticut General Statutes.

Assigned Fund Balance - For all governmental funds other than the General Fund, this represents any remaining positive amounts not classified as nonspendable, restricted or committed. For the General Fund, this includes amounts constrained for the intent to be used for a specific purpose by the Winchester Board of Selectmen or department head as specified in the Town Charter.

Unassigned Fund Balance - Represents the remaining fund balance after amounts are set aside for all other classifications. If another governmental fund has a fund balance deficit, it is reported as a negative amount in unassigned fund balance.

The Town has not established a formal policy for its use of restricted and unrestricted (committed, assigned, unassigned) fund balance; however, the Town generally used restricted fund balance first if the expenditure meets the restricted purpose, followed by committed, assigned and unassigned amounts.

The Town has not formally enacted legislation or Board policies establishing stabilization funds.

The Town's Policy on Fund Balance is to maintain an unassigned General Fund Balance of at least ten percent of current General Fund expenditures. At June 30, 2022, the unassigned General Fund Balance represented 23.0% of the 2022 General Fund budget basis expenditures. See page 72 for budget basis data.

Property Taxes

The Town's property tax is levied each July 1 on the assessed value as of the prior October 1 for all real property, motor vehicles and commercial personal property located in the Town. Assessed values are established by the Town Assessment Board at 70% of estimated market value. A physical revaluation of all real property is required to be completed every ten years, and a statistical revaluation is required to be completed every five years. The Town had a revaluation of its property as of October 1, 2017. The Town's property tax is levied each June on the assessed value listed on the prior October 1 Grand List for all taxable property located in the Town. A mill rate was applied to the Grand List. Taxes not paid within 30 days of the due date are subject to an interest charge of 1.5% per month. Liens are placed on delinquent accounts in June following the levy date.

TOWN OF WINCHESTER, CONNECTICUT
Notes to the Financial Statements

Taxes are due in two equal installments on the July 1 and January 1 following the levy date, although a 30-day grace period is provided. Uncollected property taxes are recorded as receivables, net of an allowance for estimated uncollectible accounts.

Property tax revenues are recognized when they become available. Available means due or past due and receivable within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. The Town defines the current period to mean within 60 days after year-end. Property taxes receivable not expected to be collected during the available period are reflected in deferred revenue in the fund financial statements. The entire receivable is recorded as revenue in the government-wide financial statements. Property taxes collected prior to June 30 that are applicable to the subsequent years' assessment are reflected as advance tax collections in both the fund financial statements and the government-wide financial statements.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information

Budgets are authorized annually by the Board of Selectmen.

Program budgets are established for funds not budgeted normally. The procedures establishing the budgetary data reflected in the financial statements are as follows:

- Prior to March 16, the Town Manager submits to the Board of Selectmen a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them.
- Public hearings are conducted at locations throughout the Town to obtain taxpayer comments.
- The budget is reviewed at the annual Town budget meeting and sent to referendum for enactment by vote of the general public.
- Upon request of the Town Manager, but only within the last three months of the fiscal year, only the Board of Selectmen may, by resolution, transfer any unencumbered appropriation, balance or portion thereof from one department, commission, board or office to another. Management cannot amend the budget.
- The control level on which expenditures may not legally exceed appropriations is the departmental level. The Board of Selectman must approve transfers within a department. Unencumbered appropriations lapse at the close of the fiscal year, except for those appropriations which are made for capital improvements.

The budgets are prepared on a modified-accrual basis of accounting except for encumbrances. Encumbrances are recognized as a valid and proper charge against a budget appropriation in the year in which the purchase order is issued and, accordingly, encumbrances outstanding at year-end are reflected in budgetary reports as expenditures in the current year.

Budgeted amounts are as originally adopted, or as amended by the Board of Selectmen.

TOWN OF WINCHESTER, CONNECTICUT
Notes to the Financial Statements

NOTE 3 – DETAILED NOTES ON ALL FUNDS

The deposit of public funds is controlled by the Connecticut General Statutes (Section 7-402). Deposits may be made in a “qualified public depository” as defined by Statute or in amounts not exceeding the Federal Deposit Insurance Corporation insurance limit in an “out of state bank,” as defined by the Statutes, which is not a “qualified public depository.”

The following is a summary of cash and cash equivalents at June 30, 2022:

	Governmental Funds	Proprietary Funds	Total
Cash	\$ 14,910,414	\$ 2,861,613	\$ 17,772,027
Cash Equivalents	2,206,713	-	2,206,713
Restricted Cash	88,097	-	88,097
Total	<u>\$ 17,205,224</u>	<u>\$ 2,861,613</u>	<u>\$ 20,066,837</u>

Custodial Credit Risk - Deposits: Custodial credit risk is the risk that in the event of a bank failure, the Town’s deposits may not be returned to it. The Town’s custodial credit risk policy is to only use banks that are in the State of Connecticut. The State of Connecticut requires that each depository maintain segregated collateral in an amount equal to a defined percentage of its public deposits based upon the bank’s risk-based capital ratio. The following is a reconciliation of the Town’s deposits subject to custodial credit risk:

Cash, Cash Equivalents, and Restricted Cash	\$ 20,066,837
Less: Cash Equivalents (STIF)	<u>(2,206,713)</u>
	<u>\$ 17,860,124</u>

At year-end, the Town’s carrying amount of deposits subject to custodial credit risk was \$17,860,124 and the bank balance was \$18,044,515. Of the bank balance, Federal Depository Insurance Corporation insured \$9,806,764.

As of June 30, 2022, \$8,237,751 of the Town’s bank balance of \$18,044,515 was exposed to custodial credit risk as follows:

Uninsured and uncollateralized	\$ 7,338,976
Uninsured and collateral held by pledging bank's Trust department not in the Town's name	<u>898,775</u>
Total	<u>\$ 8,237,751</u>

Cash Equivalents

At June 30, 2022, the Town’s cash equivalents (Short-Term Investment Fund “STIF”) amounted to \$2,206,713. STIF is rated AAAM by S & P Global Ratings and has an average maturity of under 60 days.

TOWN OF WINCHESTER, CONNECTICUT
Notes to the Financial Statements

Investments

As of June 30, 2022, the Town had the following investments:

Investment Type	Credit Rating	Amount	Investment Maturities (Years)			
			Not Applicable	Less Than 1	1-10	More Than 10
Short-Term Investments	N/A	\$ 307	\$ -	\$ 307	\$ -	\$ -
Money Market Funds	N/A	397,147	397,147	-	-	-
Mutual Funds	N/A	7,497,146	7,497,146	-	-	-
Exchange Traded Funds	N/A	1,058,149	1,058,149	-	-	-
Total Investments		<u>\$ 8,952,749</u>	<u>\$ 8,952,442</u>	<u>\$ 307</u>	<u>\$ -</u>	<u>\$ -</u>

N/A - Not Applicable

The Short-Term Investments and Mutual Funds are reported in the Pension Trust Fund.

The following is a summary of assets measured at fair value:

Description	June 30, 2022	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Short-Term Investments	\$ 307	\$ 307	\$ -	\$ -
Money Market Funds	397,147	19	397,128	-
Mutual Funds	7,497,146	6,157,084	1,340,062	-
Exchange Traded Funds	1,058,149	1,058,149	-	-
Total	<u>\$ 8,952,749</u>	<u>\$ 7,215,559</u>	<u>\$ 1,737,190</u>	<u>\$ -</u>

Interest Rate Risk- The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk-Investments- The Town has no investment policy that would limit its investment choices due to credit risk other than State Statutes governing investments in obligations of any State or political subdivision or in obligations of the State of Connecticut or political subdivision.

Concentration of Credit Risk- The Town has no policy limiting an investment in any one issuer that is in excess of 5% of the Town's total investments.

