Purpose of this Document
The purpose of this document is to provide a concise, easy to read, summary of the sport fishing regulations and definitions. Please make note that this document may not be current as laws and regulations may have changed since the printing of this document. Every effort has been made to ensure the information provided here is accurate, however, for legal purposes the official regulations/definitions are found on the web page of the Connecticut Secretary of State.

We encourage the use of the digital versions, freshwater and saltwater, found on the DEEP Fisheries Division web page as web-based content can be modified or updated immediately as required.

“The Connecticut Department of Energy and Environmental Protection is an Affirmative Action/Equal Opportunity Employer that is committed to complying with the requirements of the Americans with Disabilities Act. If you are seeking a communication aid or service, have limited proficiency in English, wish to file an ADA or Title VI discrimination complaint, or require some other accommodation, including equipment to facilitate virtual participation, please contact the DEEP Office of Diversity and Equity at 860-418-5910 or by email at deep.accommodations@ct.gov. Any person needing an accommodation for hearing impairment may call the State of Connecticut relay number -711. In order to facilitate efforts to provide an accommodation, please request all accommodations as soon as possible following notice of any agency hearing, meeting, program or event.”
General Fishing License Information

Fishing fuels conservation! 100% of your investment in a fishing licenses comes to DEEP’s Bureau of Natural Resources. These funds are used to support programs that feed your passion. Examples include; trout rearing and stocking, purchase of pike, walleye, and channel catfish, land acquisition for conservation and fishing access, maintenance of boat ramps, restoration of migratory fish species, monitoring of resident fish populations (marine and freshwater), and education. Thank you for your continued support.

A fishing license is required for all persons age 16 or older.

Fishing licenses are:
- Issued on a calendar year basis and expire on December 31st,
- Can be purchased online 24/7 at https://portal.ct.gov/CTOutdoorLicenses,
- Discounted by 50% for Connecticut residents who are age 16 or 17,
- Not required for anyone under age 16,
- Free for Connecticut residents age 65 or older.

Freshwater Specific: A Trout and Salmon Stamp is required for all persons age 16 and older when:

A. Taking (keeping any trout or salmon) or
B. Fishing in a water designated as:
   - Trout Management Area (Rivers)
   - Trout Park
   - Wild Trout Management Area Class 1, 2, or 3
   - Atlantic Salmon Management Area

Marine/Saltwater Specific: License Reciprocity—under reciprocity agreements with Maine, Massachusetts, Rhode Island, and New York, anglers holding a valid Marine Waters Fishing License in any of these states may fish in the marine district and land marine fish in this state (CT). CT residents holding a valid Marine Waters Fishing License for CT may also fish in the marine district of Maine, Massachusetts, Rhode Island, and New York.

Note: Connecticut residents must hold a valid Connecticut marine waters fishing license to fish in CT (meaning a CT resident cannot use a Marine Waters Fishing License from Maine to fish in CT waters and claim reciprocity).
What is New for 2023

Seasons:
Removes the closed season for fishing on all lakes, ponds, rivers, and streams. *(Legal access to get to the water is still required. For example a park may have hours when the park is closed to all activity).*

Establishes a statewide “Catch and Release” season for trout and kokanee from March 1 to 6:00 am on the second Saturday of April (opening day of harvest).

Extends the season on trout management lakes to 6:00 am on the second Saturday of April (opening day of harvest) from March 31.

Retains prohibition for fishing in thermal refuges to protect trout seeking refuge in cold-water tributaries as indicated by signs posted by CT DEEP.

Species:

Revises the statewide daily creel limit to for trout and kokanee to be 5 trout daily AND 5 kokanee daily (previously 5 of either, 8 in aggregate).

Waterbodies:

Establishes the following special trout regulations on East Twin Lake and Lake Wononskopomuc: During the period from 6:00 a.m. on the second Saturday in April through the last day of February the daily creel limit for trout shall be five, not more than one of which may be a brown trout, and the minimum length for brown trout shall be twenty-two inches. During the period from March first through 6:00 a.m. on the second Saturday in April, inclusive, the daily creel limit for trout shall be one and the minimum length limit shall be twenty-two inches.

Adds Long Pond (North Stonington) and Lake Wononskopomuc to the list of Trout Management Lakes.

Prohibits ice fishing on Factory Pond (Salisbury), Lake Chamberlain (Bethany), Lake Saltonstall (Branford, East Haven), Maltby Lakes (Orange, West Haven), Lake McDonough (New Hartford, Barkhamsted) and Shenipsit Lake (Ellington, Tolland, Vernon).

Gear:

Establishes use of two devices per person when ice fishing on East Twin Lake or on Lake Wononskopomuc. This may be two (2) tip ups, two (2) jigging rods or one of each.

Definitions:

Establishes a definition for Cast Net, Inline Circle Hook and Culling.

Revises the definition of Closed Season to conform with the definition provided in state statute.
### Alewife/Blueback Herring

<table>
<thead>
<tr>
<th>Daily Creel Limit</th>
<th>Minimum Length</th>
<th>Season</th>
<th>Legal Methods</th>
</tr>
</thead>
<tbody>
<tr>
<td>25 (in aggregate)</td>
<td>N/A</td>
<td>Angling = Year Round</td>
<td>Angling or Scoop Net only from lakes listed in notes section below</td>
</tr>
<tr>
<td>Lakes and ponds only</td>
<td></td>
<td>Scoop Net = April 1 to June 15</td>
<td></td>
</tr>
</tbody>
</table>

**Notes and Information**
The taking of anadromous alewife and blueback herring from all CT waters is currently **prohibited**. Landlocked Alewife only may be taken from: Amos Lake, Ball Pond, Beach Pond, Candlewood Lake, Crystal Lake (Ellington), Highland Lake, MT Tom Pond, Quassapaug Lake, Quonnipaug Lake, Squantz Pond, Uncas Lake, and Waramaug Lake.

### American Eel

<table>
<thead>
<tr>
<th>Daily Creel Limit</th>
<th>Minimum Length</th>
<th>Season</th>
<th>Legal Methods</th>
</tr>
</thead>
<tbody>
<tr>
<td>25</td>
<td>9 inches</td>
<td>Year-Round</td>
<td>Angling, Ice Fishing, Spearing, Bobbing, Bow and Arrow, 2 Eel pots in the marine district only</td>
</tr>
</tbody>
</table>

**Notes and Information**
Spearing and bow and arrow use prohibited in streams or stream sections stocked with trout. Spearing prohibited in all lakes and ponds. The taking of elver eel, glass, eel, and silver eel is prohibited.

### American Shad

<table>
<thead>
<tr>
<th>Daily Creel Limit</th>
<th>Minimum Length</th>

<td></td>
</tr>
</tbody>
</table>
| Dec. 16 to Aug. 31 = 1  
Sept. 1 to Dec. 15 = 0 (Catch and Release) | N/A | Year-Round | Angling (Single fly or artificial lure with a single free-swinging hook. Additional weight may not be added to the line) |
| **Lakes and Ponds** | | | |
| 1 | Same as trout if applicable | Year-Round | Angling, Ice Fishing |

**Notes and Information**

Snagging is prohibited. A Trout and Salmon Stamp is required to keep a salmon or to fish in an Atlantic Salmon Management Area.

## Bait Species

<table>
<thead>
<tr>
<th>Daily Creel Limit</th>
<th>Minimum Length</th>
<th>Season</th>
<th>Legal Methods</th>
</tr>
</thead>
<tbody>
<tr>
<td>No Limit if for personal use only</td>
<td>N/A</td>
<td>Year-Round</td>
<td>Bait Traps, Bait Seines, Cast Net, Umbrella Nets, Angling, Ice Fishing, Hand (see the definition section for rules and specifications).</td>
</tr>
</tbody>
</table>

**Notes and Information**

**BAIT SPECIES** The following species of fish, amphibians, aquatic insects and crustaceans may be taken by sport fishermen for personal use (a recreational fishing license is required). A commercial bait dealer license is required to collect for sale or to sell.

**Inland District:** Fish that are legally acquired may be used as bait except for black bass (large-mouth and smallmouth), chain pickerel, northern pike, trout, salmon, carp and goldfish. Legal bait species include; Common shiner, golden shiner, fallfish, creek chub, spottail shiner, blacknose dace, longnose dace, pearl dace, bluntnose minnow, fathead minnow, cutlips minnow, chub sucker, white sucker, killifish, mummichog, Atlantic & tidewater silverside, sand lance, frogs (except northern leopard frog), crayfish (except rusty crayfish), perch bugs, hellgrammites and mayfly nymphs. Invasive species are not legal to use for bait.

