

As our state is approaching unprecedented times, we at Connecticut Foodshare are working diligently to make sure our community partners have enough food on hand for the people coming to our mobile sites and partner pantries.

With this being said-we do want it to be known neither of our facilities in Bridgeport or Wallingford will be distributing food directly to community members. We are hoping with your help, to streamline this process and direct people to the correct resources if asked.

We ask that any person calling your offices be directed to call 211 or 800-203-1234, or visit [211ct.org](http://211ct.org) to find their local food pantry. This is the most efficient way to ensure individuals are being connected to community level, long term support.

They can also go to [ctfoodshare.org/find-food](http://ctfoodshare.org/find-food) to view a map and lists of mobile food pantries near them.

For the easiest access please direct them to text FOODSHARE to 85511. They will then be prompted to enter the first 3 letters of the town they want to go to, and dates/times and locations of their local mobile pantry will appear.

Thank you for your concern and help with this situation, we appreciate you all!

Any questions or concerns please do not hesitate to contact me.

Thank you,  
**Jessica Julius** | Executive Assistant