Custodial Credit Risk- Custodial credit risk for an investment is the risk that, in the event of the failure of the counterparty (the institution that pledges collateral or repurchase agreement securities to the Town or that sells investments to or buys them for the Town), the Town will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

TOWN OF WINCHESTER, CONNECTICUT
Notes to the Financial Statements

Receivables

Receivables as of year-end for the Town's individual major funds and nonmajor and fiduciary funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

	General Fund	Federal and State Education Grants Fund	Sewer Assessment	W&S Capital Improvements Fund	Hinsdale Renovation Project	Waterworks	Sewer	Nonmajor and Other Funds	Total
Receivables:									
Property taxes	\$ 731,241	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 731,241
Interest, Liens, and Fees	248,970	-	3,928	-	-	20,207	18,986	-	292,091

Net Total Receivables	<u>\$ 1,270,435</u>	<u>\$ 334</u>	<u>\$ 48,037</u>	<u>\$ 482,456</u>	<u>\$ 2,039,196</u>	<u>\$ 132,942</u>	<u>\$ 161,384</u>	<u>\$ 2,335,891</u>	<u>\$ 6,470,675</u>

* Not expected to be collected within one year.

Governmental funds report unavailable revenue in connection with receivables that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of unavailable revenue and unearned revenue reported in the governmental funds were as follows:

	Unavailable	Unearned
General Fund:		
Delinquent property taxes receivable	\$ 599,417	\$ -
Delinquent interest, liens, fees receivable	207,938	-
Prepaid Property Taxes	-	115,607
Education Grants Fund:		
Unexpended Grant Receipts	-	391,069
ARPA Fund:		
Unexpended Grant Receipts	-	1,290,831
Grants & Donations Fund:		
Unexpended Grant Receipts	-	19,919
Sewer Assessment:		
Assessments receivable not yet due	42,443	-
Delinquent interest, liens, fees receivable	<u>3,928</u>	<u>-</u>
Total Unavailable/Unearned Revenue for Governmental Funds	<u>\$ 853,726</u>	<u>\$ 1,817,426</u>

TOWN OF WINCHESTER, CONNECTICUT

TOWN OF WINCHESTER, CONNECTICUT
Notes to the Financial Statements

Depreciation expense was charged to functions/programs of the government as follows:

Governmental activities:	
General Government	\$ 181,726
Public Safety	223,713
Public Works	983,564
Education	80,857
Parks and Recreation	<u>34,979</u>
Total Depreciation Expense	
Governmental Activities	<u>\$ 1,504,839</u>
Business-type activities	
Waterworks	\$ 496,616
Sewer	<u>675,286</u>
Total Depreciation Expense	
Business-Type Activities	<u>\$ 1,171,902</u>

Construction Commitments

The Town has several active construction projects as of June 30, 2022. At year-end, the Town's commitments are as follows:

	Spent to Date	Remaining Commitment
Mary P. Hinsdale School Renovation	\$ 13,640,501	\$ 1,092,257
Whiting St - Reconstruction	-	1,350,359
Sue Grossman Trail	-	1,354,547
Water Main Replacement Project	<u>853,354</u>	<u>1,185,858</u>
	<u>\$ 14,493,855</u>	<u>\$ 4,983,021</u>

The Town accepted a bid of \$13,068,000 in March 2021 for renovation of the Hinsdale School. Subsequent change orders and contracted architect services have increased the project commitment to \$14,665,000. A September 2019 referendum authorized the project at a total cost of \$17,425,000 of which \$16,889,000 was allocated to construction and architect fees.

A portion of Whiting Street will be reconstructed utilizing a \$501,229 State of Connecticut Responsible Growth and Transit Grant. A bid for construction work was awarded in June 2022 for work to be completed in fiscal year 2023.

Expansion of the Sue Grossman Trailway will be funded through a 1.55 million grant from the State of Connecticut. Construction work is schedule for fiscal year 2023.

The Water Main replacement project is being partly funded through the Connecticut Drinking Water State Revolving Fund. Replacement of the water mains began in fiscal year 2022 and is slated to be complete in fiscal year 2023. A may 2021 referendum authorized \$2,200,000 for the construction work.

Long-Term Liabilities	<u>\$ 539,147</u>	<u>\$ -</u>	<u>\$ 197,489</u>	<u>\$ 341,658</u>	<u>\$ 118,338</u>

For the governmental activities, claims and judgments and compensated absences are generally liquidated by the General Fund.

General Obligation Bonds and Note

The Town issued a general obligation note to provide funds for the renovation, improvements, and additions to the Mary P. Hinsdale Elementary School. The note is for up to \$10,000,000 with a maturity date of June 7, 2024. The interest on the note is a variable rate based on the SIFMA index plus the applicable margin determined at the beginning of each interest period. The applicable margin is based on the Town's current credit rating. The initial applicable margin is 0.55%. At June 30, 2022 the Town has drawn down \$5,000,000 and a remaining \$5,000,000 authorized and available balance.

The Town issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities.

General obligation bonds are direct obligations of the Town for which full faith and credit are pledged and are payable from taxes levied on all taxable properties located within the Town. General obligation bonds currently outstanding are as follows:

Description	Date of Issue	Original Issue	Interest Rate	Date of Maturity	Annual Principal	Principal Outstanding June 30, 2022
General Purposes:						
Public Improvements	8/14/2008	6,316,000	4.02%	8/15/2023	\$ 416,000 - 425,000	\$ 836,000

All bonds are general obligation bonds secured by the general revenue raising powers of the Town, and payment will be provided by General Fund revenues, except for proprietary fund type bonds, which are expected to be paid from the receipts of the related fund, and Highland Lake Sewer Fund Bonds, which are expected to be paid by revenues of the Sewer Assessment Fund.

Annual debt service requirements to maturity for general obligation bonds and note are as follows:

Year Ending	Governmental Activities	
	Principal	Interest
2023	\$ 420,000	\$ 25,165
2024	5,416,000	8,362
Total	<u>\$ 5,836,000</u>	<u>\$ 33,527</u>

TOWN OF WINCHESTER, CONNECTICUT
Notes to the Financial Statements

Clean Water Fund Notes

The Town is currently participating in a capital project (Wastewater Design Project) under the State of Connecticut Clean Water Fund established in accordance with Section 22a-477 of the General Statutes of Connecticut. The Clean Water Fund is administered by the State Department of Environmental Protection and provides grant and loan funds to municipalities for "eligible water quality project costs." The notes were converted to permanent financing on January 31, 2008, and the balance as of June 30, 2022, was \$168,969. The notes carry an interest rate of 2%.

Project loan obligations payable to the State of Connecticut mature as follows:

Year Ending	Business-Type Activities	
	Principal	Interest
2023	\$ 35,558	\$ 3,055
2024	36,275	2,337
2025	37,007	1,605
2026	37,754	858
2027	22,375	150
Total	<u>\$ 168,969</u>	<u>\$ 8,005</u>

Clean Water Fund notes will be repaid by sewer user fees.

Bonds and Notes Authorized and Unissued

At June 30, 2022 there was \$38,009,925 authorized and unissued bonds and notes for costs related to capital projects. \$7,109,925 related to the renovations, improvements, and additions to the Mary P. Hinsdale Elementary School, \$6,200,000 for costs related to replacements and improvements to water mains and water storage tanks, and \$24,700,000 for costs related to various capital improvements to roadways, sidewalks and highland lake drainage systems, and the acquisition of fire apparatus.

TOWN OF WINCHESTER, CONNECTICUT

Notes to the Financial Statements

NOTE 5 - EMPLOYEE RETIREMENT PLANS

Defined Contribution Plan

As of July 1, 2014, non-union employees and newly hired union positions are eligible to participate in a Defined Contribution retirement plan administered by the Town. The deferred compensation plan currently has 24 participants enrolled in the plan. The Town will match employee contributions up to 6% of eligible compensation. The total expense to the Town for the year ended June 30, 2022 was \$151,736. Contributions are made to accounts in the participant's name, there are no assets accumulated in a trust that meets the criteria in GASB Statement No. 73, paragraph 4.