**Marine District:** all bait species listed for the inland district plus bay anchovy; sheepshead minnow; mullet species; green crabs, fiddler crabs, hermit crabs, Asian (Japanese) shore crab (*Hemigrapsus sanguineus*), shrimp (families Crangonidae, Palaemonidae and Penaeidae).
### Black Bass (Largemouth and Smallmouth)

<table>
<thead>
<tr>
<th>Daily Creel Limit</th>
<th>Minimum Length</th>
<th>Season</th>
<th>Legal Methods</th>
</tr>
</thead>
<tbody>
<tr>
<td>6 (in aggregate)</td>
<td>Lakes/Ponds/CT River = 12 inches Rivers/Streams = N/A</td>
<td>Year-Round</td>
<td>Angling, Ice Fishing</td>
</tr>
</tbody>
</table>

**Notes and Information**
Regulations for minimum length and daily limit are different in Bass Management Lakes and the Bulls Bridge Bass Management Area.

### Bowfin, Lamprey, Tench, Sucker

<table>
<thead>
<tr>
<th>Daily Creel Limit</th>
<th>Minimum Length</th>
<th>Season</th>
<th>Legal Methods</th>
</tr>
</thead>
<tbody>
<tr>
<td>No Limit</td>
<td>N/A</td>
<td>Year-Round</td>
<td>Angling, Ice Fishing, Spearing, and Bow and Arrow</td>
</tr>
</tbody>
</table>

**Notes and Information**
Spearing and Bow and Arrow use prohibited in streams or stream sections stocked with trout. Spearing prohibited in all lakes and ponds.

### Bullhead (Brown and Yellow)

<table>
<thead>
<tr>
<th>Daily Creel Limit</th>
<th>Minimum Length</th>
<th>Season</th>
<th>Legal Methods</th>
</tr>
</thead>
<tbody>
<tr>
<td>No Limit</td>
<td>N/A</td>
<td>Year-Round</td>
<td>Angling, Ice Fishing, hand, and bobbing</td>
</tr>
</tbody>
</table>

### Burbot
The taking of burbot is prohibited in all waters.
### Catfish (Channel and White)

<table>
<thead>
<tr>
<th>Daily Creel Limit</th>
<th>Minimum Length</th>
<th>Season</th>
<th>Legal Methods</th>
</tr>
</thead>
<tbody>
<tr>
<td>6 (in aggregate)</td>
<td>N/A</td>
<td>Year-Round</td>
<td>Angling, Ice Fishing, hand and bobbing</td>
</tr>
</tbody>
</table>

**Notes and Information**
The daily creel limit is 3 catfish in aggregate at Community Fishing Waters.

### Chain Pickerel

<table>
<thead>
<tr>
<th>Daily Creel Limit</th>
<th>Minimum Length</th>
<th>Season</th>
<th>Legal Methods</th>
</tr>
</thead>
<tbody>
<tr>
<td>Lakes/Ponds = 6</td>
<td>Lakes/Ponds = 15 inches</td>
<td>Year-Round</td>
<td>Angling, Ice Fishing</td>
</tr>
<tr>
<td>River/Stream = N/A</td>
<td>River/Stream = N/A</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

### Common Carp (including Mirror, Leather, Ghost, or Fantail variations)

<table>
<thead>
<tr>
<th>Daily Creel Limit</th>
<th>Minimum Length</th>
<th>Season</th>
<th>Legal Methods</th>
</tr>
</thead>
<tbody>
<tr>
<td>5, only 1 fish may be</td>
<td>N/A</td>
<td>Year-Round</td>
<td>Angling, Ice Fishing, Spearng, Bow and Arrow</td>
</tr>
<tr>
<td>over 30”</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Notes and Information**
Spearing and Bow and Arrow use prohibited in stream sections stocked with trout. Spearing prohibited in all lakes and ponds. Different daily creel and size regulations apply for bow and arrow fishing in some waters and in Trophy Carp Waters.

### Hickory Shad - See Marine Regulations

### Kokanee

<table>
<thead>
<tr>
<th>Daily Creel Limit</th>
<th>Minimum Length</th>
<th>Season</th>
<th>Legal Methods</th>
</tr>
</thead>
<tbody>
<tr>
<td>5</td>
<td>N/A</td>
<td>6:00 AM second Sat. of April - last day of Feb.</td>
<td>Angling, Ice Fishing</td>
</tr>
<tr>
<td>0 (Catch and Release)</td>
<td>N/A</td>
<td>March 1 to 6:00 AM second Sat. of April</td>
<td>Angling, Ice Fishing</td>
</tr>
</tbody>
</table>
### Northern Pike and Tiger Muskie

<table>
<thead>
<tr>
<th>Daily Creel Limit</th>
<th>Minimum Length</th>
<th>Season</th>
<th>Legal Methods</th>
</tr>
</thead>
<tbody>
<tr>
<td>2 (in aggregate)*</td>
<td>26 inches*</td>
<td>Year-Round</td>
<td>Angling, Ice Fishing</td>
</tr>
</tbody>
</table>

**Notes and Information**

*Lake Lillinonah minimum length is 38 inches, daily limit of 1 Pike or Tiger Muskie (not both). Connecticut River has 24 inch minimum length. Bantam Lake and Little Pond have different rules.*

### Panfish

<table>
<thead>
<tr>
<th>Daily Creel Limit</th>
<th>Minimum Length</th>
<th>Season</th>
<th>Legal Methods</th>
</tr>
</thead>
<tbody>
<tr>
<td>No Limit</td>
<td>N/A</td>
<td>Year-Round</td>
<td>Angling, Ice Fishing</td>
</tr>
</tbody>
</table>

**Notes and Information**

Panfish include the following; Calico Bass (Black Crappie), All species of sunfish (except Banded Sunfish), Yellow Perch, and Rock Bass. White Perch are listed separately.

### Smelt

<table>
<thead>
<tr>
<th>Daily Creel Limit</th>
<th>Minimum Length</th>
<th>Season</th>
<th>Legal Methods</th>
</tr>
</thead>
<tbody>
<tr>
<td>50-lake and pond only</td>
<td>N/A</td>
<td>Year-Round</td>
<td>Angling, Ice Fishing</td>
</tr>
</tbody>
</table>

**Notes and Information**

Lakes and Ponds only; taking of smelt from rivers/streams is prohibited.

### Striped Bass

- See Marine Regulations

### Sturgeon

- The taking of sturgeon is prohibited in all waters
### Trout (Brook, Brown, Rainbow, Tiger)

<table>
<thead>
<tr>
<th>Daily Creel Limit</th>
<th>Minimum Length</th>
<th>Season</th>
<th>Legal Methods</th>
</tr>
</thead>
<tbody>
<tr>
<td>5 (in aggregate)</td>
<td>N/A</td>
<td>6:00 AM second Sat. of April - last day of Feb.</td>
<td>Angling, Ice Fishing</td>
</tr>
<tr>
<td>0 (catch and release only)</td>
<td>N/A</td>
<td>March 1 to 6:00 AM second Sat. of April</td>
<td>Angling, Ice Fishing</td>
</tr>
</tbody>
</table>

#### Notes and Information
Different regulations apply in many waters including; Trout Management Areas, Trout Management Lakes, Trophy Trout Areas, Trout Parks, Wild Trout Management Areas, Sea-Run Trout Streams, Tidal Waters and Tributaries, and in the Marine District.

### White Perch

<table>
<thead>
<tr>
<th>Daily Creel Limit</th>

Check the NOAA web page for updated regulations

**Red Drum**

<table>
<thead>
<tr>
<th>Daily Creel Limit</th>
<th>Maximum Length</th>
<th>Season</th>
</tr>
</thead>
<tbody>
<tr>
<td>No Limit</td>
<td>27 inches</td>
<td>Year-Round</td>
</tr>
</tbody>
</table>

No person may possess any red drum greater than 27 inches measured from the tip of the snout to the end of the tail. Red drum greater than 27 inches must be returned to the water from which taken.
### Striped Bass

<table>
<thead>
<tr>
<th>Daily Creel Limit</th>
<th>Minimum Length</th>
<th>Season</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>28-35 inches</td>
<td>Year-Round</td>
</tr>
</tbody>
</table>

Any striped bass less than 28 inches or greater than 35 inches (measured from the snout to the tip of the tail) must be immediately released.

