Addendum to Request for Proposals (RFP) for Winsted Fire Department Feasibility Study

RFP Subject to Addendum:	Request for Proposals (RFP) for Winsted Fire Department Feasibility Study
Addendum Date Issued:	Monday, September 21, 2026

1. Questions and Answers

- Q: The RFP at the beginning of the intro seems to make reference to 2 projects. Please confirm 1 design is what you are looking for.
- A: Yes, one design.
- Q: In Parts C and D the RFP asks to identify rights-of-way, easements and property constraints, as well as existing utility conflicts and site grading/drainage. These will only be identified by a full A2/T2 survey, which will be necessary for permitting and construction. However, typically for feasibility studies, base mapping from GIS is what is utilized. Please clarify if you want a full A2/T2 survey performed as part of this feasibility study.
- A: Mapping from GIS will be sufficient. When developing the probable cost of the project I am sure the cost to perform the A2/T2 study will be estimated in the overall cost.

2. Correspondence

Questions regarding the Request for Proposals may be submitted in writing to tmoffice@townofwinchester.org.