Defined Benefit Pension Plan

Plan Description - The Town of Winchester is the administrator of a single-employer public employee retirement system (PERS) established and administered by the Town to provide pension benefits for its municipal employees. The Plan provides retirement, death, and disability benefits to plan members and beneficiaries. The PERS is considered to be part of the Town of Winchester's financial reporting entity and is included in the Town's financial reports as a Pension Trust Fund. The plan does not issue a stand-alone financial report. The Retirement Administration Board has the authority to make rules and regulations for the administration of the plan. The Board consists of the Town Manager, two citizens at large, and two non-supervisory employees of the Town appointed by the Board of Selectmen. The Town manager's seat is ex-officio (non-voting).

Classes of Employees Covered and Current Membership – Supervisors hired prior to December 20, 2012, Public Works employees hired prior to December 1, 2014, Secretaries/Administrators hired prior to December 4, 2014, and Dispatchers hired prior to December 11, 2015 (except Police Officers covered by CMERS, those covered by the State of Connecticut Teachers Retirement System, and alternative funding source employees) at least 21 years of age and having six months of service are eligible. One year of credited service is earned for each calendar year during which 1,000 hours is worked. Current membership consists of the following:

Active plan members	24
Inactive plan members or beneficiaries receiving benefits	55
Inactive plan members entitled to but not yet receiving benefits	<u>9</u>
Total plan participants	<u>88</u>

Benefits Provided - Employees are 100% vested after five years of continuous service as long as their contributions remain in the fund upon termination. Employees who retire at the normal retirement age 65 or 5 years of service (age 55 or 10 years of services for BOE members); or upon meeting the rule of 75 (age plus years of service = 75) receive a retirement benefit for life of 2% times years of credited service (maximum of 25 years for BOE; 35 years for all other employees) of the average of the three highest consecutive years of compensation out of the last 10 years prior to retirement. No cost of living adjustments are included. Members can withdraw or discontinue their contributions at any time during their service with the Town. They can re-join the plan after one year from the date the participant elected to withdraw or discontinue their contributions. Members' contributions are also returnable on termination or upon death while active. The balance of contributions is returnable after retirement (less any benefits paid) provided in each case that no death benefits are otherwise paid.

Contributions - The contribution requirements of the Town are established and may be amended by the Board of Selectmen, as suggested by the actuarial valuations. The actuarial method used to develop the annual funding percentage for all benefits is the Entry Age Normal Actuarial Cost Method. The Town currently contributes at the actuarially determined rate; the current rate is 39.75% of annual covered payroll. Plan participants from the Board of Education are required to contribute 2.5% of their earnings up to the Social Security base and 5% of earnings over the Social Security base. All others must contribute 5% of earnings. Costs to administer the plan are paid by the Pension Trust Fund and

TOWN OF WINCHESTER, CONNECTICUT

Notes to the Financial Statements

are included in the actuarially determined contribution. Investment management fees are also paid out of the Pension Trust Fund.

Summary of Significant Accounting Policies

Basis of Accounting - The Town of Winchester Pension Plan's financial statements are prepared using the accrual basis of accounting. Plan member and employer contributions are recognized as revenues in the period in which employee services are performed. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expenses, information about the fiduciary net position of the plan and additions/deductions to/from the Town's fiduciary net position have been determined on the same basis as they are reported by the Town's Pension Plan. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms.

Investment Policy – The Pension Plan's policy in regards to the allocation of invested assets is established and may be amended by the Retirement Administration Board. It is the policy of the Town's board to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. The pension plan's investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans.

Method Used to Value Investments - All funds are invested at Morgan Stanley and administered through First State Trust Company, and are reported at fair value. Investment income is recognized as earned.

There were no investments that represented 5% or more of the pension plan's fiduciary net position.

Money-weighted Rate of Return – For the year ended June 30, 2022 the annual money-weighted rate of return on pension plan investments, net of pension plan investment expenses, was (13.72) percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Currently there is no Deferred Retirement Option Plan.

Net Pension Liability of the Town

The components of the net pension liability of the Town at June 30, 2022, were as follows:

Schedule of Net Pension Liability

	2022
Total pension liability	\$ 13,660,116
Plan fiduciary net position	8,974,089
Net pension liability (asset)	<u>\$ 4,686,027</u>
Plan fiduciary net position as a percentage of total pension liability	65.70%
Covered payroll	1,523,321
Net pension liability as a % of covered payroll	307.62%

TOWN OF WINCHESTER, CONNECTICUT

Notes to the Financial Statements

Actuarial Methods and Assumptions - The annual required contribution for the current year was determined as part of the January 1, 2021 actuarial valuation using the entry age normal actuarial cost method. The funding policy consists of two parts, normal cost plus an amortization of the plan's Unfunded Actuarial Liability. For the January 1, 2022 valuation, a closed amortization period of 18 years was used. Significant actuarial assumptions used include: (1) rate of return on investments of 6.75% per year, (2) projected salary increases of 2.40% per year, and (3) a normal retirement age at the later of age 65 or 5 years of service. The unfunded actuarial accrued liability is being amortized over 18 years. Mortality was based on Pub-2010 Public Retirement Plans Amount-Weighted Mortality Table projected to valuation date with Scale MP-2021. An expenses study has not been performed.

Discount Rate – The long-term expected rate of return on investments may be used to discount liabilities to the extent that the plan's fiduciary net position and future contributions are projected to be sufficient to cover expected benefit payments and administrative expenses for current plan members. Projections of the plan's fiduciary net position incorporate all cash flows for contributions from the employer and employee and administrative expenses. Professional judgment should be applied to the projections of contributions in circumstances where a) contributions amounts are established by statute or contract or b) a formal written policy exists. Consideration should also be given to the most recent five-year contribution history as key indicators of future contributions. It should not include cash flows for future plan members.

If the amount of the plan's fiduciary net position is projected to be greater than or equal to the benefit payments and administrative expenses made in that period, the actuarial present value of payments should be discounted using the long-term expected rate of return on those investments. A 20-year, high quality (AA/Aa or higher), tax-exempt municipal bond yield or index rate must be used to discount benefit payments for periods where the fiduciary net position is not projected to cover the expected benefit payments and administrative expenses.

Plans that are projected to have a sufficient fiduciary net position indefinitely will use the long-term expected return on investments to determine liabilities but will have to substantiate their projected solvency. Plans that are projected to not have a sufficient fiduciary net position (i.e., assets are not sufficient to cover future benefit payments and administrative expenses) will be required to use a blended single equivalent discount rate, which may be significantly lower than the long-term expected rate of return on investments and will result in higher liabilities. GASB permits alternative methods to evaluate sufficiency of the plan's fiduciary net position. Based on the plan's current net pension liability and current contribution policy, the plan's projected fiduciary net position will be sufficient to cover projected benefit payments and administrative expenses indefinitely. Therefore, since the fund is not projected to run out of money, we have used the 6.75% interest rate assumption to discount plan liabilities.

	<u>Current</u> <u>Discount Rate</u> 6.75%	<u>1% Decrease</u> <u>Discount Rate</u> 5.75%	<u>1% Increase</u> <u>Discount Rate</u> 7.75%
Net pension liability as of June 30, 2022	\$4,686,027	\$5,958,234	\$3,586,920

Valuation Date and Roll Forward Process – The plan used the January 1, 2021 valuation to calculate the Actuarially Determined Employer Contribution for fiscal year ending June 30, 2022. The January 1, 2022 Total Pension Liability was increased by service cost, interest, and decreased by benefit payments to estimate the Total Pension Liability as of June 30, 2022. The Total Pension Liability as of June 30, 2022 was also adjusted to reflect any material plan changes after the valuation.

TOWN OF WINCHESTER, CONNECTICUT

Notes to the Financial Statements

Target Allocation and Expected Rate of Return June 30, 2022

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return *</u>	<u>Weighting</u>

Commodities	5.00%	3.00%	0.15%
Cash	3.00%	1.00%	0.03%
	<u>100.00%</u>		<u>4.39%</u>
Long-Term Inflation Expectation			<u>2.40%</u>
Long-Term Expected Nominal Return			<u>6.79%</u>

* Long-term returns are provided by Morgan Stanley. The returns are geometric means.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return are developed. Best estimates of the real rates of return for each major asset class are included in the pension plan's target asset allocation.