No spearing or gaffing. However, striped bass that are legally taken by spearing in another state may be landed in CT.

An inline circle hook is required when fishing for striped bass and using bait (whole, cut, or live natural bait). This does not apply when fishing with artificial lures tipped with bait (tube and worm, bucktail jig, etc.)

No person shall land or possess on the waters of this state or on any parcel of land, structure, or portion of a roadway abutting tidal waters of this state any striped bass from which the head or tail has been removed or otherwise rendered unidentifiable as a striped bass or unable to be measured.

---

### Scup (Porgy)

**CHANGE ANTICIPATED MARCH 2023**

<tr>
<td>Legal Methods</td>
<td>Scoop net, Hand line, Dip net, Trot line, Star crab trap, Circular crab trap (not more than 26 inches in diameter), Semi-circular cylindrical trap (12 inches or less in diameter). All devices must be attended at all times.</td>
</tr>
</tbody>
</table>

No fishing license is required to take blue crabs for personal use. Prohibited: possession of uncooked blue crab meat without the body and shell attached, possession of more than 2 claws per body, possession of egg bearing females, use of Chesapeake-style crab traps.

DEEP’s Blue Crab fact sheet
Shoreline Fishing and Property Rights:
Connecticut’s intertidal shore belongs to the people. Under the common law public trust doctrine, the public may freely use land and waters waterward of the mean high water line to fish. The Public trust area includes beaches, rocky shores, and open waters along tidal and navigable waters. Fishing in the public trust area is not trespassing; the DEEP encourages anglers to enjoy their rights to use the public trust lands for fishing, however, anglers should also respect the rights of adjacent landowners by not crossing private property without permission and leave the shoreline area CLEAN AND LITTER FREE.

License Reciprocity in the Marine District:
Under reciprocity agreements with Maine, Massachusetts, Rhode Island, and New York, anglers holding a valid Marine Waters Fishing License in any of these states may fish in the marine district and land marine fish in this state (CT). CT residents holding a valid Marine Waters Fishing License for CT may also fish in the marine district of Maine, Massachusetts, Rhode Island, and New York.

Note: Connecticut residents must hold a valid Connecticut marine waters fishing license to fish in CT (meaning a CT resident cannot use a Marine Waters Fishing License from Maine to fish in CT waters and claim reciprocity).
Lakes and Ponds

This section of the fishing guide provides information about fishing and boating regulations for many lakes and ponds with public access. There may be additional waters located in municipal parks, on land trust property, or other properties accessible to the public that are not listed here. Please be sure to note any signage on site indicating allowable use, access, or other rules.

Lakes/Ponds that Follow Statewide Fishing Regulations

Bold indicates stocked with trout by CT DEEP

Anderson Pond (Blue Lake), North Stonington

Wood Creek Pond, Norfolk
Zeiner Pond (Lake Winfield), Bristol
Zemko Pond, Salem
The Fisheries Division makes use of a variety of tools to optimize some of the more popular game fish species. These tools (regulations) can be daily creel limits, minimum or maximum size limits, or limits on the type of gear that can be used. These regulations can, and do, vary by waterbody. This section of the fishing guide details waters that have special fishing regulations, access limitations, or boating rules.

Rivers and Streams

The Fisheries Division makes use of a variety of tools to optimize some of the more popular game fish species. These tools (regulations) can be daily creel limits, minimum or maximum size limits, or limits on the type of gear that can be used. These regulations can, and do, vary by waterbody. This section of the fishing guide details waters that have special fishing regulations.

### Rivers and Streams with Special Fishing Regulations

The Fisheries Division makes use of a variety of tools to optimize some of the more popular game fish species. These tools (regulations) can be daily creel limits, minimum or maximum size limits, or limits on the type of gear that can be used. These regulations can, and do, vary by waterbody. **RIVER/STREAM ACCESS:** The bottom of a river or a stream is not public by default and may be private property. As such, waters can be posted as “No Trespassing”. Public access for fishing in rivers and streams is restricted to rights-of-way designated by posters or by permission of the landowner. On sections of streams leased by the state, fishermen must wade or stay near the stream bank as indicated by posters. When in doubt ask permission and always be courteous and respectful.

**Bantam River, Litchfield:** Fly fishing only where indicated by signs downstream of Stoddard Road.

**Beacon Hill Brook, Beacon Falls:** From Route 63 to Naugatuck River, *Wild Trout Management Area Class 3. Trout:* 9” minimum length. Statewide season. Daily creel limit 5. Trout and Salmon Stamp required to fish.

**Beaver Brook, Scotland:** Within the Talbot Wildlife Management Area, *Wild Trout Management Area Class 1. Trout fishing* is catch and release only, gear limited to barbless single hook artificial lures or single hook flies only. Trout and Salmon Stamp required to fish.

**Blackberry River, Canaan:** From downstream of the confluence with the Whiting River, *Wild Trout Management Area Class 3. Trout:* 9” minimum length. Statewide season. Daily creel limit 5. Trout and Salmon Stamp required to fish.

**Blackledge River, Glastonbury/Marlborough:** From Route 94 crossing downstream to the Salmon River, *Trout:* 9” minimum length. Statewide season. Daily creel limit 5.

**Branch Brook, Watertown:** Within Black Rock State Park, *Trout Park.* Daily creel limit 2 trout. Statewide season. No minimum length. Trout and Salmon Stamp required to fish.

**Bunnell Brook, Burlington:** From Covey Road crossing downstream to the Farmington River, *Trout:* 9” minimum length. Statewide season. Daily creel limit 5.

**Chatfield Hollow Brook, Killingworth:** Within Chatfield Hollow State Park, *Trout Park.* Daily creel limit 2 trout. Statewide season. No minimum length. Trout and Salmon Stamp required to fish.

**Coginchaug River, Middletown:** From Route 3 crossing downstream to the Mattebesset River, *Tidal Waters and Tributaries. Trout:* harvest allowed year-round, daily creel limit of 2 trout, 15” minimum length. *Trophy Common Carp Water:* Daily creel limit 1 fish, 26” maximum length except when fishing with a bow and arrow the daily Creel limit is 12, not more than 3 of which can be greater than 30”.

**Connecticut River:** Entire river in CT: *Tidal Waters and Tributaries. Trout:* Harvest allowed year-round, daily creel limit 2 trout, 15” minimum length. *Trophy Common Carp Water:* Daily creel limit 1 fish, 26” maximum length, except when downstream of Arrigoni Bridge, including coves, when fishing with a bow and arrow the daily Creel limit is 12, not more than 3 of which can be greater than 30”. *Largemouth and Smallmouth Bass* daily creel limit 6, 12” minimum length, *Northern Pike:* Daily creel limit 2, 24” minimum length. *Alewives/Blueback Herring:* special closures are in effect.

**Coppermine Brook, Bristol:** From Artisan Street to Pequabuck River, *Trout Management Area. Trout Fishing* is catch and release only. Trout and Salmon Stamp required to fish.

**Deep Brook, Newtown:** From Wasserman Way to the Pootatuck River, *Wild Trout Management Area Class 1. Trout Fishing* is catch and release only, gear limited to barbless single hook artificial lure or single hook fly only. Trout and Salmon Stamp required to fish. **NOTE:** includes portions of the Pootatuck River above and below Deep Brook as posted with signs by CT DEEP.
East Aspetuck River, Washington/New Milford: From Lake Waramaug to the Housatonic River, **Wild Trout Management Area Class 3. Trout**: 9” minimum length. Statewide season. Daily creel limit 5. Trout and Salmon Stamp required to fish.

Eightmile Brook, Oxford: Within Southford Falls State Park, **Trout Park**. Daily creel limit 2 trout. Statewide season. No minimum length. Trout and Salmon Stamp required to fish.

Eightmile River, Lyme: From Foxtown Road to the dam at Mount Archer Road, **Trout**: Daily creel limit 5 trout, 9” minimum length. **Sea-Run Trout Stream**: Downstream of dam at Mount Archer Road to Connecticut River. **Trout**: Daily creel limit 2 trout. 15” minimum length. Statewide season.

East Branch Eightmile River, Lyme: From Witch Meadow Road to the Eightmile River, **Trout**: 9” minimum length. Statewide season. Daily creel limit 5.

East Branch Naugatuck River, Torrington: From Newfield Road to the confluence with the West Branch Naugatuck River, **Wild Trout Management Area Class 3. Trout**: 9” minimum length. Statewide season. Daily creel limit 5. Trout and Salmon Stamp required to fish.

Eightmile River, Southington: The entire river in Southington, **Wild Trout Management Area Class 1. Trout Fishing** is catch and release only, gear limited to barbless single hook artificial lure or single hook fly only. Trout and Salmon Stamp required to fish.

Farm River, Branford/East Haven: From Mill Road (downstream of Pages Millpond) to the I-95 crossing, **Wild Trout Management Area Class 3. Trout**: 9” minimum length. Statewide season. Daily creel limit 5. Trout and Salmon Stamp required to fish. **Sea-Run Trout Stream**: Downstream of I-95 crossing, **Trout**: Daily creel limit 2 trout. 15” minimum length. Statewide season.

Farmington River/West Branch Farmington River, Hartland/Windsor: **Trout Management Area**: Goodwin Dam (Hogback) downstream to old bridge abutments from September 1 until 6:00 am on the second Saturday of April **Trout Fishing** is catch and release only. From 6:00 am on the second Saturday of April until August 31st the daily creel limit is 2 trout, 12” minimum length. Trout and Salmon Stamp required to fish.

Old bridge abutments to Route 219 bridge, **Trout Fishing** is catch and release only year-round. Barbless hooks required. Trout and Salmon Stamp required to fish.

Route 219 bridge to Route 177 bridge, from September 1 until 6:00 am on the second Saturday of April **Trout Fishing** is catch and release fishing only. From 6:00 am on the second Saturday of April until August 31st daily creel limit 2 trout, 12” minimum length. Trout and Salmon Stamp required to fish.

Route 177 bridge to Rainbow Reservoir, **Trout**: daily creel limit 5 trout, 9” minimum length.

**Tidal Waters and Tributaries**: From mouth of tailrace canal below Rainbow Dam to Connecticut River, **Trout**: harvest allowed year-round, daily creel limit 2 trout, 15” minimum length. **Trophy Common Carp Water**: Daily creel limit 1, 26” maximum length.

Fawn Brook and West Branch Fawn Brook, Marlborough: Downstream of Slocum Road, **Trout**: 9” minimum length. Statewide season. Daily creel limit 5.

Freeman Hill Brook, Burlington: Upstream of Route 69 through Sessions Woods Wildlife Management Area, *Wild Trout Management Area Class 1. Trout Fishing* is catch and release only, gear limited to barbless single hook artificial lure or single hook fly only. Trout and Salmon Stamp required to fish.

Furnace Brook, Cornwall: Upstream of Housatonic River along Route 4 as posted by CT DEEP, *Heather Reeves Wild Trout Management Area Class 2. Trout*: 12” minimum length. Statewide season. Daily creel limit 5. Trout and Salmon Stamp required to fish.

Hammonasset River, Madison: From Lake Hammonasset Dam to Chestnut Hill Road, *Trout Management Area. Trout Fishing* is catch and release only from September 1 until 6:00 am on the second Saturday of April. From 6:00 am on the second Saturday of April until August 31st daily creel limit 2 trout, 9” minimum length. Trout and Salmon Stamp required to fish. From Chestnut Hill Road to breeched dam (300 feet upstream of River Road), daily creel limit of 2 trout, 9” minimum length. *Sea-Run Trout Stream*: Downstream of breeched dam to Route 1, *Trout*: Daily creel limit 2 trout. 15” minimum length. Statewide season.

Hawleys Brook, Easton/Weston: Within Trout Brook Valley Property, *Wild Trout Management Area Class 1. Trout Fishing* is catch and release fishing only, gear limited to barbless single hook artificial lure or single hook fly only. Trout and Salmon Stamp required to fish.

Hockanum River, Manchester: From Route 84 crossing in Vernon downstream to the I-84 crossing in Laurel Marsh, *Trout Management Area. Trout Fishing* is catch and release only. Trout and Salmon Stamp required to fish.

Housatonic River, Salisbury/Milford: From Route 112 bridge to Routes 4 and 7 bridge. *Trout Management Area. Trout Fishing* is catch and release only. Trout and Salmon Stamp required to fish. Gear restricted to fly fishing only within the 3-mile section upstream of the Routes 4/7 bridge as posted with signs by CT DEEP. From June 15 to September 15 fishing prohibited within 100 feet of thermal refuges as posted with signs by CT DEEP.

Bull’s Bridge Dam to Route 7 bridge (Gaylordsville), *Trout Management Area and Bass Management Area. Trout fishing and Bass fishing* catch and release only. Trout and Salmon Stamp required to fish. June 15 to September 15 fishing prohibited within 100 feet of thermal refuges as posted with signs by CT DEEP.

Downstream of Lake Housatonic Dam (Derby), *Tidal Waters and Tributaries. Trout*: harvest allowed year-round, daily creel limit 2 trout, 12” minimum length. *Trophy Common Carp Water*: Daily creel limit 1 fish, 26” maximum length, except when fishing with a bow and arrow the daily creel limit is 12, not more than 3 of which can be greater than 30”. *Atlantic salmon*: from September 1 to December 15 catch and release only. From December 16 to August 31 daily creel limit of 1, no minimum length. Gear restricted to single fly or lure with a free-swinging hook. No additional weight may be added to the line.

Little River, Oxford: From Towner Lane downstream to Park Road crossing, *Wild Trout Management Area Class 3*. *Trout*: 9” minimum length. Statewide season. Daily creel limit 5. Trout and Salmon Stamp required to fish.

Macedonia Brook, Kent: Within Macedonia Brook State Park, *Wild Trout Management Area Class 3*. *Trout*: 9” minimum length. Statewide season. Daily creel limit 5. Trout and Salmon Stamp required to fish. From Bog Hollow Brook to Route 341 crossing, *Wild Trout Management Area Class 1*. *Trout Fishing* is catch and release only, gear limited to barbless single hook artificial lure or single hook fly only. Trout and Salmon Stamp required to fish.

Mattabesset River, Middletown: From Route 372 crossing downstream to the Connecticut River, *Tidal Waters and Tributaries*. *Trout*: harvest allowed year-round, daily creel limit 2 trout, 15” minimum length. *Trophy Common Carp Water*: Daily creel limit 1 fish, 26” maximum length, except when downstream of Route 3 fishing with bow and arrow; daily creel limit of 12, not more than 3 carp may be greater than 30”.

Merrick Brook, Scotland: Within Talbot Wildlife Management Area and upstream as posted with signs by CT DEEP, *Wild Trout Management Area Class 1*. *Trout Fishing* is catch and release only, gear limited to barbless single hook artificial lure or single hook fly only. Trout and Salmon Stamp required to fish.

Mianus River, Greenwich/Stamford: From Merrribrook Lane upstream 1 mile to dam, *Trout Management Area*. *Trout Fishing* is catch and release fishing only from September 1 until 6:00 am on the second Saturday of April. Gear restricted to single hook flies and artificial lures only. From 6:00 am on the second Saturday of April until August 31st daily creel limit 2 trout, 9” minimum length. Trout and Salmon Stamp required to fish. *Sea-Run Trout Stream*: Entire stream above dam north of Boston Post Road, except for the TMA as described above. *Trout*: From 6:00 am on the second Saturday of April until last day of February, daily creel limit 2 trout, 9” minimum length.

Mill River, Fairfield: From the confluence with Canoe Brook (as posted with signs by CT DEEP) to the Merritt Parkway crossing, *Wild Trout Management Area Class 1*. *Trout Fishing* is catch and release only, gear limited to barbless single hook artificial lure or single hook fly only. Trout and Salmon Stamp required to fish. *Trout Management Area*: From the Merritt Parkway Crossing to Lake Mohegan, *Trout Fishing* is catch and release only. Trout and Salmon Stamp required to fish.
Mill River, Hamden: Within Sleeping Giant State Park, **Trout Management Area. Trout Fishing** is catch and release only from September 1 until 6:00 am on the second Saturday of April. From 6:00 am on the second Saturday of April until August 31st the daily creel limit 2 trout, 9” minimum length. Trout and Salmon Stamp required to fish.