The information is based on geometric means and does not reflect additional returns through investment selection, asset allocation and rebalancing. An expected rate of return of 6.75% was used.

Changes for the year:			
Service Cost	166,246	-	166,246
Interest	929,105	-	929,105
Differences Between Expected and Actual Experience	(581,984)	-	(581,984)
Changes in Assumptions	29,070	-	29,070
Employer Contributions	-	725,000	(725,000)
Member Contributions	-	40,003	(40,003)
Net Investment Income	-	(1,429,940)	1,429,940
Benefit Payments	(945,735)	(945,735)	-
Administrative Expenses	-	(6,921)	6,921
Net Changes	(403,298)	(1,617,593)	1,214,295
Balance at June 30, 2022	\$ 13,660,116	\$ 8,974,089	\$ 4,686,027
Plan fiduciary net position as a percentage of the total pension liability			65.70%
Covered Payroll			\$ 1,523,321
Net pension liability as a percentage of covered payroll			307.62%

For the year ended June 30, 2022, the Town recognized pension expense (gain) of \$387,134. As of June 30, 2022, the Town reported deferred inflows and outflows of resources related to pension from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Town contributions subsequent to the measurement date	\$ 283,560	\$ -
Net difference between projected and actual earnings of Pension Plan investments	1,043,701	-
Differences between expected and actual experience	-	166,281
Changes of assumptions	8,306	-
Total	\$ 1,335,567	\$ 166,281

Amounts reported as deferred outflows of resources related to Town contributions after the measurement date will be recognized as a reduction of the net pension liability in the subsequent year. Other amounts reported as net deferred outflows (inflows) of resources related to pension will be recognized in the pension expense as follows:

Year ended June 30:

2023	\$ 110,015
2024	227,291
2025	120,691
2026	427,729
	<u>\$ 885,726</u>

TOWN OF WINCHESTER, CONNECTICUT
Notes to the Financial Statements

Connecticut State Teacher's Retirement System

Plan Description: Teachers, principals, superintendents, or supervisors engaged in service of public schools are provided with pensions through the Connecticut State Teachers' Retirement System (the "System"). The System is a cost sharing multiple-employer defined benefit pension plan administered by the Connecticut State Teachers' Retirement Board (CTRB). Chapter 167a of the State Statutes grants authority to establish and amend the benefited terms to the CTRB Board. The CTRB issues a publicly available financial report that can be obtained at www.ct.gov.

Benefit Provisions: The Plan provides retirement, disability and death benefits. Employees are eligible to retire at age 60 with 20 years of credited service in Connecticut, or 35 years of credited service including at least 25 years of service in Connecticut.

Normal Retirement: Retirement benefits for the employees are calculated as 2% of the average annual salary times years of credited service (maximum benefit is 75% of average annual salary during the 3 highest years of salary). In addition, amounts derived from accumulation of the 6% contributions made prior to July 1, 1989, and voluntary contributions are payable.

Early Retirement: Employees are eligible after 25 years of credited service including 20 years of Connecticut service, or age 55 with 20 years of credited service including 15 years of Connecticut service with reduced benefit amounts.

Disability Retirement: Employees are eligible for service-related disability regardless of length of service. Five years of credited service is required for non-service-related disability or eligibility. Disability benefits are calculated as 2% per year of service times the average of the highest three years of pensionable salary, as defined per the plan, but not less than 15% of average annual salary, nor more than 50% of average annual salary.

Contributions: Per Connecticut General Studies Section 10-183z, contribution requirements of active employees and the State of Connecticut are approved, amended, and certified by the State Teachers Retirement Board and appropriated by the General Assembly.

Employer (School Districts): School District employers are not required to make contributions to the plan. The statutes require the State of Connecticut to contribute 100% of each school districts' required contributions, which are actuarially determined as an amount, that, when combined with employee contributions, is expected to finance the costs of the benefits earned by employees during the year, with any additional amount to finance any unfunded accrued liability.

Employees: Participants are required to contribute 7% of their annual salary to the System as required by the CGS Section 10-183b(7). For the year ended June 30, 2022 the certified teachers' contribution to the Connecticut Teachers Retirement Board was \$396,450. Covered payroll for the town for the year ended June 30, 2022 was approximately \$5,663,576.

TOWN OF WINCHESTER, CONNECTICUT
Notes to the Financial Statements

Pension Liabilities, Pension Expense, and Deferred Outflows/Inflows of Resources Related to Pensions: At June 30, 2022 the Town reports no amounts for its proportionate share of the net pension liability, and related deferred outflows and inflows due to the statutory requirement that the State pay 100% of the required contribution. The amount recognized by the Town as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the Town were as follows:

Town's proportionate share of the net pension liability	\$ -
State's proportionate share of the net pension liability associated with the Town	<u>17,581,944</u>
Total	<u>\$ 17,581,944</u>

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021. At June 30, 2022, the Town had no proportionate share of the net pension liability.

For the year ended June 30, 2022, the Town recognized benefits expense and contribution revenue of \$1,472,207 in the governmental funds for on-behalf amounts for the benefits provided by the State. In the government-wide financial statements, the Town recognized \$1,134,955 for pension expense related to actuarial liabilities for on-behalf amounts for the benefits provided by the State.

Actuarial Assumptions: The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2010 through June 30, 2015. The total pension liability was determined by an actuarial valuation as of June 30, 2021, using the following actuarial assumptions, applied to all periods included in the measurement.

Inflation	2.50 Percent
Salary increases, including inflation	3.00-6.50 Percent
Long-term investment rate of return, net of pension investment expense, including inflation.	6.90 Percent

Mortality rates were based on the PubT-2010 Healthy Retiree Table (adjusted 105% for males and 103% for females as ages 82 and above), projected generationally with MP-2019 for the period after service retirement.

Future Cost-of-Living increases for members who retired prior to September 1, 1992, are made in accordance with increases in the Consumer Price Index, with a minimum of 3% and a maximum of 5% per annum. For teachers who were members of the Teachers' Retirement System before July 1, 2007, and retire on or after September 1, 1992, pension benefit adjustments are made that are consistent with those provided for Social Security benefits on January 1 of the year granted, with a maximum of 6% per annum. If the return on assets in the previous year was less than 8.5%, the maximum increase is 1.5%. For teachers who were members of the Teachers' Retirement System after July 1, 2007, pension benefit adjustments are made that are consistent with those provided for Social Security benefits on January 1 of the year granted, with a maximum of 5% per annum. If the return on assets in the previous year was less than 11.5%, the maximum increase is 3%, and if the return on the assets in the previous year was less than 8.5%, the maximum increase is 1.0%.

TOWN OF WINCHESTER, CONNECTICUT
Notes to the Financial Statements

The long-term expected rate of return on pension investments was determined using a log-normal distributions analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The current capital market assumptions and the target asset allocation as provided by the Treasurer's Office are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Equity Fund	20.00%	5.60%
Developed Market Intl. Stock Fund	11.00%	6.00%
Emerging Market Intl. Stock Fund	9.00%	7.90%
Core Fixed Income Fund	16.00%	2.10%
Inflation Linked Bond Fund	5.00%	1.10%
Emerging Market Debt Fund	5.00%	2.70%
High Yield Bond Fund	6.00%	4.00%
Real Estate Fund	10.00%	4.50%
Private Equity	10.00%	7.30%
Alternative Investments	7.00%	2.90%
Liquidity Fund	1.00%	0.40%

Discount Rate: The discount rate used to measure the total pension liability was 6.90%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that State contributions will be made at the actuarially determined rates in future years. Based on those assumptions, the pension's fiduciary net position was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return on pension investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate: The Town's proportionate share of the net pension liability is \$0 and therefore the change in the discount rate would only impact the amount recorded by the State of Connecticut.