Moosup River, Plainfield: From Route 14 bridge to the Quinebaug River, **Trout Management Area. Trout Fishing** is catch and release only year-round. Gear restricted to fly fishing within the lower half of the section as posted with signs by CT DEEP. Trout and Salmon Stamp required to fish.

Morgan Brook, Barkhamsted: From West Hill Pond to the Farmington River, **Wild Trout Management Area Class 3. Trout: 9” minimum length. Statewide season. Daily creel limit 5. Trout and Salmon Stamp required to fish.**

Mystic River, Groton: Downstream of the confluence of Haleys Brook and Whitford Brook, **Tidal Water and Tributaries. Trout** harvest allowed year-round, daily creel limit 2 trout, 15” minimum length. **Trophy Common Carp Water:** Daily creel limit 1, maximum length 26”

Natchaug River, Eastford/Mansfield: The entire river, **Trophy Trout Stream.** Daily creel limit 2 trout. Statewide season. No minimum length. **Trout Park:** Within Natchaug State Forest Daily creel limit 2 trout. Statewide season. No minimum length. Trout and Salmon Stamp required to fish.

Naugatuck River, Torrington/Ansonia: From confluence of East and West Branches to the Route 118 bridge, **Trophy Trout Stream:** Daily creel limit 2 trout. Statewide season. No minimum length. From June 15 to September 15 fishing prohibited within 100 feet of thermal refuges as posted with signs by CT DEEP.

Route 118 bridge to Thomaston Dam, **Trout Management Area, Trout Fishing** is catch and release fishing only year-round. Gear restricted to single fly or lure with a free-swinging hook from September 1 to March 31. Fishing prohibited within 100 feet of thermal refuges from June 15 to September 15 as posted with signs by CT DEEP. Trout and Salmon Stamp required to fish. **Atlantic Salmon Management Area:** From September 1 to December 15 catch and release only. From December 16 to August 31 daily creel limit of 1 salmon, no minimum length. Gear restricted to single fly or lure with a free-swinging hook. No additional weight may be added to the line. Fishing prohibited within 100 feet of thermal refuges from June 15 to September 15 as posted with signs by CT DEEP. Trout and Salmon Stamp required to fish. **Trophy Trout Stream:** Daily creel limit 2 trout, no minimum length.

Prospect Street (Naugatuck) to Route 42 bridge **Atlantic Salmon Management Area:** From September 1 to December 15 Atlantic salmon fishing is catch and release only. From December 16 to August 31 daily creel limit of 1 salmon, no minimum length. Gear restricted to single fly or lure with a free-swinging hook. No additional weight may be added to the line. Fishing prohibited within 100 feet of thermal refuges from June 15 to September 15 as posted with signs by CT DEEP. Trout and Salmon Stamp required to fish. **Trophy Trout Stream:** Daily creel limit 2 trout, no minimum length.

Downstream of Kinneytown Dam, **Tidal Water and Tributaries: Trout:** harvest allowed year-round, daily creel limit 2, 15” minimum length. **Atlantic salmon:** September 1 to December 15 catch and release only. From December 16 to August 31 daily creel limit of 1, no minimum length. Gear restricted to single fly or lure with a free-swinging hook. No additional weight may be added to the line. Closed to all fishing within 100 feet of thermal refuges from June 15 to September 15 as posted with signs by CT DEEP. Trout and Salmon Stamp required to keep Atlantic salmon. **Trophy Common Carp Water:** Daily creel limit 1, maximum length 26”

Pequabuck River, Bristol: From King Street to Route 177 bridge, including a section of Coppermine Brook, *Trout Management Area. Trout Fishing* is catch and release year-round. Trout and Salmon Stamp required to fish. Rest of river outside of the TMA *Trout*: 9” minimum length. Statewide season. Daily creel limit 5.

Pequonnock River, Trumbull: From Whitney Avenue Bridge to Daniels Farm Road, includes Trumbull Basin, *Trophy Trout Stream*: Daily creel limit 2 trout. Statewide season. No minimum length. NOTE: A parking permit is required to park on streets adjacent to the Trumbull Basin and many Trumbull municipal parks. This pass may be acquired free by anglers wishing to fish the waters by visiting the Trumbull Parks and Recreation Department.

Pootatuck River, Newtown: From approximately 1/2 mile above and below the confluence with Deep Brook as posted with signs by CT DEEP, *Wild Trout Management Area Class 1. Trout Fishing* is catch and release only, gear limited to barbless single hook artificial lure or single hook fly only. Trout and Salmon Stamp required to fish.

Quinnipiac River, Southington: The entire river in Southington to Cheshire Street (Cheshire) *Wild Trout Management Area Class 1. Trout Fishing* is catch and release only, gear limited to barbless single hook artificial lure or single hook fly only. Trout and Salmon Stamp required to fish. *Tidai Water and Tributaries*: Downstream of Route 5 bridge to New Haven Harbor; *Trout*: Harvest allowed year-round, daily creel limit 2 trout, 15” minimum length. *Trophy Common Carp Water*: Daily creel limit 1, maximum length 26” except when downstream of Route 40 fishing with a bow and arrow, the daily Creel limit is 12, not more than 3 of which can be greater than 30”.

Safstrom Brook, East Hampton: Downstream of Tartia Road, **Trout**: 9” minimum length. Statewide season. Daily creel limit 5.

Salmon Brook and East Branch, Granby: From Route 20 to the Farmington River *Wild Trout Management Area Class 3. Trout*: 9” minimum length. Statewide season. Daily creel limit 5. Trout and Salmon Stamp required to fish. Rest of river upstream of the WTMA, **Trout**: 9” minimum length. Statewide season. Daily creel limit 5.

Salmon Brook, West Branch, Granby: Downstream of Route 179 to Salmon Brook, **Trout**: 9” minimum length. Statewide season. Daily creel limit 5.

Salmon River, Colchester/Haddam: From confluence of Blackledge River and Jeremy River to the Route 16 bridge *Trout Management Area*. *Trout Fishing* is catch and release only From September 1 until 6:00 am on the second Saturday of April. From 6:00 am on the second Saturday of April until August 31st daily creel limit 2, 9” minimum length. Trout and Salmon Stamp required to fish. **Note:** Gear restricted to fly fishing only in the middle of this section as posted with signs by the CT DEEP.

Route 16 bridge to Route 151 bridge, **Trophy Trout Stream**: From 6:00 am on the second Saturday of April until the last day of February, daily creel limit 2 trout, 9” minimum length.

Downstream of the Route 151 bridge, **Tidal Waters and Tributaries**: **Trout**: harvest allowed year-round, daily creel limit 2 trout, 15” minimum length. Fishing prohibited within 100 feet of thermal refuges June 15 to September 15 as posted with signs by CT DEEP. **Trophy Common Carp Water**: Daily creel limit of 1, 26” maximum length.

Sandy Brook, Colebrook: From State Line downstream to Still River, **Trout**: 9” minimum length. Statewide season. Daily creel limit 5.

Saugatuck River, Greenwich/Stamford: From Dorr Mill Dam to the Merritt Parkway crossing, *William “Doc” Skerlick Trout Management Area*. *Trout Fishing* is catch and release only from September 1 until 6:00 am on the second Saturday of April. From 6:00 am on the second Saturday of April until August 31st daily creel limit 2 trout, 9” minimum length. Trout and Salmon Stamp required to fish. Gear restricted to fly fishing. **Sea-Run Trout Stream**: Downstream of Wood Dam (Westport), **Trout**: Daily creel limit 2 trout. 15” minimum length. Statewide season.

Shetucket River, Windham/Norwich: The entire river above Greenville Dam, **Trophy Trout Stream. Trout**: Daily creel limit 2. Statewide season. No minimum length. Fishing prohibited within 100 feet of thermal refuges June 15 to September 15 as posted with signs by CT DEEP. **Atlantic Salmon Management Area**: From Scotland Dam to Occum Dam from September 1 to December 15 Atlantic salmon fishing is catch and release only. From December 16 to August 31 daily creel limit of 1 salmon, no minimum length. Gear restricted to single fly or lure with a free-swinging hook. No additional weight may be added to the line. Trout and Salmon Stamp required to fish. **Tidal Waters and Tributaries** below Greenville Dam, **Common Carp**: Daily creel limit of 1, 26” maximum length, except when fishing with a bow and arrow the daily Creel limit is 12, not more than 3 of which can be greater than 30”. **Trout**: harvest allowed year-round, daily creel limit 2 trout, 15” minimum length.
Shunock River, North Stonington: The entire stream in North Stonington Wild Trout Management Area Class 3. Trout: 9” minimum length. Statewide season. Daily creel limit 5. Trout and Salmon Stamp required to fish.