Municipal Employees' Retirement System

Plan Description: All Town employees not covered by the Town's defined contribution plan, the Town's defined benefit pension plan, or the teacher retirement system participate in the Municipal Employees' Retirement System (MERS). This is a cost-sharing multiple-employer public employee retirement system (PERS) established by the State of Connecticut and administered by the State Retirement Commission to provide pension benefits for the employees of participating local government authorities. Chapters 7-425 to 7-451 of the State of Connecticut General Statutes, which can be amended by legislative action, establishes MERS benefits, member contribution rates and other plan provisions. MERS is considered to be part of the State of Connecticut's financial reporting entity and is included in the State's financial reports as a pension trust fund. Those reports can be obtained at www.ct.gov.

TOWN OF WINCHESTER, CONNECTICUT
Notes to the Financial Statements

Benefit Provisions: The Plan provides retirement, disability and death benefits, and annual cost-of-living adjustments to plan members and their beneficiaries. Employees are eligible to retire at age 55 with 5 years of continuous service, or 15 years of active aggregate service, or 25 years of aggregate service. In addition, compulsory retirement is at age 65 for police and fire members.

Normal Retirement: For members not covered by social security, retirement benefits are calculated as 2% of average final compensation, times years of service. For members covered by social security, retirement benefits are calculated as 1.5% of the average final compensation not in excess of the year's breakpoint plus 2% of average final compensation in excess of the year's breakpoint, times years of service. Maximum benefit is 100% of average final compensation and the minimum benefit is \$1,000 annually.

Early Retirement: Members must have 5 years of continuous or 15 years of active aggregate service. Benefits are calculated as a service retirement allowance on the basis of the average of the three highest paid years of service to the date of termination. Deferred to normal retirement age, or an actuarially reduced allowance may begin at the time of separation.

Disability Retirement – Service Connected: Employees who are totally and permanently disabled and such disability has arisen out of and in the course of employment with the municipality. Disability due to heart and hypertension in the case of fire and police, is presumed to have been suffered in the line of duty. Benefits are calculated as a service retirement allowance based on compensation and service to the date of the disability with a minimum benefit (including worker's compensation benefits) of 50% of compensation at the time of disability, are eligible after 25 years of credited service including 20 years of Connecticut service, or age 55 with 20 years of credited service including 15 years of Connecticut service with reduced benefit amounts.

Disability Retirement – Non-Service Connected: Employees who have 10 years of service and are totally and permanently disabled. Benefits are calculated as a service retirement allowance based on compensation and service to the date of the disability.

Death Benefit: Employees who are eligible for service, disability, or early retirement and married for at least 12 months preceding death. Benefits are calculated based on the average of the three highest paid years of service and creditable service at date of death, payable to the spouse. Benefit is equal to 50% of the average of the life annuity allowance and the reduced 50% joint and survivor allowance.

Contributions - Member: Contributions for members not covered by social security are 6% of compensation; for members covered by social security, 3.25% of compensation up to the social security taxable wage base plus 6%, if any, in excess of such base.

Contributions – Employer: Participating employers make annual contributions consisting of a normal cost contribution, a contribution for the amortization of the net unfunded accrued liability and a prior service amortization payment, which covers the liabilities of MERS not met by member contributions.

Pension Liabilities, Pension Expense, and Deferred Outflows/Inflows of Resources Related to Pensions: At June 30, 2022, the Town reports a total liability of \$2,485,014 for government-wide financials for its proportionate share of the net pension liability. The net pension liability was measured at June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation at that date. The Town's proportion of the net pension liability was based on a projection of the Town's long-term share of contributions to the pension plan relative to the projected contributions of all participants, actuarially determined. At June 30, 2021, the Town's proportion was 4.93%.

TOWN OF WINCHESTER, CONNECTICUT
Notes to the Financial Statements

For the year ended June 30, 2022, the Town recognized pension expense in the government-wide financial statements of \$417,938. As of June 30, 2022, the Town reported deferred inflows and outflows of resources related to pension from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Town contributions subsequent to the measurement date	\$ 444,072	\$ -
Net difference between projected and actual earnings	-	1,093,266
Difference between expected and actual experience	193,274	335,906
Changes in assumptions	324,172	-
Change in proportional share	241,137	7,548
Total	<u>\$ 1,202,655</u>	<u>\$ 1,436,720</u>

Amounts reported as deferred outflows of resources related to Town contributions after the measurement date will be recognized as a reduction of the net pension liability in the subsequent year. Amounts reported as deferred outflows of resources related to pension will be recognized in the pension expense as follows:

Year ended June 30:

2023	\$ 100,112
2024	(212,458)
2025	(247,872)
2026	(317,919)
	<u>\$ (678,137)</u>

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021.

Actuarial Assumptions: The total pension liability was determined by an actuarial valuation as of June 30, 2021, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50 Percent
Salary increases, including inflation	3.50-10.00 Percent
Long-term investment rate of return, net of pension investment expense, including inflation.	7.00 Percent

Mortality rates were based on the RP-2014 Combined Mortality Table adjusted to 2006 and projected to 2015 with Scale MP-2017 and projected to 2022 with Scale BB for General Employees for the period after retirement and for dependent beneficiaries. The RP-2014 Blue Collar Mortality Table adjusted to 2006 and projected to 2015 with Scale MP-2017 and projected to 2022 with Scale BB is used by Police and Fire for the period after retirement and for dependent beneficiaries. For disabled retirees, the RP-2014 Disabled Retiree Mortality Table projected to 2020 by Scale BB is used.

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2012 – June 30, 2017.

TOWN OF WINCHESTER, CONNECTICUT

Notes to the Financial Statements

The long-term expected rate of return on pension plan investments was determined using a statistical analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Equity	20.00%	5.30%
Developed Market International	11.00%	5.10%
Emerging Market International	9.00%	7.40%
Core Fixed Income	16.00%	1.60%
Inflation Linked Bond	5.00%	1.30%
Emerging Market Debt	5.00%	2.90%
High Yield Bonds	6.00%	3.40%
Real Estate	10.00%	4.70%
Private Equity	10.00%	7.30%
Alternative Investments	7.00%	3.20%
Liquidity Fund	<u>1.00%</u>	0.90%
Total	<u>100.00%</u>	

Discount Rate: The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at the actuarially determined contribution rates in the future years. Based on those assumptions, the pension's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate: The following presents the Town's proportionate share of the net pension liability, calculated using the discount rate of 7.00%, as well as what the Town's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
	<u>6.0%</u>	<u>7.0%</u>	<u>8.0%</u>
Net Pension Liability as of June 30, 2022	<u>\$ 4,352,317</u>	<u>\$ 2,485,014</u>	<u>\$ 909,208</u>

TOWN OF WINCHESTER, CONNECTICUT

Notes to the Financial Statements

NOTE 6 - OTHER POSTEMPLOYMENT BENEFITS

Plan Description: The Town allows certain retired employees and their spouses to remain on the Town's health insurance plan until age 65. Certified Board of Education employees age 50 with 25 years of service or age 55 with 20 years of service or age 60 with 10 years of service are eligible. Town employees are eligible at age 55 with 10 years of service or Rule of 75. There are no assets accumulated in a trust that meets the criteria in GASB Statement No. 73.

Funding Policy: Retired Certified Board of Education employees pay 100% of the premiums. The Board of Education pays for 50% of each retiree's annual Health Savings Account contribution, which equals \$750 for single coverage and \$1,500 for 2 person or family coverage. All other Town retirees pay 100% of the premiums and 100% of any Health Savings Account contributions. The Town pays the full cost of insurance for one current retiree per a specific settlement agreement.

Effective June 2017, a Voluntary Employee Benefits Association (VEBA) trust was to be established by the Police Union, which is designed to provide medical benefits to police retirees. Per the Police Union labor contract, the primary funding source for this trust is a \$10 per hour surcharge on all outside details, which is paid by the contractor engaging the police to be present on the job site. The Town has no future funding requirements to police retiree medical benefits. At June 30, 2022 one current police retiree has medical coverage with the Town until age 65 per a specific settlement agreement.

Employees Covered by Benefit Terms: At June 30, 2022, the following employees were covered by the benefit terms:

Inactive plan members or beneficiaries currently receiving benefits	7
Active plan members	120
	<u>127</u>

Total OPEB Liability: The Town's total OPEB liability of \$2,717,786 was measured as of June 30, 2022 and was determined by an actuarial valuation as of July 1, 2020.

Actuarial Assumptions and Other Inputs: The total OPEB liability in the July 1, 2020 valuation was determined using the following assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Measurement Date	June 30, 2022 for June 30, 2022 Reporting Date
Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of Salary
Salary Increases	2.4% (Prior 2.6%)
Discount Rate	3.54% (Prior 2.16%) Which is based on the 20-bond GO index effective as of June 30, 2022.
Mortality Rates	Pub-2010 Public Retirement Plans Amount-Weighted Mortality Tables, projected to the valuation date with Scale MP-2020.

TOWN OF WINCHESTER, CONNECTICUT

Notes to the Financial Statements

Changes in the Total OPEB Liability:

	Total OPEB Liability
Balance at 6/30/21	\$ 3,256,148
Changes for the year:	
Service Cost	92,514
Interest	70,767
Difference Between Expected and Actual Experience	19,725
Changes of Benefit Terms	-
Changes in Assumptions	(575,734)
Benefit Payments	(145,634)
Net Changes	(538,362)
Balance at 6/30/22	<u>\$ 2,717,786</u>

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate: The following presents the total OPEB liability of the Town, as well as what the Town's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.54%) or 1-percentage-point higher (4.54%) than the current discount rate:

	Current Discount Rate 3.54%	1% Decrease 2.54%	1% Increase 4.54%
Total OPEB Liability as of June 30, 2022	\$ 2,717,786	\$ 3,115,635	\$ 2,400,079

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates: The following presents the total OPEB liability of the Town, as well as what the Town's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower (5.50% decreasing to 3.40%) or 1-percentage-point higher (7.50% decreasing to 5.40%) than the current healthcare cost trend rates:

	Healthcare Cost Trend Rates	1% Decrease	1% Increase
Total OPEB Liability as of June 30, 2022	\$ 2,717,786	\$ 2,341,975	\$ 3,190,849

OPEB Expense: For the year ended June 30, 2022, the Town recognized OPEB expense of \$60,907. As of June 30, 2022, deferred inflows and outflows of resources related to OPEB are reported as follows:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 303,034	\$ 849,152
Changes of assumptions	455,829	603,942
Total	<u>\$ 758,863</u>	<u>\$ 1,453,094</u>

2024		(90,494)
2025		(90,494)
2026		(90,494)
2027		(90,494)
Thereafter		<u>(241,761)</u>
	\$	<u>(694,231)</u>

Connecticut Teachers' Retirement System - OPEB

Plan Description - Teachers, principals, superintendents or supervisors engaged in service of public schools are provided with benefits, including retiree health insurance, through the Connecticut Teachers' Retirement System—a cost sharing multiemployer defined benefit pension plan administered by the TRB. Chapter 167a of the State Statutes grants authority to establish and amend the benefit terms to the TRB. TRS issues a publicly available financial report that can be obtained at www.ct.gov.

Benefit Provisions - The Plan covers retired teachers and administrators of public schools in the State who are receiving benefits from the Plan. The Plan provides healthcare insurance benefits to eligible retirees and their spouses. Any member that is currently receiving a retirement or disability benefit through the Plan is eligible to participate in the healthcare portion of the Plan. Subsidized Local School District Coverage provides a subsidy paid to members still receiving coverage through their former employer and the TRB Sponsored Medicare Supplemental Plans provide coverage for those participating in Medicare, but not receiving Subsidized Local School District Coverage.

Any member that is not currently participating in Medicare Parts A & B is eligible to continue healthcare coverage with their former employer. A subsidy of up to \$110 per month for a retired member plus an additional \$110 per month for a spouse enrolled in a local school district plan is provided to the school district to first offset the retiree's share of the cost of coverage, any remaining portion is used to offset the district's cost. The subsidy amount is set by statute, and has not increased since July of 1996. A subsidy amount of \$220 per month may be paid for a retired member, spouse or the surviving spouse of a member who has attained the normal retirement age to participate in Medicare, is not eligible for Part A of Medicare without cost, and contributes at least \$220 per month towards coverage under a local school district plan. Employees are eligible to retire at age 60 with 20 years of credited service in Connecticut, or 35 years of credited service including at least 25 years of service in Connecticut. Any member that is currently participating in Medicare Parts A & B is eligible to either continue health care coverage with their former employer, if offered, or enroll in the plan sponsored by the system. If they elect to remain in the Plan with their former employer, the same subsidies as above will be paid to offset the cost of coverage.

Contributions - Per Connecticut General Statutes Section 10-183z (which reflects Public Act 79-436 as amended), contribution requirements of active employees and the State of Connecticut are amended and certified by the TRB and appropriated by the General Assembly. The State pays for one third of plan costs through an annual appropriation in the General Fund.

School district employers are not required to make contributions to the Plan. The State of Connecticut's estimated allocated contribution to the Plan on behalf of the Town was \$34,644.

TOWN OF WINCHESTER, CONNECTICUT

Notes to the Financial Statements

The cost of providing plan benefits is financed on a pay-as-you-go basis as follows: active teachers' pay for one third of the Plan costs through a contribution of 1.25% of their pensionable salaries, and retired teachers pay for one third of the Plan costs through monthly premiums, which helps reduce the cost of health insurance for eligible retired members and dependents.

Actuarial Assumptions - The total OPEB liability was determined by an actuarial valuation as of June 30, 2021 using the following actuarial assumptions and other inputs, applied to all periods included in the measurement:

Inflation	2.50%
Real Wage Growth	0.50%
Wage Inflation	3.00%
Salary increases	3.00-6.50%, including inflation
Long-term investment rate of return	3.00%, net of OPEB plan investment expense, including inflation
<u>Municipal bond index rate:</u>	
Measurement Date	2.16%
Prior Measurement Date	2.21%

The projected fiduciary net position is projected to be depleted in 2023.

Single equivalent interest rate

Measurement Date	2.17%, net of OPEB plan investment expense, including price inflation
Prior Measurement Date	2.21%, net of OPEB plan investment expense, Including price inflation

Healthcare cost trend rates:

Medicare	5.125% for 2020 decreasing to an ultimate Rate of 4.50% by 2023.
----------	--

Mortality rates were based on the PubT-2010 healthy Retiree Table (adjusted 105% for males and 103% for females as ages 82 and above), projected generationally with MP-2019 for the period after service retirement.

Long-Term Rate of Return - The long-term expected rate of return on plan assets is reviewed as part of the GASB 75 valuation process. Several factors are considered in evaluation the long-term rate of return assumption, including the Plan's current asset allocations and a log-normal distribution analysis using the best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) for each major asset class.

The long-term expected rate of return was determined by weighing the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The assumption is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

TOWN OF WINCHESTER, CONNECTICUT

Notes to the Financial Statements

The target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Expected 10-Year Geometric Real Rate of Return	Standard Deviation
U.S. Treasuries (Cash Equivalents)	100.0%	-0.42%	1.78%
Price inflation		2.50%	
Expected rate of return (Rounded nearest 0.25%)		2.00%	

Discount Rate - The discount rate used to measure the total OPEB liability was 2.17%. The projection of cash flows used to determine the discount rate was performed in accordance with GASB 75. The projection's basis was an actuarial valuation performed as of June 30, 2020. In addition to the actuarial methods and assumptions of the June 30, 2020 actuarial valuation, the following actuarial methods and assumptions were used in the projection of cash flows:

- Total payroll for the initial projection year consists of the payroll of the active membership present on the valuation date. In subsequent projection years, total payroll was assumed to increase annually at a rate of 3.00%.
- Employee contributions were assumed to be made at the current member contribution rate. Employee contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members.
- Annual State contributions were assumed to be equal to the most recent five-year average of state contributions toward the fund.