Still River, Winchester/Colebrook: From confluence with the Mad River to the Farmington River, Trout: 9” minimum length. Statewide season. Daily creel limit 5.

Stony Brook, Montville: The entire stream in Montville, Wild Trout Management Area Class 3. Trout: 9” minimum length. Statewide season. Daily creel limit 5. Trout and Salmon Stamp required to fish.

Stratton Brook, Simsbury: Within Stratton Brook State Park, Trout Park: Daily creel limit 2 trout. Statewide season. No minimum length. Trout and Salmon Stamp required to fish.

Tankerhoosen River, Vernon: The river and its tributaries as posted with signs by CT DEEP within the Belding Wildlife Management Area, Wild Trout Management Area Class 1. Trout Fishing is catch and release only, gear limited to barbless single hook artificial lure or single hook fly only. Trout and Salmon Stamp required to fish.

Tennmile River, Sherman/Kent: The entire river, Trout Management Area and Bass Management Area: Trout Fishing and Bass Fishing is catch and release fishing only year-round. Trout and Salmon Stamp required to fish.

Thames River, Norwich/Groton: Entire river including coves. Tidal Waters and Tributaries: Trout: harvest allowed year-round, daily creel limit 2 trout, 15” minimum length. Common Carp: When fishing with a bow and arrow the daily creel limit is 12, not more than 3 of which can be greater than 30”.

Wachocastinook (Riga) Brook, Salisbury: Downstream of South Pond within MT. Riga Corporation property as posted with signs by CT DEEP, Wild Trout Management Area Class 1. Trout Fishing is catch and release fishing only, gear limited to barbless single hook artificial lure or single hook fly only. Trout and Salmon Stamp required to fish.

Whitford Brook, Stonington: Downstream of the Route 184 bridge, Sea-Run Trout Stream. Trout: Daily creel limit 2 trout. 15” minimum length. Statewide season.

Willimantic River, Willington/Tolland: From confluence with Roaring Brook downstream to Route 74 bridge, Cole Wilde Trout Management Area. Trout Fishing is catch and release year-round. Trout and Salmon Stamp required to fish. Gear restricted to fly fishing.

Yantic River, Bozrah/Norwich: From Barstow Road downstream to the bridge at the junction of Schwartz Road and Fitchville Road, Trout Management Area: From September 1 until 6:00 am on the second Saturday of April Trout Fishing is catch and release only. From 6:00 am on the second Saturday of April until August 31st daily creel limit 2 trout, 9” minimum length. Trout and Salmon Stamp required to fish. Gear restricted to fly fishing in sections near the upper and lower boundaries as posted with signs by CT DEEP.

Tidal Waters and Tributaries: downstream of waterfall at Lovers Leap. Trout: harvest allowed year-round, daily creel limit 2 trout, 15” minimum length. Common Carp: When fishing with a bow and arrow the daily Creel limit is 12, not more than 3 of which can be greater than 30”.

53
Freshwater Definitions and Regulatory Terms

The following are provided as a simple summary of the legal definitions as listed on the Secretary of State web page within the sport fishing regulations. They do not apply to taking fish from licensed commercial hatcheries, private waters legally registered with DEEP, or to commercial fishing in the inland district. Information on commercial fishing is available on our web page. For legal use and purposes refer to the official definitions found on the web page of the Secretary of State.

**ANGLING** Fishing with hook and line, which must be personally attended. No more than three lines, with or without rods, may be used at one time, except in the designated Trout Management Areas, Wild Trout Management Areas, Trout Parks, Sea-run Trout Streams and Trophy Trout Streams where the maximum number of lines that can be used is two, with or without rods. Each line may have any combination of hooks, flies or lures, among which not more than three hooks may be baited.

**BAIT** Any bait species, animal, vegetable, or their parts, living or dead, used with a hook for the purpose of attracting and catching fish. Any fish legally acquired, except largemouth bass, smallmouth bass, chain pickerel, northern pike, trout, salmon, carp and goldfish may be used as bait.

**BAIT FISHING** means taking or attempting to take bait species, for personal use as bait or food, by use of a bait seine, bait trap, cast net, umbrella net, scoop net or by hand.

**BAIT SEINE** means a seine or net which, for the purpose of this regulation, does not exceed fifteen feet in length and four feet in depth and is used for the taking of bait species.

**BAIT TRAP** means a glass, wire or wooden device which does not exceed twenty inches in length and fifteen inches in diameter and is used for the taking of bait species.

**BAIT SPECIES** The following species of fish, amphibians, aquatic insects and crustaceans may be taken by sport fishermen for personal use (a recreational fishing license is required), but may only be sold if taken under an inland commercial bait license. Common shiner, golden shiner, fallfish, creek chub, spottail shiner, blacknose dace, longnose dace, pearl dace, bluntnose minnow, fathead minnow, cutlips minnow, chub sucker, white sucker, killifish, mummichog, Atlantic & tidewater silverside, sand lance, frogs (except northern leopard frog), hellgrammites and mayfly nymphs. Invasive species are not legal to use for bait. The legal methods for taking the bait species listed above are as follows:

**Rivers & streams:** Bait species may be taken at any time with seines not over 15 feet long and 4 feet deep, bait traps not over 20 inches long and 15 inches in diameter, and umbrella nets not over 4 feet by 4 feet. Cast nets may be used for bait in waters designated as “tidal rivers and tributaries”.

**Lakes & ponds:** Bait species may be taken at any time with bait traps not over 20 inches long and 15 inches in diameter and umbrella nets not over 4 feet by 4 feet. Seines shall not be used in lakes and ponds except those designated by the DEEP as open to commercial taking of bait. Where posted, taking, use or possession of fish as bait is prohibited in lakes and ponds.

**All inland waters:** During the open season for fishing, the species listed above may also be taken by hand, angling, and scoop net.

**BARBLESS HOOK** A curved, pointed device, without a barb, used to catch fish. Barbless hooks may be single, double or treble, and each point must be without a barb. For the purposes of this regulation, hooks manufactured with a barb are considered barbless if the barb has been bent down to the hook, broken off or otherwise made ineffective.

**BOBBING** Fishing with a ball or mass of worms or other bait attached to a hookless line held in the hand or a line attached to a rod held in the hand.
**BOW AND ARROW FISHING** means fishing by use of a compound bow, longbow, recurved bow or crossbow by which an arrow is propelled. Arrows shall have barbed heads and be attached to the bow, or to a fishing reel attached to the bow. Any fish taken by bow and arrow shall be part of the possession limit of the individual taking such fish and shall not be released to the waters where taken. Common carp, bowfin, tench, white suckers, American eels and sea lampreys may be taken with a bow and arrow in lakes and ponds as well as in streams and stream sections **not stocked with trout** only during the open season for fishing in those waters. A fishing license is required.

**BOUNDARY WATER** a lakes/pond forming a common boundary between CT and another state. Regulations may be for CT, the other state, or a combination thereof. Listed in RCGA 26-112-46 (a).

**BUCKET FLOAT** A type of float that is attached to a fishing line or leader and can be filled with water to adjust its buoyancy.

**CAST NET** means a circular or conical net with a round weighted opening that is cast and then retrieved by hand using lines attached to its margins, and is used to take fish or bait species. The use of cast nets to take fish or bait species in the inland district is prohibited, except in waters designated as “tidal waters and tributaries”.

**CHILDREN’S FISHING AREA** Waters set aside in whole or in part, as indicated by posters, where fishing is restricted to children under sixteen years of age.

**CLOSED SEASON** means that period of time during which fishing for any species of fish, except trout, is prohibited.

**CULLING** or **HIGH-GRADING** means discarding or returning a previously retained fish to the water in order to retain a more desirable fish of the same species or species group. Culling is prohibited except that an individual fishing for black bass in a fishing tournament or derby that has been permitted by CT DEEP may cull provided said individual has not yet attained their possession limit for black bass.

**DAILY CREEL LIMIT** means the quantity or number of fish of a species or species group that can be taken by an individual during the period from 12:01 a.m. to midnight. In the inland district an individual that has attained their daily creel limit of fish for a species or species group may continue fishing for said fish provided all fish so taken are immediately returned, without avoidable injury, to the waters from which taken.