Based on those assumptions, the plan's fiduciary net position was projected to be depleted in 2023 and, as a result, the Municipal Bond Index Rate was used in the determination of the single equivalent rate.

Sensitivity of the Net OPEB Liability to Changes in Healthcare Cost Trend Rates - The following presents the total OPEB liability, calculated using current cost trend rates, as well as what the Plan's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage point lower or 1-percentage point higher than current healthcare cost trend rates:

	1% Lower Trend Rates	Current Trend Rates	1% Higher Trend Rates
Initial Healthcare Cost Trend Rate	4.125%	5.125%	6.125%
Ultimate Healthcare Cost Trend Rate	3.50%	4.50%	5.50%
Total OPEB Liability	\$ 1,604,352	\$ 1,915,521	\$ 2,341,036

TOWN OF WINCHESTER, CONNECTICUT

Notes to the Financial Statements

Sensitivity of the Net OPEB Liability to Changes in Discount Rates - The following presents the net OPEB liability, calculated using the current discount rate, as well as what the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	1% Decrease (1.17%)	Current Discount Rate (2.17%)	1% Increase (3.17%)
Net OPEB liability	\$ 2,344,531	\$ 1,915,521	\$ 1,581,119

Pension Liabilities, Pension Expense, and Deferred Outflows/Inflows of Resources Related to Pensions: At June 30, 2022 the Town reports no amounts for its proportionate share of the net OPEB liability, and related deferred outflows and inflows due to the statutory requirement that the State pay 100% of the required contribution. The amount recognized by the Town as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the Town were as follows:

Town's proportionate share of the net OPEB liability	\$ -
State's proportionate share of the net OPEB liability associated with the Town	<u>1,915,521</u>
Total	<u>\$ 1,915,521</u>

The net OPEB liability was measured as of June 30, 2021, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2021. At June 30, 2022, the Town had no proportionate share of the net OPEB liability.

For the year ended June 30, 2022, the Town recognized OPEB expense and revenue of \$34,644 in the governmental funds for on-behalf amounts for the benefits provided by the State. In the government-wide financial statements, the Town recognized (\$70,734) for OPEB expense related to actuarial liabilities for on-behalf amounts for the benefits provided by the State.

NOTE 7 - OTHER INFORMATION

Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties, except for worker's compensation, which is handled through an interlocal risk pool. Settled claims for these risks did not exceed commercial insurance coverage for the current year or three prior years.

TOWN OF WINCHESTER, CONNECTICUT

Notes to the Financial Statements

A schedule of changes in the claims liability for heart and hypertension judgments for the years ended June 30, 2022, 2021 and 2020, is presented below:

	Accrued Liability Beginning of Fiscal Year	Current Year Claims and Changes in Estimates	Accrued Liability Claim Payments	Accrued Liability End of Fiscal Year
2019-20	\$ 857,261	\$ -	\$ 65,349	\$ 791,912
2020-21	791,912	-	66,606	725,306
2021-22	725,306	-	65,349	659,957

Interlocal Risk Pool

The Town is a member of the Connecticut Interlocal Risk Management Agency (CIRMA), an unincorporated association of Connecticut local public agencies which was formed in 1980 by the Connecticut Conference of Municipalities for the purpose of establishing and administering an interlocal risk management program pursuant to the provisions of Section 7-479a et. seq. of the Connecticut General Statutes. The Workers' Compensation Pool provides statutory benefits pursuant to the provisions of the Connecticut Workers' Compensation Act. CIRMA currently has 203 members in the Workers' Compensation Pool. CIRMA's Workers' Compensation Pool retains up to \$1,000,000 per occurrence. Claims over \$1,000,000 are reinsured. The pooling agreement allows CIRMA to make additional assessments to make the pool self-sustaining. The Town cannot estimate the amount of such additional assessments and has not been notified that any assessments are forthcoming. CIRMA publishes its own financial report, which can be obtained from: CIRMA, 900 Chapel Street, New Haven, CT.

Contingent Liabilities

There are various suits and claims pending against the Town, none of which, individually or in the aggregate, is believed by counsel to be likely to result in judgment or judgments that could materially affect the Town's financial position.

The Town may be subject to rebate penalties to the federal government relating to various bond note issues. The Town expects such amounts, if any, to be immaterial.

The Town participates in Regional Refuse District No. 1, a transfer station that was formally a landfill. The District has been informed that its landfill is on the Superfund list and has been named a potentially responsible party by the Environmental Protection Agency. The District has settled its liability for the Remedial Investigation/Feasibility Study, and the EPA has approved a long-term natural attenuation and monitoring program as the final remedy for the site. The annual financial obligation for this long-term work was funded by amounts obtained in grant funds and assessed to all PRP's and set aside in a trust fund for these activities. At this point, it is premature to estimate the final cost of the program, as the total cost of post closure care is an estimate and subject to changes resulting from inflation, deflation, technology, or changes in applicable laws and regulations. The towns served by the District are required to pay any shortfall in the District's budget. The Town of Winchester, CT is responsible for approximately 51% of any such shortfall.

TOWN OF WINCHESTER, CONNECTICUT
Notes to the Financial Statements

NOTE 8 –PRIOR PERIOD RESTATEMENT

During the fiscal year ended June 30, 2022, the Town reclassified the Student Activity Funds from Fiduciary Funds to Special Revenue Funds. The effects of this reclassification are below:

	Fiduciary Funds	Special Revenue Funds
	Custodial Funds	Student Activity Funds
Net position as previously reported as June 30, 2021	\$ 10,579	\$ -
To reclassify fund to proper fund type	(10,579)	10,579
Net position as restated at July 1, 2021	<u>\$ -</u>	<u>\$ 10,579</u>

NOTE 9 –UPCOMING PRONOUNCEMENTS

GASB Pronouncements Issued, But Not Yet Effective

The Governmental Accounting Standards Board (GASB) has issued several pronouncements that have effective dates that may impact future financial presentations. Management has not currently determined what, if any, impact implementation of the following statements may have on the financial statements:

GASB Statement No. 91 – *Conduit Debt Obligations* – The primary objectives of this statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The requirements of this statement are effective for the Town’s reporting period beginning July 1, 2022.

GASB Statement No. 94 – *Public-Private and Public-Public Partnerships and Availability Payment Arrangements* – The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). The requirements of this statement are effective for the Town’s reporting period beginning July 1, 2022.

GASB Statement No. 96 – *Subscription-Based Information Technology Arrangements* – This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, *Leases*, as amended. The requirements of this statement are effective for the Town’s reporting period beginning July 1, 2022.

TOWN OF WINCHESTER, CONNECTICUT

Notes to the Financial Statements

GASB Statement No. 99 – *Omnibus 2022* - The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The requirements related to extension of the use of LIBOR, accounting for SNAP distributions, disclosures of nonmonetary transactions, pledges of future revenues by pledging governments, clarification of certain provisions in Statement 34, as amended, and terminology updates related to Statement 53 and Statement 63 are effective upon issuance. The requirements related to leases, PPPs, and SBITAs are effective for the Town's reporting period beginning July 1, 2022. The requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 are effective for the Town's reporting period beginning July 1, 2023.

GASB Statement No. 100 – *Accounting Changes and Error Corrections* - The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The requirements of this Statement are effective for the Town's reporting period beginning July 1, 2023.

GASB Statement No. 101 – *Compensated Absences* - The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this Statement are effective for the Town's reporting period beginning July 1, 2024.

TOWN OF WINCHESTER, CONNECTICUT
Summary of Significant Accounting Principles

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Budgetary Information and Accounting

The budgets are prepared on a modified accrual basis of accounting except for encumbrances. Encumbrances are recognized as a valid and proper charge against a budget appropriation in the year in which the purchase order is issued and, accordingly, encumbrances outstanding at year-end are reflected in budgetary reports as expenditures in the current year.

Encumbrance accounting is employed in the governmental funds. Open encumbrances are reported as reservations of fund balances since the commitments will be honored in subsequent years. Encumbrances do not constitute expenditures or liabilities in the governmental funds.