**DOWNRIGGER** A device, supplemental to a fishing line, used to deploy, via an electric or handpowered winch, reel or spool that projects over the side or stern of a boat and is used as a hoist, main line and terminal weight, one or more fishing lines to a desired depth in the water column.

**FISHHOOK** or **HOOK** A curved, pointed device, with or without barb, used to catch fish. Hooks may be single, double or treble and each point shall be considered as a single hook.

**FISHING OR SPORT FISHING** Taking or attempting to take fish. In the inland district, fishing is limited to angling, bow and arrow fishing, bobbing, ice fishing, snagging or snatching, spearing, scoop netting, and taking or attempting to take fish by hand.

**FLOAT (BOBBER)** Any buoyant object attached to a fishing line. No floats may be used unless personally attended.
FLY A single or double hook dressed with hair, feathers, tinsel, thread, yarn or similar material to which no bait, spinner, spoon, plug or other device is added.

FLY FISHING Angling with the use of a fly reel, fly rod, fly line, leader and a fly or flies. Extra weight may be built into the fly in its construction, as in a weighted nymph, and additional weight may be attached to the leader or line. “Tenkara” fishing is considered to be fly-fishing. The use of strike indicators is permitted.

GAFF A spear or hook, with or without a handle, used for holding or lifting fish. The use of a gaff to land or assist in landing a fish is prohibited in the inland district.

HAND-HELD JIG A rod, jig stick or line held in the hand used for fishing through the ice.

ICE FISHING means fishing through the ice with tip-ups, bobbers or floats, similar devices or hand-held jigs. When ice fishing, except on some waters, anglers may not use more than six tip-ups, floats (bobbers), similar devices, or hand-held jigs or any combination thereof not exceeding six in the aggregate may be used at one time. Not more than three baited hooks, with or without attractors, or three ice flies, or three artificial lures, or any combination thereof not exceeding three in the aggregate may be used with each tip-up, float (bobber), or similar device or hand-held jig. Devices must be personally attended. The name and address of the user must be legibly stamped on or attached to all devices.

INLAND DISTRICT Is the area inland of the demarcation lines as listed on Marine/Inland Demarcation table.

INLINE CIRCLE HOOK is a fish hook on or which the point and barb are not offset from the plane of the shank and the bend of such hook, and such point, is perpendicular to such shank.

LAKES AND PONDS are all natural and artificial impounded bodies of water listed by the Secretary of the State as lakes, ponds and reservoirs, and includes their flood waters, including temporary and seasonal pools resulting therefrom and all coves and lagoons contiguous thereto.

LEADCORE LINE A fishing line constructed with a metal core.

LICENSE RECIPROCITY: Marine licenses only (does not apply to inland district). Residents with a valid saltwater license from the state of Maine, Massachusetts, New York, or Rhode Island, may fish in Connecticut's marine district (and CT residents may do the same). Note CT Residents must hold a valid CT Marine License to fish in Connecticut's marine district.

MAXIMUM LENGTH Means the largest total length of a species or species group that can be legally possessed Measured from the tip of the snout to the end of the tail. No person shall possess any fish greater than the lengths specified and any fish greater than the maximum length, shall, without avoidable injury, be immediately returned to the water from which taken.

MINIMUM LENGTH Means the smallest total length of a species or species group that can be legally possessed as measured from the tip of the snout to the end of the tail. No person shall possess any fish less than the lengths specified and any fish less than the minimum length, shall, without avoidable injury, be immediately returned to the water from which taken.

PANFISH Includes yellow perch, white perch, calico bass, rock bass, and all species of sunfish.
PERSONS WITH DISABILITIES FISHING AREA means an area set aside for the exclusive use by persons with physical disabilities when such restriction is indicated by posters.

POSSESSION LIMIT means the total number of fish of any species or species group that may be legally possessed by one person, either on the person, on the waters of the inland district, or the shores of such waters, or in any type of vehicle. Any fish placed on a stringer, in a container, cooler, live well or similar device, or otherwise not immediately released to the water shall count against the possession limit. An individual that has attained their possession limit of fish for a species or species group may continue fishing for said fish provided all fish so taken are immediately returned, without avoidable injury, to the waters from which taken. Possession limit in the field shall not exceed the daily creel limit. Any fish in possession shall be intact to the extent that neither the heads nor the tails have been removed but gills and viscera may be removed. Possession limit shall not be construed to restrict the number of legally acquired fish that may be kept in storage in the home or in other storage facilities.

PRIVATE WATER A water that has meets specific requirements and has been registered with the state. A Private Water is exempt from state fishing regulations related to season, size, and creel limits. The owner and his/her guests do not need a license to take fish from the registered waterbody. Permits to stock fish are still required.

PRIVATELY STOCKED WATER A waterbody where fishing rights are owned or controlled by a club or association (but not designated as a Private Water). Any association owning or controlling the fishing rights in any stream or pond, the waters of which are stocked with fish by such association at no expense to the state, may request special open and closed seasons, daily creel and season limits, and legal lengths of species taken from such waters by applying for a “Special Fishing Regulation” permit.

SCOOP NET OR SCAP NET A manually operated, flexible mesh net attached to a hoop, which is attached to a handle. The hoop may not be over 36 inches across at the widest point and the mesh bag may not be more than 36 inches in depth at its deepest point. The use of any such net constructed of metal mesh or stiff plastic mesh is prohibited.

SET LINE A line with one or both ends secured to the shore, or to a fixed or buoyant object in the water which is used for fishing and is not personally attended. Use of set lines in the inland district is prohibited.

SLOT LENGTHS Length limits designated to reduce or increase the taking of fish by anglers.
- Protected slot lengths: Lengths between which fish may not be kept by anglers.
- Open slot lengths: Lengths between which fish may be kept by anglers

SNAGGING or SNATCHING The taking of fish by foul hooking, that is hooking fish in any part of the body other than the mouth. Snagging is prohibited in all waters in the Inland District for all species of fish and any fish so taken must be released immediately, except that, in tidal waters and tributaries, menhaden, alewives and blueback (glut) herring may be taken by these methods. Anglers are reminded that there currently is an emergency ban on the taking of anadromous alewife and blueback herring (see Broodstock Atlantic Salmon & River Herring).

SPEARING The use of any pointed instrument, with or without barbs, propelled solely by hand. Common carp, bowfin, tench, American eels, white suckers and sea lampreys may be taken by spearing in streams or sections of streams not stocked with trout during the open seasons for fishing in such waters. Prohibited in lakes and ponds. Underwater spear fishing and the use of any type of spear gun is prohibited in all waters within the Inland District.
STREAMS means all rivers, streams, brooks, creeks, and their flood waters, including temporary and seasonal pools resulting therefrom, and all coves, lagoons and canals contiguous thereto, but does not include that portion of impounded bodies of water on rivers, streams, brooks and creeks listed by the Secretary of the State as a lake, pond or reservoir.

STRIKE INDICATOR Means a brightly colored, highly visible tab, sleeve or bead or similar material used in fly fishing. Such devices may be attached to the line or leader when used in areas restricted to fly fishing only.

TAKE or TAKING Killing, capturing or otherwise rendering into possession, any fish or bait species, or attempting to kill, capture or rendering into possession, or assisting in taking or attempting to take any fish or bait species.

TIDAL WATERS AND TRIBUTARIES include streams or portions thereof where there is a direct connection to Long Island Sound and may be influenced by tidal cycles. A list is provided in RCSA 26-112-46 (m).

TENKARA FISHING Angling with the use of a tenkara rod, tenkara line and a fly or flies, without the use of a reel of any type.

TROUT Include brook (charr), brown, lake, and rainbow trout and their hybrids.

### Marine Definitions and Regulatory Terms

**Applicability of Marine Recreational Fishing Regulations:** Marine recreational fishing regulations apply “while on the waters of this state or on any parcel of land, structure, or portion of a roadway abutting tidal waters of this state.” Consistent with this regulation, regardless of where you caught your fish, (federal waters, another states’ waters) any fish in your possession must meet Connecticut regulations (size, season, possession limits) when you are in Connecticut waters. Any fish taken contrary to the minimum length, creel limit or open season regulations must, without avoidable injury, be returned immediately to the water from which taken.

**Bait** These species can also be taken for personal use using Cast nets, minnow traps not larger than 20" long by 15" diameter, Umbrella nets not more than 4 feet in length or 4 feet in width, Scoop or Scap Nets no larger than 36” in diameter, Seines not longer than 30 feet in length, up to 2 eel pots, by hook and line, or by hand under recreational fishing licenses.  
(1) Golden shiner or “pond shiner” (*Notemigonus crysoleucas*);  
(2) common shiner (*Luxilus cornutus*);  
(3) fallfish (*Semaotilus corporalis*);  
(4) creek chub (*Semaotilus atromaculatus*);  
(5) spottail shiner or “river bait” (*Notropis hudsonius*);  
(6) bridle shiner (*Notropis bifrenatus*);  
(7) blacknose dace (*Rhinichthys atratulus*);  
(8) longnose dace (*Rhinichthys cataractae*);  
(9) pearl dace (*Margariscus margarita*);  
(10) bluntnose minnow (*Pimephales notatus*);  
(11) fathead minnow (*Pimephales promelas*);  
(12) cutlips minnow (*Exoglossum maxillingua*);  
(13) chub sucker (*Erimyzon oblongus*);  
(14) banded killifish (*Fundulus diaphanus*);  
(15) mummichog (*Fundulus heteroclitus*);  
(16) striped killifish (*Fundulus majalis*);  
(17) tidewater silverside (*Menidia beryllina*);  
(18) Atlantic silverside (*Menidia menidia*);  
(19) sand lance or “sand eels” (*Ammodotes spp*);  
(20) bay anchovy (*Anchoa mitchilli*);  
(21) sheepshead minnow (*Cyprinodon variegatus*);  
(22) mullet species (*mugil spp.*);  
(23) frogs (except northern leopard frogs);  
(24) perch bugs;  
(25) helgramites;  
(26) mayfly nymphs;  
(27) other aquatic insects;  
(28) crayfish;  
(29) green crabs (*Carcinus maenas*);  
(30) fiddler crabs (*Uca spp.*);  
(31) hermit crabs (*Pagurus spp.*);  
(32) Asian (Japanese) shore crab (*Hemigrapsus sanguineus*); and  
(33) shrimp (families Crangonidae, Palaemonidae and Penaeidae).
**Culling or high-grading** means discarding or returning a previously retained fish to the water in order to retain a more desirable fish. Any fish placed on a stringer, in a container, cooler, live well or similar device, or otherwise not immediately released to the water shall count against the daily creel limit. Culling or high-grading is prohibited within the marine district. Note: This rule is not meant to prevent tagging and release of fish, other than striped bass, under a tagging program consistent with the Atlantic States Marine Fisheries Commission’s standards for scientific tagging programs. Fishing tournaments that meet certain criteria may be granted an exemption from the culling restriction by the Commissioner of Energy and Environmental Protection. See section 26-159a-26 of the Regulations of Connecticut State Agencies.

**Daily Creel Limit** is the maximum number of fish an individual engaged in sport fishing may possess or land while on the waters of this state or on any parcel of land, structure, or portion of a roadway abutting tidal waters of this state. This limit applies to each 24-hour daily period, from 12:01 a.m. to midnight, regardless how many trips a person may make in a day. Note this is an individual limit. Pooling landings among a group of fishermen in a party is not permitted. In other words, three anglers in a party fishing under a 3 fish limit do not get a total of 9 fish. Rather, each individual angler in the party is limited to 3 fish. This (creel limit) section shall not be construed to restrict the number of legally acquired fish that may be kept in storage in the home or other storage facilities, or in a commercial storage facility where seafood is handled, stored, processed or marketed.

**Land** for sport fishing purposes, to “land” means to fail to immediately return any finfish, lobster, or crab, without avoidable injury, to the waters from which such species were taken. Any landed fish counts toward the daily creel limit.

**MAXIMUM LENGTH** Means the largest total length of a species or species group that can be legally possessed Measured from the tip of the snout to the end of the tail. No person shall possess any fish greater than the lengths specified and any fish greater than the maximum length, shall, without avoidable injury, be immediately returned to the water from which taken.

**Minimum Length** is measured from the tip of the snout to the end of the tail. The tail may be pinched to achieve the longest length when measuring, but the minimum length does not include the tendril (dorsal tail filament) found on black sea bass. Fish measuring less than the identified minimum length must be released immediately, with avoidable injury.

**Mixed commercial and sport fishing trips.** No person engaged in sport fishing shall also, during the same trip for which the creel limit applies, possess any fish taken under commercial fishery trip limits. Note that commercial fishery possession limits apply to the aggregate of all persons on board, meaning if one person on a vessel is commercial fishing the entire vessel is limited to the commercial trip limit even if the other anglers on that vessel are sport fishing.

**Open Season** is the calendar period during which a species may be possessed or landed. Fish taken outside the open season must be released immediately, without avoidable injury.

**Possess** The term “possess” has the same practical meaning as “land” – failing to immediately return to the water from which such species were taken.
Demarcation Lines Between Inland and Marine District

An "All Waters" or "Marine Waters" fishing license is required downstream of the indicated lines or in areas designated as being entirely in the marine district. Unless indicated below, the demarcation line is the first bridge upstream from the mouth.

**Shoreline Fishing and Property Rights:**

CT’s intertidal shore belongs to the people. Under the common law public trust doctrine, the public may freely use land and waters waterward of the mean high water line to fish. The Public trust area includes beaches, rocky shores, and open waters along tidal and navigable waters. Fishing in the public trust area is not trespassing; the DEEP encourages anglers to enjoy their rights to use the public trust lands for fishing, however, anglers should also respect the rights of adjacent landowners by not crossing private property without permission and leave the shoreline area CLEAN AND LITTER FREE.
Fishing in Coastal State Parks

During regular hours, a vehicle parking fee is required for out-of-state vehicles to enter most state parks. There is no parking fee for CT registered vehicles. Parking fees are usually collected 8:00 am to 6:30 pm. Late day fees for Harkness, Hammonasset, Rocky Neck and Sherwood Island are $7.00 for non-residents. For more information visit the web page for our state parks at www.ct.gov/deep/stateparks

Night Fishing Rules

Anglers entering a park by vehicle must obtain a vehicle permit in order to park and fish. Between the hours of 6:30 am and 8:00 am no vehicle will be allowed into the day use area of the park. Individuals entering the park without a vehicle do not require a permit, but must possess fishing tackle (rod, reel, bait, light, etc.) and engage in fishing.

Bluff Point, Groton Fishing allowed 24 hours per day. No parking fee. Walk-in access.

Fort Trumbull, New London Fishing allowed 24 hours per day. No parking fee. Walk-in access. Accessible for persons with disabilities.

Ferry Landing, Old Lyme Fishing allowed 24 hours per day. No parking fee. Walk-in access. Accessible for persons with disabilities.

Hammonasset Beach, Madison Fishing is allowed only at the Meigs Point jetty and at West Beach jetty during the peak season from 8:00 am to sunset. Night fishing is permitted along the entire beach. During the off season, night fishing is NOT allowed along the entire beach. Parking fees apply and are subject to change.

Harkness Memorial, Waterford Fishing is allowed on the beach, no swimming is allowed. Parking fees apply and are subject to change.

Rocky Neck, East Lyme Fishing is allowed on the jetty year-round. The entire beach and jetty is open to fishing during the off season. When there are no night rangers on staff and on major holiday weekends, there are no vehicles permitted in the park for night fishing. Parking fees apply and are subject to change.

Sherwood Island, Westport Fishing is allowed at Sherwood Point, East and West Jetties during the open season (April 15-September 30). The entire beach is open to fishing during the off season from 8:00 am to sunset. Parking fees apply and are subject to change.

Silver Sands, Milford Fishing is allowed throughout the area including the sand spit (Tombola) which extends out to Charles Island. PLEASE NOTE: SWIFT TIDAL CURRENTS during a flooding tide can make footing and passage dangerous and persons unfamiliar with the area may become stranded on the island. Hiking the Tombola while it is covered in water is prohibited. No parking fees.
Enhanced Shoreline Fishing Opportunity Locations

The minimum size for Scup (Porgy) is reduced to 8” and the minimum size for Summer Flounder (Fluke) is reduced to 17”.

Daily creel limits and open seasons are the same. Please note that access for many locations is controlled by the municipality. Fees for parking may be required.