Budgetary/GAAP Reconciliation

Accounting principles applied for purposes of developing data on a budgetary basis differ from those used to present financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP basis"). The differences consist primarily of payments made by the State of Connecticut "on-behalf" of the Town into the State Teachers' Retirement System, which are not recorded for budgetary purposes, the revenues and expenditures for Water/Sewer Debt Service are shown in the General Fund for budgetary purposes and in the Proprietary funds for the GAAP statements, and expenditures from the BOE nonlapsing fund are shown for GAAP and not budgetary purposes. The budget as presented has been amended by the Board of Selectmen throughout the year.

A reconciliation of General Fund amounts presented on the budgetary basis to amounts presented on the GAAP basis is as follows for the year ended June 30, 2022:

	<u>Total Revenue</u>	<u>Total Expenses</u>	<u>Other Financing Sources (Uses)</u>
Budgetary Basis	\$ 35,468,854	\$ 33,279,996	\$ (1,075,000)
"On-behalf" payments - State Teachers Retirement Fund	1,506,851	1,506,851	-
Adjustment for Encumbrances	-	147,504	-
Capital Improvements Fund Transfer	-	-	(1,940,182)
Reclass Water/Sewer Debt Service	<u>(226,551)</u>	<u>(195,737)</u>	<u>30,814</u>
P Basis	<u>\$ 36,749,154</u>	<u>\$ 34,738,614</u>	<u>\$ (2,984,368)</u>

Notes to Schedule

Valuation Date: 1/1/2022

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry Age Normal Level Percent of Salary
Amortization method	Closed
Remaining amortization period	17 yrs
Asset valuation method	The Actuarial Value of assets used in the development of plan contributions phases in the recognition of differences between the actual return on Market Value and expected return on Market Value over a 5-year period at 20% per year. The Actuarial Value is adjusted, if necessary, to be within the range of 80% and 120% of the Market Value of assets.
Salary increases	2.40% increase per year (Previously 3.00%)
Investment rate of return	6.75%
Normal Retirement	Later of age 65 or 5 years of service.
Mortality	Pub-2010 Public Retirement Plans Amount-Weighted Mortality Table projected to the valuation date with Scale MP-2021

See accountant's report.

Supplemental, Combining Individual Nonmajor Fund Statements, and Schedules

Nonmajor Governmental Funds

Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

Industrial Park #2 Fund - To account for revenues and expenditures for the marketing and sales of lots in the Town's second industrial park.

Cafeteria Fund - To account for the Child Nutrition Program. Revenues consist of sales of food and grant subsidies for nutrition.

Small Cities - To account for federal grant revenues from the U.S. Department of Housing and Urban Development and subsequent loans to entities for various grant years.

Brownfields Pilot Program - To account for a grant from the U.S. E.P.A. and related expenditures to study and redevelop several potentially contaminated manufacturing sites.

City Sidewalks Fund - To account for revenues and expenditures relating to the maintenance of sidewalks.

Elderly Enrichment Part I Fund - To account for the revenues and expenditures relating to day services for developmentally disabled individuals.

Cemetery Association Trust Fund - To account for the revenues and expenditures relating to the maintenance of the Forest View Cemetery.

Anti-Blight Fund – To account for the revenues and expenditures relating to the clean-up of blighted properties inside the Town.

Soldiers Monument Restoration Fund - To account for the revenues and expenditures relating to the renovation of the monument structure at the soldiers monument park.

CHAMPS Fund – To account for activity of an after-school enrichment program.

Winchester School Trust Fund - To account for beneficiary funds received from the W. H. Batcheller Trust to provide scholarships on an annual basis to local youth who excel in the school system.

Winchester Bond Sinking Fund - To account for funds established for the retirement of debt. The fund balance must exceed \$75,000 before any funds can be utilized.

Forest View Cemetery Chapel Trust Fund - To account for the revenues and expenditures for the repairs and maintenance of the chapel located on the grounds of the Forest View Cemetery.

Crippled Children Trust Fund - This fund was established to provide funds for disabled children.

Beverly Pass Fund - This fund was established as a scholarship fund.

Grants & Donations Fund – To account for revenue and expenditures from estate bequeaths, citizen donations, and funds arising from organizations declaring a non-taxable status, as well as fee-based recreation programs.

Capital Non-Recurring Funds

Capital Improvements Fund - This fund is used to account for various long-term capital projects.

Permanent Funds

Forest View Cemetery Fund - This fund was established to accumulate donations and other resources, the income on which is used for the operation and maintenance of the Town's Forest View Cemetery and to purchase cemetery land.

Winchester Center Cemetery Fund - This fund was established to accumulate donations and other resources, the income on which is used for the operation and maintenance of the Winchester Center Cemetery and to purchase cemetery land.

Winchester Memorial Park Fund - This fund was established to provide funds to make repairs and improvements to the Town of Winchester parks.

Jane A Nisbet Fund - This fund was established to accumulate interest with the income used for the operation and maintenance of the Forest View Cemetery.

Town Park Fund - To account for funds contributed to the Town, the income on which is used for repairs and maintenance of the Town parks.

Statistical Section

Statistical Section Information

The objectives of statistical section information are to provide financial statement users with additional historical perspective, context, and detail to assist in using the information in the financial statements, notes to financial statements, and required supplementary information to understand and assess economic conditions.

Statistical section information is presented in the following categories:

- *Financial trends information* is intended to assist users in understanding and assessing how financial position has changed over time.
- *Revenue capacity information* is intended to assist users in understanding and assessing the factors affecting the ability to generate *own-source revenues* (property taxes, charges for services, etc.)
- *Debt capacity information* is intended to assist users in understanding and assessing debt burden and the ability to issue additional debt.
- *Demographic and economic information* is intended 1) to assist users in understanding the socioeconomic environment and 2) to provide information that facilitates comparisons of financial statement information over time and among governments.
- *Operating information* is intended to provide contextual information about operations and resources to assist readers in using financial statement information to understand and assess economic condition.

The accompanying tables are presented in the above order. Refer to the Table of Contents for applicable page number locations.

Sources: Unless otherwise noted, the information in the tables is derived from the annual comprehensive financial reports for the relevant year.

Note: Details regarding the Town's outstanding debt can be found in the notes to the financial statements.

¹ See Table 5 for taxable property value data

² See Table 13 for personal income and population data. These ratios are calculated using personal income and population for the prior calendar year.

TOWN OF WINCHESTER, CONNECTICUT
Schedule of Debt Limitation
June 30, 2022

Table 9

Total Tax Collection, Including Interest and Lien Fees for Prior Fiscal Year	\$ 24,592,914
---	---------------

Reimbursement for Revenue Loss on:	
Tax Relief for Elderly and Disabled (Prior Year)	1,116
Base	\$ 24,594,030

	General Purposes (2.25 x base)	Schools (4.50 x base)	Sewers (3.75 x base)	Urban Renewal (3.25 x base)	Pension Deficit (3.00 x base)
Debt Limitation:					
Statutory Debt Limits by Function	\$ 55,336,568	\$ 110,673,135	\$ 92,227,613	\$ 79,930,598	\$ 73,782,090
Indebtedness:					
Bonds Payable	836,000	-	-	-	-
Note Payable	-	5,000,000	-	-	-
Clean Water Fund Loans	-	-	168,969	-	-
Authorized but Unissued Debt	24,700,000	12,109,925	- **	-	-
Total Indebtedness	25,536,000	17,109,925	168,969	-	-
Debt Limitation in Excess of Debt*	\$ 29,800,568	\$ 93,563,210	\$ 92,058,644	\$ 79,930,598	\$ 73,782,090

*In no event shall total debt exceed seven times annual receipts from base. The maximum amount permitted under this formula would be approximately \$172,158,210.

**Per Connecticut General Statutes 7-734 - Bonded indebtedness of municipalities - the aggregate indebtedness of the Town shall exclude each bond, note and other evidence of indebtedness issued for the supply of water. As such, the Town has excluded \$6,200,000 in authorized but unissued debt for the drinking water project.
